

Stability And Complexity Perspectives For Family Policy

Ying Liu

Stability And Complexity Perspectives For Family Policy:

Stability & Complexity Hans-Joachim Schulze, 2000-01-01 A book based on the conviction that the development of children within families has to be systematically related to those collectively binding decisions that we understand as policy

Family Life and Family Policies in Europe Franz-Xaver Kaufmann, 2002 This volume is a comparative study of family change in Europe and its dependency on social policy regimes The authors explore family discourse family law single parents gender relations the new fathers divorce and abortion within the framework of national policies vis a vis the family Conventional wisdom assumes that policy decisions affecting the life situation of a population shape different opportunities for private living particularly in relation to children and the family But the authors argue it would be too simplistic to assume a direct causal link between welfare policies for the family and developments in the family sector Family change is in fact mediated by institutional factors as well as by cultural traditions and political intervention The chapters in this volume deal with the substantial and methodological problems of ascertaining the impact of different national policy regimes on family change

The New Generations of Europeans Wolfgang Lutz, Rudolf Richter, Chris Wilson, 2010-09-23 Europe today is characterized by aging populations changing family patterns dropping fertility rates and mass migration With the potentially massive ramifications this has for pensions health housing transport family relations employment and other sectors of society The New Generations of Europeans sets out to assess what it is to be a citizen of a growing EU and what important demographic social and economic issues will have to be faced by European decision makers Edited by leading demographers and sociologists and made up of contributions from respected researchers in the fields of population and society from different parts of Europe it presents the results of five years of research by the European Observatory on the Social Situation Demography and the Family With the aid of over 100 graphs and tables and a full discussion this book asks how numerous fertile and long lived the new generations of European citizens will be The state of families immigration and health are all examined especially in the context of the challenges that will be faced in maintaining social cohesion Crucially the question of how demographic changes will impact Europe's socioeconomic infrastructure is woven throughout

Families and Family Policies in Europe Astrid Pfenning, Thomas Bahle, 2000 Comparative family policy studies have flourished in recent years The growing recognition of family policy is related to far reaching changes in family structures since the mid 1960s and to the growth of European welfare states to fiscal and institutional limits With recent welfare state reforms the family gender roles and the social division of labour have become prominent issues This book contributes to comparative family policy studies by a distinct profile Contributions typically include a small number of countries The geographic focus is on Southern European and Scandinavian countries including comparisons to Austria Belgium Britain Germany Ireland and The Netherlands The book combines quantitative and qualitative approaches institutional and historical perspectives

Marriage in Motion Ann Van den Troost, 2005 The author examined the underlying processes and correlates of spousal

satisfaction with marriage The study is directed towards the generation that instigated diverse quantitative and qualitative changes in the private sphere Using longitudinal data of a representative sample of married husbands and wives the book tackles several issues that are relevant to contemporary marital life *The Oxford Handbook of Family Policy Over the Life Course* Mary Daly, Birgit Pfau-Effinger, Neil Gilbert, Douglas J. Besharov, 2023 Drawing on a multidisciplinary group of experts from many countries this Handbook is intended to be a reference work that provides students and scholars in policy related disciplines a wide ranging perspective on the diverse ways that family policies respond to modern issues and trends over the life course The Handbook is divided into two main parts The first part offers a panoramic introduction to the setting and issues which contemporary family policies have been designed to address The second part and main body of the volume is organized around four benchmark periods that encompass the main stages of the family life cycle and social policies that are called into play during these stages **Lebenschancen vor Ort** Banu Citlak, Angelika Engelbert, David H. Gehne, Ralf Himmelmann, Annett Schultz, Holger Wunderlich, 2014-01-22 Familienpolitik gewinnt heute nach einem jahrzehntelangen Schattendasein wieder zunehmend an Aufmerksamkeit sowohl in den gesellschaftspolitischen Diskursen der ffentlichkeit als auch auf der politischen Agenda In der wissenschaftlichen Auseinandersetzung l sst sich eine starke Fokussierung auf die Bundespolitik feststellen Dabei sind es gerade die Kommunen die nah an den Problemen der Familien sind und in denen unmittelbarer Handlungsdruck entsteht Vor Ort wird die Lebenssituation der Familien gepr gt und hier entscheiden sich Lebenswege und Lebenschancen ihrer Mitglieder Die Beitr ge des Bandes nehmen diese Ebene in den Blick und machen deutlich dass eine wirkungsorientierte Familienpolitik ohne die Ber cksichtigung der kommunalen Ebene zu kurz greift

