Walking Seasonal Roads Mary A. Hood, 2012-05-18 Seasonal roads are defined as one lane dirt roads not maintained during the winter They function as connectors linking farmers to their fields neighbors to neighbors or two more well traveled roads to each other Some access hunting lands and recreational areas Some pass by cemeteries allowing people to visit and honor their dead They can be abandoned as people move and towns fade In every incarnation the seasonal road touches the land in a gentler way than do other roads Having traveled nearly every seasonal road in Steuben County New York Hood finds they provide the ideal vantage to contemplate the meaning of place offering intimate contact with plant and wildlife and the beauty of a rural landscape Each road reveals how our land is used how our land is protected and how environmental factors have impacted the land As a literary naturalist Hood reflects on endangered species and invasive species as well as on issues of conservation and sustainability From state forests to potato fields from development along Keuka Lake to vineyards from old family cemeteries to logging sites *Walking Seasonal Roads* is a celebration and an honoring of the rural and the regionalism of place illustrating the ways we connect to our home and to each other

Alvarez,2020-11-12 If creativity is the highest expression of the life impulse why do creative individuals who have made lasting contributions to the arts and sciences so often end their lives M F Alvarez addresses this central paradox by exploring the inner lives and works of eleven creative visionaries who succumbed to suicide Through a series of case studies Alvarez shows that creativity and suicide are both attempts to authenticate and resolve personal catastrophes that have called into question the most basic conditions of human existence **Rational Suicide, Irrational Laws** Susan Stefan,2016-02-25 When should we try to prevent suicide Should it be facilitated for some people in some circumstances For the last forty years law and policy on suicide have followed two separate and distinct tracks laws aimed at preventing suicide and increasingly laws aimed at facilitating it In Rational Suicide Irrational Laws legal scholar Susan Stefan argues that these laws co exist because they are based on two radically disparate

Echterling, Jack H. Presbury, J. Edson McKee, 2005 Core text for crisis intervention courses in Counseling Social Work and Clinical Psychology Here is how some reviewers have described the text This text presents a compelling argument that victims of crisis and trauma can recover and grow into strong and healthy survivors The text s emphasis on resilience is an important next step in the evolution of this helping technique Its detailed explanation of the techniques that utilize the strength of survivors is valuable for neophytes and experienced helpers alike The exercises and discussion questions presented move it from a theory based text into a valuable tool for skill development This text is a very valuable addition to the literature on crisis intervention Thomas W Rueth University of Dayton The writing is excellent and well thought out The ideas are presented clearly the stories used in each chapter are excellent and the authors do an excellent job integrating their stories with the content of each chapter Chris McCarthy University of Texas at Austin Crisis Intervention stands out as a cutting edge text among books on crisis intervention and current Clearly the art and science of crisis intervention is conveyed through the use of research story literature exemplars activities and practical approaches Nicholas Mazza Florida State University
