St Oscar And Other Plays:

St Oscar and Other Plays Terry Eagleton, 1997-04-29 This is the first collection of Terry Eagleton's work for the theatre. St Oscar, The White the Gold and the Gangrene Disappearances and Gods Locusts. The first two originally toured Ireland respectively in productions by Field Day of Derry and Dubbeljoint of Belfast. God's Locusts was broadcast on BBC Radio 3.

Irish Drama and Wars in the Twentieth Century Wei H. Kao, 2022-09-08 This book delves into how playwrights, whether canonical or less frequently discussed in the academic sphere, have critically and creatively engaged with the Anglo-Irish War, the Irish Civil War, the Easter Rising, the Northern Ireland Troubles and other conflicts. It not only approaches their plays, some of which have not been subject to much study in relevant historical contexts, but also explores how Irish dramatists have observed humanity and resilience in war and given their insights into republican, unionist and denominational divides. It also reveals the dynamic mechanism connecting playwrights, performing venues, critics and audience members. As a whole, this book will be of interest to Irish studies scholars, theatre practitioners and historians and people who would like to have a systematic understanding of twentieth-century Irish drama focusing on nation formation, war, revolution and humanity. *Provocation and Negotiation*. Gesche Ipsen, Timothy Mathews, Dragana Obradovic, 2013 This collection of essays takes on two of the most pressing questions that face the discipline of Comparative Literature today: Why compare and Where do we go from here? At a difficult economic time when universities all over the world once again have to justify the social as well as academic value of their work, it is crucial that we consider the function of comparison itself in reaching across disciplinary and cultural boundaries. The essays written for this book are by researchers from all over the world and range in topic from the problem of translating biblical Hebrew to modern atheism, from Freud to Marlene van Niekerk, from the formation of one person's identity to experiences of globalisation and the relation of history to fiction. Together they display the ground-breaking ideas which lie at the heart of an act as deceptively simple as comparing one piece of writing to another. *The Secret Gospel of Mark Unveiled* Peter Jeffery, 2007-01-01 In 1958 Bible scholar Morton Smith announced the discovery of a sensational manuscript: a second-century letter written by St Clement of Alexandria who quotes an unknown, longer version of the Gospel of Mark. When Smith published the letter in 1973, he set off a firestorm of controversy that has raged ever since. Is the text authentic or a hoax? Is Smith's interpretation correct? Did Jesus really practice magic or homosexuality? And if the letter is a forgery, why? Through close examination of the discovered manuscript's text, Peter Jeffery unravels the answers to the mystery and tells the tragic tale of an estranged Episcopalian priest who forged an ancient gospel and fooled many of the best biblical scholars of his time. Jeffery shows convincingly that Smith's Secret Gospel is steeped in anachronisms and that its construction was influenced by Oscar Wilde's Salome, twentieth-century misunderstandings of early Christian liturgy and Smith's personal struggles with Christian sexual morality. Bristow,2009-01-12 Oscar Wilde and Modern Culture The Making of a Legend explores the meteoric rise sudden fall and legendary resurgence of an immensely influential writer s reputation from his hectic 1881 American lecture tour to recent Hollywood adaptations of his dramas Always renowned if not notorious for his fashionable persona Wilde courted celebrity at an early age Later he came to prominence as one of the most talented essayists and fiction writers of his time In the years leading up to his two year imprisonment Wilde stood among the foremost dramatists in London But after he was sent down for committing acts of gross indecency it seemed likely that social embarrassment would inflict irreparable damage to his legacy As this volume shows Wilde died in comparative obscurity Little could he have realized that in five years his name would come back into popular circulation thanks to the success of Richard Strauss s opera Salome and Robert Ross s edition of De Profundi With each succeeding decade the twentieth century continued to honor Wilde s name by keeping his plays in repertory producing dramas about his life adapting his works for film and devising countless biographical and critical studies of his writings This volume reveals why more than a hundred years after his demise Wilde s value in the academic world the auction house and the entertainment industry stands higher than that of any modern writer **Art, Politics and Society in Britain (1880-1914)**

Trevor Harris,2009-10-02 The oldest word in politics is new The oldest word in the writing of history may well be modern it is without doubt one of the most overworked adjectives in the English language But the indeterminacy is perhaps just another way of saying that the difficulties raised are of a kind which simply will not go away This collection of eight essays on aspects of modernity and modernism takes up the challenge of examining the complex but fascinating convergence of aesthetics politics and a quasi spiritual dimension which is perhaps typical of British modernist thinking about modernity This may have produced figures whom we now dismiss as eccentrics or aesthetes it none the less produced figures whom many still think of as in some sense embodying the national identity what after all could be more English than a William Morris wallpaper design Rather than towards socialism in any of its scientific guises what the British modernist approach to modernity may have been pushing at was yet another mutation of liberalism a libertarian humanitarian hybrid in which indigenous radical and Evangelical legacies keep scientific socialism in check where fellowship and domesticity edge out a larger scale more abstract fraternity and where citizenry or civisme give way to what George Orwell was later to define simply as decency **Anarchism**

Seán Sheehan,2004-04-04 Anarchism is as much an attitude as it is a set of formulated doctrines and in this book Sean Sheehan provides an engaging introduction to what anarchism means describing its history through anecdote and dramatic events and offering explanations of the issues behind this movement The Task of the Critic Terry Eagleton,2020-05-05 Terry Eagleton occupies a unique position in the English speaking world today He is not only a productive literary theorist but also a novelist and playwright He remains a committed socialist deeply hostile to the zeitgeist Over the last forty years his public interventions have enlivened an otherwise bland and conformist culture His pen as many colleagues in the academy including Harold Bloom Gayatri Spivak and Homi Bhabha have learned is merciless

and unsparing As a critic Eagleton has not shied away from confronting the high priests of native conformity as highlighted by his coruscating polemic against Martin Amis on the issue of civil liberties and religion This comprehensive volume of interviews covers both his life and the development of his thought and politics Lively and insightful they will appeal not only to those with an interest in Eagleton himself but to all those interested in the evolution of radical politics modernism cultural theory the history of ideas sociology semantic inquiry and the state of Marxist theory