Unequal Family Lives Naomi R. Cahn, June Carbone, Laurie Fields DeRose, W. Bradford Wilcox, 2018-08-02 Across the Americas and Europe the family has changed and marriage is in retreat To answer the question of what s driving these changes and how they impact social and economic inequality progressives have typically focused on the economic causes of changing family structures whereas conservatives tend to stress cultural and policy roots In this illuminating book an international group of scholars revisit these issues offering competing and contrasting perspectives from left center and right while also adding a third layer of analysis namely the role of gender changes in women s roles male employment patterns and gendered family responsibilities in driving family change across three continents Unequal Family Lives Causes and Consequences in Europe and the Americas adds richness and depth to our understanding of the relationship between family and economics in the United States Europe and Latin America This title is also available as Open Access *The Family in Global Perspective* Elaine J. Leeder, 2004 The Family in Global Perspective is an exciting new cross cultural text that should be adopted for classroom use in universities nationwide Elaine Leeder has created a readable interesting textbook for undergraduates that reveals the historical socio cultural and gender realities of family life Real life examples from 42 countries support student understandings of sociological theory and build a comprehensive awareness of family as a way of

being for people throughout the world Peter Phillips Sonoma State University I think it would be a great book for a class in Family Studies In the Family Studies field we have come to realize that the family as we see it is not how peoples of the world necessarily see it I think exposing all Family Studies students to this text would greatly enhance their educational development written in very comprehensible language for undergraduates Yvonne M Caldera Ph D Texas Tech University I find the book overall is well done it is very readable for undergraduates the author is good at interweaving interesting research and travel notes with theories and discussions about families in a global perspective in various places The style is refreshing particularly enticing for undergraduate readers Heying Jenny Zahn Georgia State University The book is rather unique in the sense that there are few works that place the U S family within a larger global framework The comparisons that are made across societies serve to enhance understanding of family patterns in the United States I also should mention that the book is well written and in an interesting way too It successfully combines important academic material with a thought provoking style of presentation Sharon K Houseknecht Ohio State University What is a family In the context of biology the answer may be fairly simple However in the social context the family is a far more complex form with a meaning that is multilayered The Family in Global Perspective A Gendered Journey examines the continually changing face of family life in the United States and from culture to culture Written in an engaging style the book provides a global viewpoint about family issues enabling readers to think critically about family life in cultures beyond their own In The Family in Global Perspective author Elaine Leeder uses various historical theoretical and comparative perspectives to develop a cross cultural understanding of family life The book examines a variety of family lives in western countries and contrasts them with those of families in parts of Africa Asia and Latin America After comparing the history of the family in various parts of the globe the author then looks at the impact of globalization on family structures gendered behavior intergenerational relationships relationship dissolution race ethnicity and class issues violence and social policy Features of this text Expresses a feminist view of family life and includes case examples from the author s own experiences visiting and studying families in 42 countries Organized topically rather than by country or culture to facilitate instruction on a particular component of family life Pedagogical features such as an accessible format chapter introductions vignettes and photos highlighted key terms and chapter summaries enhance students understanding The Family in Global Perspective is an ideal supplementary textbook for courses on marriage and the family in a variety of disciplines including Family Studies Sociology Social Work Psychology and Women s Studies **Sociology**, 2001 *The SAGE Encyclopedia of Lifespan Human Development* Dr Marc Bornstein, Marc H. Bornstein, 2018-01-15 In approximately 800 signed articles by experts from a wide diversity of fields this encyclopedia explores all individual and situational factors related to human development across the lifespan **New Perspectives**, 1984 *The SAGE Handbook of Social Work* Mel Gray, James Midgley, Stephen A Webb, 2012-06-22 This Handbook is the world s first generic major reference work to provide an authoritative guide to the theory method and values of social work in one

volume Drawn from an international field of excellence the contributors each offer a critical analysis of their individual area of expertise The result is this invaluable resource collection that not only reflects upon the condition of social work today but also looks to future developments Split into seven parts the Handbook investigates Policy dimensions Practice Perspectives Values and ethics The context of social work Research Future challenges It is essential reading for all students practitioners researchers and academics engaged in social work

Family Diversity and Family Policy: Strengthening Families for America's Children Richard M. Lerner, Elizabeth E. Sparks, Laurie D. McCubbin, 2013-03-09 Family Diversity and Family Policy describes the dimensions of diversity which characterize the contemporary American family and discusses the implications for public policy and associated intervention programs linked to this diversity The authors contend that if the programs and policies available to support families are to be most useful they need to reflect the diversity of the families they intend to help Beginning with a discussion of the historical and contemporary context of the American family Family Diversity and Family Policy focuses on child poverty and argues that this topic may be usefully studied within the context of developmental systems theory This theory systematically links the development of individuals to variations in their physical and social ecology and is used as a framework for discussing Contemporary challenges faced by parents charged with rearing adolescents and the familial and societal issues that arise when the adolescents being reared are parents themselves Current policy issues that arise from welfare debates in the United States and from recently enacted welfare reform legislation The importance for our nation of developing a comprehensive national youth policy The authors draw implications for the design delivery and evaluation of diversity sensitive policies and programs for families and youth and offer a vision of how to link scholars policy makers and community members in multi professional and multi institutional collaborations promoting the positive development of American families and youth Family Diversity and Family Policy is relevant to scholars and policy makers interested in human development particularly of children and adolescents In addition it should be essential reading for practitioners and policy makers in government private industry and public and private social service organizations

