## **St Nazaire Commando:**

**St Nazaire 1942** Ken Ford,2011-03-15 A richly illustrated examination of the British raid on the port of St Nazaire one of the most daring actions of World War II The port lies at the mouth of the River Loire and in 1942 as well as a U Boat base contained the massive Normandie dock the only facility on the Atlantic coast large enough to accommodate the German pocket battleship Tirpitz This book tells the story of the raid that denied the use of the dock to the Tirpitz the sister ship of the Bismarck and constituted a crucial victory for the British Combined Operations in the Battle of the Atlantic **St.**

**Nazaire Commando** Stuart Chant-Sempill,1987 **Operation Chariot** Jon Cooksey,2005-09-19 By March 1942 mainland France had been under German occupation for almost two years Every month that passed saw Germany bolster her defenses against an expected allied invasion Every month that passed saw Germany tighten her grip on Britain s transatlantic lifeline menacing allied shipping from the French west coast ports At St Nazaire on the Loire estuary the vast Normandie dry dock was the only one capable of holding the mighty battleship Tirpitz still at large and free to hunt allied ships Something had to be done Operation Chariot was conceived an audacious plan to mount a large scale commando raid on the Normandie dock using a loaned US destroyer packed with high explosive as a battering ram For the Germans at St Nazaire the invasion came earlier than expected In the dead of night British commandos were landed and swarmed over the quaysides to destroy key installations Grit determination and training carried them forward to accomplish their mission at a heavy price in dead wounded and captured The award of more than eighty decorations for the raid including five VCs bore witness to the ferocity of the struggle to strike at the Germans in France Operation Chariot Jean-Charles Stasi,2019-11-19 An illustrated history of the World War II British amphibious attack on a dry dock in the German occupied French town At the beginning of 1942 the prospect of Germany s Tirpitz the heaviest battleship ever built by a European navy patrolling the Atlantic posed a huge threat to the convoys that were the lifeline for Britain Bombing raids to destroy the ship failed A more radical plan was conceived to destroy the dry dock facility at St Nazaire on the French Atlantic coast Without the use of the only suitable base for the ship the threat would be neutralized The plan was to ram the entrance gates with a ship packed with explosives on a delayed fuse A motorboat armed with torpedoes would fire at the inner gate causing further damage to submarine pens The troops and crew would then destroy as many dockyard targets as they could and withdraw in fast motor launches that had followed them in All this was to be achieved under cover of an air raid HMS Campbeltown a U S lend lease destroyer was chosen for the task On the night of March 27 the raid commenced The Campbeltown succeeded in lodging its bows in the outer gates The fuses detonated the explosives in its hold the following day The dock gates were destroyed The cost to the Allies was high but the Tirpitz was never able to leave Norwegian waters This volume in the Casemate Illustrated series gives a clear overview of the planning and execution of the raid and its aftermath accompanied by 125 photographs and images including color profiles and maps **The Greatest Raid** Giles Whittell,2023-02-28 I loved this book as I love any good

