Carlos Fuentes, Mexico, and Modernity Maarten Van Delden, 1998 In Carlos Fuentes Mexico and Modernity Maarten van Delden argues that there is a fundamental paradox at the heart of Fuentes s vision of Mexico and in his role as novelist and critic in putting forth that vision This paradox hinges on the tension between national identity and modernity A significant internal conflict emerges in Fuentes s work from his attempt to stake out two different positions for himself as experimental novelist and as politically engaged and responsible intellectual Drawing from the fiction literary essays and political journalism van Delden places these tensions in Fuentes s work in relation to the larger debates about modernity and postmodernity in Latin America He concludes that Fuentes is fundamentally a modernist writer in spite of the fact that he occasionally gravitates toward the postmodernist position in literature and politics Van Delden s thorough command of the subject matter his innovative and sometimes iconoclastic conclusions and his clear and engaging writing style make this study more than just an interpretation of Fuentes s work Carlos Fuentes Mexico and Modernity offers nothing less than a comprehensive analysis of Fuentes s work Carlos Fuentes Mexico and Modernity offers nothing less than a comprehensive analysis of Fuentes s intellectual development in the context of modern Mexican political and cultural life

The Voice of the Masters Roberto González Echevarría, 2010-07-05 By one of the most original and learned critical voices in Hispanic studies a timely and ambitious study of authority as theme and authority as authorial strategy in modern Latin American literature An ideology is implicit in modern Latin American literature argues Roberto González Echevarría through which both the literature itself and criticism of it define what Latin American literature is and how it ought to be read In the works themselves this ideology is constantly subjected to a radical critique and that critique renders the ideology productive and in a sense is what constitutes the work In literary criticism however too frequently the ideology merely serves as support for an authoritative discourse that seriously misrepresents Latin American literature In The Voice of the Masters González Echevarría attempts to uncover the workings of modern Latin American literature by creating a dialogue of texts a dynamic whole whose parts are seven illuminating essays on seminal texts in the tradition As he says To have written a sustained expository book would have led me to make the same kind of critical error that I attribute to most criticism of Latin American literature I would have naively assumed an authoritative voice while attempting a critique of precisely that critical gesture Instead major works by Barnet Cabrera Infante Carpentier Cortázar Fuentes Gallegos García M

rquez Roa Bastos and Rod are the object of a set of independent deconstructive and reconstructive readings Writing in the tradition of Derrida and de Man Gonz lez Echevarra brings to these readings both the penetrative brilliance of the French master and a profound understanding of historical and cultural context His insightful annotation of Cabrera Infante's *Meta* End the full text of which is presented at the close of the study clearly demonstrates these qualities and exemplifies his particular approach to the text

Orogenic Processes Wolfgang Franke (géologue).,2000 *The Irish Parliament in the Middle Ages* H. G. Richardson,G. O. Sayles,2016-11-11 Based largely on manuscript material this comprehensive account of the Irish Parliament in the Middle Ages shows that early Irish parliaments cannot be identified either in form or function with their modern namesake and consequently demonstrates that the concept of governmental democracy had a much slower more gradual development than historians have heretofore believed The history of the Irish Parliaments proper begins with that held at Castledermot in mid June 1264 During the reign of Edward II and the early years of Edward III significant changes took place changes the authors point out similar to those taking place in the development of the English Parliament though there were important differences The book continues with a description of the Irish Parliament in the middle years of Edward III's reign and concludes with an account of the parliament at Drogheda held in 1494 when the passing of Poyning's Law brought the period of medieval parliaments to a close The appendices include an almost complete list of the meetings convened between 1264 and 1494 as well as copies of documents that the authors say are the only means whereby a close glimpse may be had of the personnel and deliberations of the Privy Council

Myth and Subversion in the Contemporary Novel José

Manuel Losada Goya, Marta Guirao Ochoa, 2012-03-15 This bilingual work identifies and explains the subversive rewriting of ancient medieval and modern myths in contemporary novels. The book opens with two theoretical essays on the subject of subversive tendencies and myth reinvention in the contemporary novel. From there it moves on to the analysis of essential texts. Firstly classical myths in works by authors such as Andr  Gide, Thomas Pynchon, Julio Cort zar, Italo Calvino or Christa Wolf for instance. Theseus, Oedipus or Medea are discussed. Then myths of biblical origin such as the Flood or the Golem are revisited in the work of Giorgio Bassani, Julian Barnes and Cynthia Ozick. A further section is concerned with the place of modern myths: Faust, the ghost, Ophelia in the fiction of G nter Grass, Paul Auster or Clara Jan s. The contributors have also delved into the relationship between myth and art, especially in the discourse of contemporary advertising, painting and cinema, and myth s intercultural dimensions: hybridity in the Latin American novels of Augusto Roa Bastos and Carlos Fuentes and in the Hindu-themed novels of Bharati Mukherjee. This volume emerges from the careful selection of 37 essays out of over 200 which were put forward by outstanding scholars from 25 different countries for the Madrid International

