**Slide Rule** Nevil Shute (Flugzeugkonstrukteur, Schriftsteller, England, Australien),1954 *An Engineer's Alphabet* Henry Petroski,2011-10-10 Written by America s most famous engineering storyteller and educator this abecedarium is one engineer s selection of thoughts quotations anecdotes facts trivia and arcana relating to the practice history culture and traditions of his profession The entries reflect decades of reading writing talking and thinking about engineers and engineering and range from brief essays to lists of great engineering achievements This work is organized alphabetically and more like a dictionary than an encyclopedia It is not intended to be read from first page to last but rather to be dipped into here and there as the mood strikes the reader In time it is hoped this book should become the source to which readers go first when they encounter a vague or obscure reference to the softer side of engineering

**Umberto Nobile And the Arctic Search for the Airship Italia** Garth Cameron,2017-09-09 By the time it was over eight of the crew and nine rescuers were dead and scores more had been put in harm s way The disappearance and search for the airship Italia was headline news all over the world for months after its last radio message on 25 May 1928 It had reported being to the north east of its base at Kings Bay on the Arctic island of Spitsbergen returning from a long flight to Greenland and the North Pole Ships aircraft and men from many countries converged on Kings Bay to participate in the rescue effort The Italian airship designer and pilot Umberto Nobile had flown to the North Pole and beyond in 1926 He resolved to return to the Arctic with a new airship in 1928 The expedition had geographical and scientific aims but the political environment was also an important motivator Benito Mussolini and his fascist party had come to power in 1922 and a successful expedition to the Arctic would be excellent propaganda

Engineers Matthew Wells,2010-03-04 Describes and illustrates engineering design and what conditions events cultural influences and personalities have brought it to its present state For professional and student architects and engineers

**Delphi Complete Works of Nevil Shute (Illustrated)** Nevil Shute,2020-06-11 Nevil Shute was an English novelist and aeronautical engineer who spent his later years living in Australia His novels are written in a simple highly readable style with clearly delineated plots An enduring theme of his novels is the dignity of work spanning all classes His famous novel *On the Beach* 1957 reflects his pessimism for humanity in the atomic age while *A Town like Alice* 1950 tackles themes of emigration and racism as the heroine seeks economic prosperity in a disadvantaged outback community Several of Shute s novels explore the boundary between accepted science

and rational belief on the one hand and mystical or paranormal possibilities on the other The author is noted for his unique talent of weaving his technical knowledge of engineering into the texture of his narratives For the first time in publishing history this eBook presents Shute s complete works with numerous illustrations rare texts informative introductions and the usual Delphi bonus material Version 1 Beautifully illustrated with images relating to Shute s life and works Concise introductions to the novels and other texts All 23 novels with individual contents tables Images of how the books were first published giving your eReader a taste of the original texts Excellent formatting of the texts The rare play script Vinland the Good Features Shute s autobiography discover his intriguing life Ordering of texts into chronological order and genres Please note The Seafarers was published many years after Shute s death and so cannot appear in this collection due to copyright restrictions CONTENTS The Novels Marazan 1926 So Disdained 1928 Lonely Road 1932 Ruined City 1938 What Happened to the Corbetts 1938 An Old Captivity 1940 Landfall 1940 Pied Piper 1942 Pastoral 1944 Most Secret 1945 The Chequer Board 1947 No Highway 1948 A Town like Alice 1950 Round the Bend 1951 The Far Country 1952 In the Wet 1953 Requiem for a Wren 1955 Beyond the Black Stump 1956 On the Beach 1957 The Rainbow and the Rose 1958 Trustee from the Toolroom 1960 Stephen Morris 1961 Pilotage 1961 The Film Script Vinland the Good 1946 The Autobiography Slide Rule Autobiography of an Engineer 1954 Please visit [www.delphiclassics.com](http://www.delphiclassics.com) to browse through our range of exciting titles or to purchase this eBook as a Parts Edition of individual eBooks [Britain's War Machine](#) David Edgerton,2011-09-09 The familiar image of the British in the Second World War is that of the plucky underdog taking on German might David Edgerton s bold compelling new history shows the conflict in a new light with Britain as a very wealthy country formidable in arms ruthless in pursuit of its interests and in command of a global production system Rather than belittled by a Nazi behemoth Britain arguably had the world s most advanced mechanized forces It had not only a great empire but allies large and small Edgerton shows that Britain fought on many fronts and its many home fronts kept it exceptionally well supplied with weapons food and oil allowing it to mobilize to an extraordinary extent It created and deployed a vast empire of machines from the humble tramp steamer to the battleship from the rifle to the tank made in colossal factories the world over Scientists and engineers invented new weapons encouraged by a government and prime minister enthusiastic about the latest technologies The British indeed Churchillian vision of war and modernity was challenged by repeated defeat at the hands of less well equipped enemies Yet the end result was a vindication of this vision Like the United States a powerful Britain won a cheap victory while others paid a great price Putting resources machines and experts at the heart of a global rather than merely imperial story Britain s War Machine demolishes timeworn myths about wartime Britain and gives us a groundbreaking and often unsettling picture of a great power in action [Contracts for Construction and Engineering Projects](#) Donald Charrett,2021-12-22 Contracts for Construction and Engineering Projects provides unique and invaluable guidance on the role of contracts in construction and engineering projects The work explores various aspects of the intersection of contracts