combined operations from two man raids to the planning for Normandy I have no hesitation in saying that the finest and most profitable of the lot was your raid on St Nazaire Lord Mountbatten to Lieutenant Charles Newman told with clarity precision and its share of the famous British understatement Kirkus Reviews Into the Jaws of Death Robert Lyman,2013-07-04 On the night of 28 March 1942 the Royal Navy and British commandos assaulted the German held French Atlantic port of Saint Nazaire in one of the most audacious raids of the Second World War Their plan was simple to drive an old destroyer packed with three tons of explosive at full speed into the outer gate of the Normandie dock Destroying this would deny the formidable Tirpitz battleship currently lurking menacingly in the Norwegian fjords a base from which it could inflict devastation upon the convoys supplying Britain from the United States Operation Chariot was dramatically successful but at a great cost Fewer than half the men who went on the mission returned In recognition of their extraordinary bravery eighty nine decorations were awarded including five Victoria Crosses Into the Jaws of Death is a gripping story of high daring that demonstrates how the decisive courage of a small group of men changed the course of the war **St Nazaire Raid, 1942** Stephen Wynn,2022-04-21 The raid on St Nazaire has gone down in history as one of the most daring commando raids of all time Given the code name of Operation Chariot it took place in the early hours of Saturday 28 March 1942 and was a joint undertaking by the Royal Navy and British Commando units The port at St Nazaire which sits on the Loire estuary and the Atlantic Ocean has a dry dock that was capable of accommodating some of Germany s biggest naval vessels such as the Bismarck or the Tirpitz By putting the port out of action any repairs or maintenance work that needed to be carried out would instead have to be undertaken back home at the German port of Bremerhaven To do this the German vessels would either have to navigate the waters of the English Channel or the North Sea with both journeys potentially bringing them to the attention of the Home Fleet of the Royal Navy A raiding force of 612 officers and men were assembled and dispatched from Falmouth to carry out the raid sailing on board the obsolete British destroyer HMS Campbeltown along with 18 Motor Launches The idea was to ram the destroyer in to the outer gates of the dry dock at St Nazaire and put it out of action for as long as possible The raid was a success but came at a price of those who set out 169 were killed whilst a further 215 were captured Only 3 Motor Launches and 228 men escaped and made the return journey back to the UK Many brave men gave it their all during the action at St Nazaire to such an extent that 89 of those who took part in the raid were awarded decorations for bravery including 5 who were awarded the Victoria Cross **Commandos** Frank Walker,2015-07-28 Amazing revelations and extraordinary exploits of Australia s elite secret warriors There was something unique about Australians and New Zealanders in war that prompted World War II Allied commanders to turn to ANZAC soldiers sailors and airmen to carry out the most dangerous and virtually impossible missions behind enemy lines Paddling canoes 4 000 kilometres to attack enemy ships in Singapore lightning raids on Rommel s forces in the deserts of North Africa Flying bombers at tree top level deep into Nazi Germany to destroy vital targets rescuing sultans and future US presidents from

under the noses of the Japanese and playing crucial roles in the greatest commando raid of the war at St Nazaire the Aussies and Kiwis were there The special forces showed incredible bravery in the face of overwhelming odds They were determined to complete their missions Often alone and far behind enemy lines they demonstrated resourcefulness spirit and a humanity that inspired others to follow them Frank Walker author of bestselling books on the Vietnam War and the British atomic tests in Australia brings to life the amazing exploits and extraordinary stories of this select band of heroes **Commando**

**Tactics** Stephen Bull,2011-06-13 British commandos are among the most celebrated soldiers of the Second World War Their daring ingenuity and bravery have given rise to an almost legendary reputation that makes it difficult to appreciate fully their role and their true value as fighting men Stephen Bull in this in depth study of commando tactics and history seeks to dispel the myths and the misunderstandings that surround them and he places these elite troops of 70 years ago in the context of their times He also demonstrates that the idea of the commando took time to develop and that commando operations were far from always successful Commando tactics amphibious mountain close quarter were forged through the often painful experience of raids and combined operations And commando tactics and organization remained in a state of flux throughout the war as new situations and challenges arose Stephen Bulls vivid account will be essential reading for anyone who is interested in commando fighting techniques and the early history of special forces **The Greatest Raid: St. Nazaire,**

**1942** Giles Whittell,2022-03 The definitive account of one of the most desperately heroic missions launched during World War Two In March 1942 at perhaps the darkest moment of World War Two for the Allies Britain launched a nearly suicidal raid on the Nazi occupied French port of St Nazaire which the German Navy was using as a dry dock for ship repairs the Tirpitz the sister ship of the Bismarck was scheduled for repairs there Destroying it would hinder the U boat campaign and force German ships to return hundreds of miles to home ports The plan was for British commandos to attack the port and simultaneously to use an explosives laden American built ship dating from World War One the Campbelltown as a gigantic torpedo launching it into the docks The first element of Operation Chariot went disastrously The second proved spectacularly successful The detonation of the Campbelltown put the St Nazaire dry dock out of commission for the war s duration To be published on the 80th anniversary Giles Whittell s book will offer the definitive account of the raid which was undertaken by Royal Navy and British commandos most of whom were killed or captured The Greatest Raid provides a gripping and authoritative narrative of one of the most daring military operations ever undertaken *Special Forces Heroes* Michael

Ashcroft,2012-10-25 This ebook edition contains the full text version as per the book Doesn t include original photographic and illustrated material This book tells the stories of forty heroes all awarded bravery medals for their conduct during Special Forces missions over the last 150 years Often covert hit and run operations involving very small numbers of highly skilled men those who partake in these missions know that their goals involve a high level of risk They are men who would die for their country no questions asked With many incredible stories particularly from the Second World War including the