Conference on Myth and Subversion, March 2011. Este volumen biling e identifica y explica la pr ctica subversiva aplicada a los mitos antiguos medievales y modernos en la novela contempor nea. Abren el libro dos estudios te ricos sobre la tendencia subversiva y la reinventi n de mitos en la actualidad. Prosigue el an lisis de diversos textos de primera importancia. En primer lugar se revisan los mitos cl sicos en autores como Andr  Gide, Thomas Pynchon, Julio Cort zar, Italo Calvino o Christa Wolf p ej Teseo, Edipo, Medea. En segundo lugar la reescritura de los mitos b blicos seg n Giorgio Bassani, Julian Barnes o Cynthia Ozick p ej el diluvio o el Golem. En tercer lugar mitos modernos en la ficci n de G nter Grass, Paul Auster o Clara Jan s p ej Fausto, el fantasma, Ofelia. El volumen presta igualmente atenci n a las relaciones entre mito y arte, su recurrencia en la publicidad, la pintura y el cine contempor neos y a la vertiente intercultural de los mitos: el mestizaje en la novela latinoamericana de Augusto Roa Bastos y Carlos Fuentes o en la de tem tica hind  de Bharati Mukherjee. La compilaci n resulta de una exquisita selecci n de 37 textos entre los m s de 200 propuestos para el Congreso Internacional Mito y Subversi n, Madrid, marzo de 2011, por investigadores de prestigio procedentes de 25 pa ses.

Writing At Risk Jason Weiss, 1991-10-01 Much has been

made of the image of writers in Paris: romanticized and idealized in fiction and on screen, these migr  artists in sidewalk caf s spark our imagination with unusual force. But rarely do the real-life figures speak to us directly to comment on their work, their lives, and their reasons for choosing to live and work in Paris. In these striking interviews, E. M. Cioran, Julio Cort zar, Brion Gysin, Eug ne Ionesco, Carlos Fuentes, Jean-Claude Carri re, Milan Kundera, Nathalie Sarraute, and Edmund Jab s do just this as they speak out on the risks they ve taken, on their struggles and discoveries, on tradition challenge, and their near-unanimous status as migr s. A consummate interviewer, Jason Weiss spoke in depth with these pathbreaking artists regarding their lives

their craft and their very special relationship to Paris Their writings were naturally the main focus of investigation but Weiss concern was always to build on previous interviews to deepen certain lines of inquiry and open new ones to contribute fresh material to the ongoing record The result is a series of invigorating detailed portraits that go beyond personality habits and pleasures to examine some of the causes and effects in the unique relationship of place and temperament Writing at Risk suggests that there is more than we suspect binding writers of such disparate cultures and genres perhaps their attitudes toward writing perhaps their common attraction to risk Readers will relish the immediacy of these interviews and will want to re discover the work of these exceptional artists

Writing the Apocalypse Lois Parkinson Zamora,1989-04-28 This is a comparative literary study of apocalyptic themes and narrative techniques in the contemporary North and Latin American novel Zamora explores the history of the myth of apocalypse from the Bible to medieval and later interpretations and relates this to the development of American apocalyptic attitudes She demonstrates that the symbolic tensions inherent in the apocalyptic myth have special meaning for postmodern writers Zamora focuses her examination on the relationship between the temporal ends and the narrative endings in the works of six major novelists Gabriel Garcia Marquez Thomas Pynchon Julio Cortazar John Barth Walker Percy and Carlos Fuentes Distinguished by its unique cross cultural perspective this book addresses the question of the apocalypse as a matter of intellectual and literary history Zamora s analysis will enlighten both scholars of North and Latin American literature and readers of contemporary fiction

Reclaiming the Author Lucille Kerr,1992 The recent fiction of Spanish America has been widely acclaimed for its experimental and revolutionary qualities In Reclaiming the Author Lucille Kerr studies the sources of power of this newly emergent literature in her detailed examination of the critical concept of the author Kerr considers how Spanish American narratives raise questions about authorial identity and activity through the different figures of the author they propose These author figures she maintains both complement and contradict notions of authority that exist outside of the world of fiction By focusing on works by well known Spanish American authors Cortazar Donoso Fuentes Poniatowska Puig and Vargas Llosa Kerr shows how the Spanish Americans have formed a radical poetics of the author Her readings demonstrate how exemplary Spanish American texts such as Rayuela Terra nostra and El hablador call into question the author as a unitary or uniform and therefore unproblematical figure Individually and together Kerr s readings reclaim the author as a complex critical concept encompassing diverse conflicting even competitive roles

America Unbound Antonio Barrenechea,2016-11-15 This original contribution to hemispheric American literary studies comprises readings of three

important novels from Mexico Canada and the United States Carlos Fuentes's *Terra Nostra* Quebecois writer Jacques Poulin's *Volkswagen Blues* and Native American writer Leslie Marmon Silko's *Almanac of the Dead* The encyclopedic novel has particular generic characteristics that serve these writers as a vehicle for the reincorporation of hemispheric histories Starting with an examination of *Moby Dick* as precursor Barrenechea shows how this narrative genre allows Fuentes Poulin and Silko to reflect the interconnected world of today as well as to dramatize indigenous and colonial values in their narratives His close attention to written documents visual representations and oral traditions in these encyclopedic novels sheds light on their comparative cultural relations and the New World from pole to pole This study amplifies the scope of America across cultures and languages time and tradition