Family Ties and Aging Ingrid Arnet Connidis, Amanda E. Barnett, 2018-10-05 Providing an integrated and thorough representation from current research and contemporary society Family Ties and Aging shows how pressing issues of our time an aging population changing family structures and new patterns of work family balance are negotiated in the family lives of middle aged and older adults Focusing on key questions such as How do current trends and social arrangements affect family relationships and What are the implications of what we know for future research theory practice and policy authors Ingrid Arnet Connidis and Amanda E Barnett explore groups and relationships that are typically overlooked including the unique family situations of older single and childless persons sibling ties older lesbian and gay adults and new forms of intimate relationships The Third Edition is thoroughly updated to include the latest research and theoretical developments recent media coverage of related issues and new information on intimate relationships in later life

and elder neglect abuse **Pedagogiek in beeld** M. H. Van Ijzendoorn, Hans de Frankrijker, 2005-04-06 Pedagogiek in beeld biedt een kijkje in de wetenschappelijke keuken van de pedagogiek en is daarmee een inleiding in de studie van opvoeding onderwijs en hulpverlening Het boek geeft een helder beeld van enkele belangrijke uitkomsten van pedagogisch onderzoek in Nederland en laat zien hoe die resultaten tot stand zijn gekomen Daarbij komen de belangrijkste werkvelden aan bod algemene pedagogiek gezinspedagogiek orthopedagogiek leerproblemen en onderwijspedagogiek Concrete voorbeelden van onderzoek maken duidelijk wat de pedagogiek heeft gepresteerd en wat in de toekomst van deze discipline mag worden verwacht Om de studeerbaarheid van deze inleiding te bevorderen is elk hoofdstuk voorzien van illustraties en beschrijven de auteurs in tekstblokken een instrument of studie meer in detail Bovendien zijn aan alle hoofdstukken enkele studievragen en opdrachten toegevoegd Aan het eind van elk hoofdstuk worden artikelen of boeken aanbevolen voor verdere verdieping in het onderwerp Elk hoofdstuk wordt afgesloten met vermelding van relevante websites *The Palgrave Handbook of Family Sociology in Europe* Anna-Maija Castrén, Vida Česnuitytė, Isabella Crespi, Jacques-Antoine Gauthier, Rita Gouveia, Claude Martin, Almudena Moreno Mínguez, Katarzyna Suwada, 2021-06-24 This handbook provides a meaningful overview of topical themes within family sociology as an academic field as well as empirical realities in various societal contexts across Europe More than sixty prominent European scholars original texts present the field's main theoretical and methodological approaches in addition to issues such as families as relationships parental arrangements parenting practices and child well being family policies in welfare state regimes family lives in migration and family trajectories Presenting cutting edge research on findings theoretical interpretations and solutions to methodological challenges it is a timely tool for researchers teachers students and family practitioners who wish to familiarise themselves with the state of family sociology in Europe Labor Economics From A Free Market Perspective: Employing The Unemployable Walter Block, 2008-03-28 Labor is the most important of the three traditional factors of production land labor and capital accounting for some 75% of the GDP It is therefore important to focus on issues of labor economics In this book the approach taken will be that of the free market philosophy of libertarianism the perspective that allows the maximum of freedom consistent with the responsibility of all to respect the equal rights of all others The position of this book on unions is unique outside of the libertarian movement and this is indicative of its analysis of several other issues such as minimum wages For scholars on the left it is almost true that unions can do no wrong for Marxists they do not do enough but that is another story Their role is to raise wages for the workingman and this task is almost unstintingly applauded Conservatives on the other hand oppose unions root and branch except for their support of foreign wars which is also another story To this end they support a welter of regulations designed to reduce their power limitations of check offs forced secret ballots etc For libertarians the analysis depends intimately on whether or not these are voluntary organizations If they are there is no more justification for imposing secret ballots on them than to do so for the chess or garden club If they are not they should not be weakened by restrictions

but rather banned and their leaders imprisoned **The Family, Poverty, and Welfare Programs** ,1973 **The Family, Poverty, and Welfare Programs: Household patterns and government policies (December 3, 1973)** ,1973
