New York State Education Department Bulletin ,1922 Legislative Document New York (State). Legislature,1920 The Kingdom Began in Puerto Rico Angel Garcia,2020-12-15 How the South Bronx and Puerto Rican migration defined Fr Neil Connolly s priesthood as he learned to both serve and be part of his community South Bronx 1958 Change was coming Guidance was sorely needed to bridge the old and the new for enunciating and implementing a vision It was a unique place and time in history where Father Neil Connolly found his true calling and spiritual awakening The Kingdom Began in Puerto Rico captures the spirit of the era and the spirit of this great man Set in historical context of a changing world and a changing Catholic Church The Kingdom Began in Puerto Rico follows Fr Neil Connolly s path through the South Bronx which began with a special Church program to address the postwar great Puerto Rican migration After an immersion summer in Puerto Rico Fr Neil served the largest concentration of Puerto Ricans in the Bronx from the 1960s to the 1980s as they struggled for a decent life Through the teachings of Vatican II Connolly assumed responsibility for creating a new Church and world In the war against drugs poverty and crime Connolly created a dynamic organization and chapel run by the people and supported Unitas a nationally unique peer driven mental health program for youth Frustrated by the lack of institutional responses to his community s challenges Connolly challenged government abandonment and spoke out against ill conceived public plans Ultimately he realized that his priestly mission was in developing new leaders among people in the Church and the world and supporting two nationally unique lay leadership programs the Pastoral Center and People for Change Discovering the real mission of priesthood urban ministry and the Catholic Church in the United States author Angel Garcia ably blends the dynamic forces of Church and world that transformed Fr Connolly as he grew into his vocation The book presents a rich history of the South Bronx and calls for all urban policies to begin with the people not for the people It also affirms the continuing relevance of Vatican II and Medellin for today s Church and world in the United States and Latin America **JAMA** ,1922 **The Lives They Saved** L. Douglas Keeney,2021-08-15 The Lives They Saved is the story in artifacts and oral histories of the 300 000 New Yorkers who were evacuated from Manhattan on 9 11 by boat It is a story that has not yet been written about or told It includes hundreds of oral histories and many photographs of this high drama set against the terrifying backdrop of the day when the Earth stood still every airport in the U S was closed down and Manhattan was seized by gridlock For perspective

Pfeifer, 2021-01-12 Traces the development of Catholic cultures in the South the Midwest the West and the Northeast and their contribution to larger patterns of Catholicism in the United States Most histories of American Catholicism take a national focus leading to a homogenization of American Catholicism that misses much of the local complexity that has marked how Catholicism developed differently in different parts of the country Such histories often treat northeastern Catholicism such as the Irish Catholicism of Boston as if it reflects the full history and experience of Catholicism across the United States The Making of American Catholicism argues that regional and transnational relationships have been central to the development of American Catholicism The American Catholic experience has diverged significantly among regions if we do not examine how it has taken shape in local cultures we miss a lot Exploring the history of Catholic cultures in New Orleans Iowa Wisconsin Los Angeles and New York City the volume assesses the role of region in American Catholic history carefully exploring the development of American Catholic cultures across the continental United States Drawing on extensive archival research The Making of American Catholicism argues that American Catholicism developed as transnational Catholics creatively adapted their devotional and ideological practices in particular American regional contexts They emphasized notions of republicanism individualistic capitalism race ethnicity and gender resulting in a unique form of Catholicism that dominates the United States today The book offers close attention to race and racism in American Catholicism including the historical experiences of African American and Latinx Catholics as well as Catholics of European descent New York Magazine, 1996-05-20 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea Mastering Leadership Alan T.