**Knotted Tongues** Benson Bobrick,2011-01-11 A former stutterer Benson Bobrick here offers his perspective on the condition as well as an interesting history of how physicians have treated it Stuttering or stammering the terms are interchangeable clinically occurs four times more frequently in males and ranges from mild hesitation in speech to severe disability Hot irons were applied to stutterers lips in the Middle Ages and in the mid 19th century risky tongue operations were performed in failed attempts to effect a cure Bobrick discusses famous stutterers Charles Darwin Henry James Winston Churchill and Jimmy Stewart and he describes the adverse impact of their condition on their lives In this century psychological trauma has often been cited as the cause of stuttering but recent evidence points to a genetic disorder involving a disturbed auditory function Therapeutic practices differ but the author credits a voice feedback system with bringing his condition under control

**How Capitalism Destroyed Itself** William Kingston,2017-03-31 Capitalism has been sustained by inherited moral values that are now all but exhausted A unique combination of a new belief in individualism and a long tradition of property rights had traditionally ensured that self interested action also produced public benefit However these rights including the laws

underwriting economic and financial innovation and parliamentary democracy were gradually captured and shaped by those who could benefit most from them This fascinating book shows that the outcome is a reduced ability to generate real wealth combined with exceptional inequality as well as a worldwide breach of the vital trust between voters and their representatives Capitalism's injuries are both self inflicted and fatal **Anthony Fokker** Marc Dierikx,2018-04-03

Comprehensive biography of Anthony Fokker the famed Dutch pilot and daredevil aviator Anthony Fokker The Flying Dutchman Who Shaped American Aviation tells the larger than life true story of maverick pilot and aircraft manufacturer Anthony Fokker Fokker came from an affluent Dutch family and developed a gift for tinkering with mechanics Despite not receiving a traditional education he stumbled his way into aviation as a young stunt pilot in Germany in 1910 He survived a series of spectacular airplane crashes and rose to fame within a few years A combination of industrial espionage luck and deception then propelled him to become Germany's leading aircraft manufacturer during World War I making him a multimillionaire by his midtwenties When the German Revolution swept the country in 1918 and 1919 Fokker made a spectacular escape to the United States He set up business in New York and New Jersey in 1921 and shortly thereafter became the world's largest aircraft manufacturer The U S Army and Navy acquired his machines and his factories equipped legendary carriers such as Pan American and TWA at the dawn of commercial air transport Yet despite his astounding success his empire collapsed in the late 1920s after a series of ill conceived business decisions and deeply upsetting personal dramas In 1927 aviator Richard Byrd solicited a Fokker three engine plane to be the first to fly non stop across the Atlantic The plane was damaged on a test flight and Charles Lindbergh beat him to it Lindbergh's solo adventure in the Spirit of St Louis earned him and cost Fokker a lasting place in the history books Using previously undiscovered records and primary sources Marc Dierikx traces Fokker's extraordinary life and celebrates his spectacular achievements **Prosthetic Agency** Gill Plain,2023-07-13 Prosthetic Agency Literature Culture and Masculinity after World War II examines the social and psychic upheaval of demobilisation It maps the rapid transition from wartime regimentation to individual responsibility from intense homosociality to heteronormative expectations from normativity to disability and from uniformed masculinity to domestic citizenship This book considers some of the many ways in which popular culture of the time sought to mediate these difficult transitions exploring films popular fiction memoir and biography In particular the book explores how technology was imagined as a new space of masculine becoming and how disability was written represented and assimilated Through a focus on popular narrative this book explores the modes of masculinity promoted as ideally suited to national reconstruction and tries to make sense of a culture of rehabilitation that could not name or know itself as such **General Studies** Ian J. Finch,2014-05-23 General Studies A First Handbook for Technical Students deals with liberal general social and English studies This handbook narrates the author's reminiscences of childhood in a large Welsh industrial town at the beginning of the Great War about his grandpa his first day in school and the time when he takes his eleven plus test At Technical College

he studies mathematics Workshop Technology and attends further studies to become a qualified technician He explains how not to get lost in a library and recommends some books that are well worth reading He finds a job when he reaches 15 years of age as an apprentice at the Pirelli plant at Burton In his job he becomes aware of the possibilities of accidents and discusses the major responsibilities an employer has toward his employees He also explains what effective communication is and how to use technical description and explanations He writes about the impact of the goggle box or television the miracle of newspaper publishing as well as the problems of the younger generation General readers who like autobiography with a mixture of humor and personal philosophies will find this book entertaining
