Staging Whiteness:

Staging Whiteness Mary F. Brewer, 2005-07-29 How whiteness is portrayed in contemporary drama and enacted in everyday life Whiteness, Pedagogy, Performance Leda M. Cooks, Jennifer S. Simpson, 2008-03-01 Whiteness Pedagogy Performance is unique in bringing together these three important topics in the context of communication teaching and scholarship with an eye toward interdisciplinary perspectives In fourteen chapters the leading whiteness scholars in the field of communication analyze the process of teaching and learning and the complicated intersections of whiteness racial identity and cross racial dialogue Toward these ends these essays offer a variety of theoretical and practical approaches to the analysis of identity construction racial privilege and pedagogies toward equality and social justice Above all for teachers students and anyone interested in these issues this book is a challenge to re think the ways our curricula texts disciplinary boundaries and moreover how our interactions and performances re inscribe racial privileges Chapters provide innovative and accessible analyses of teaching and learning that will appeal to students teachers administrators and anyone interested in how race works *Marking Whiteness* Sonita Sarker, Jennifer Nesbit, 2025-09-01 The collection is divided into three parts to address the practices of Whiteness in modernist studies Aesthetics Intersectionality and Inter disciplinary Practice We begin with aesthetics because modernism is the aesthetic produced in dynamic relation to the cultural formations of modernity perceived rapid changes in labor transportation technology and perceptions of body mind and even character Essays in this section examine how the production of Whiteness is baked in as a positive value in assessing the value of cultural production The second section focuses on the embodiment of Whiteness primarily through the gendered and racialized female body as a deflative practice that unmarks Whiteness while making it central to cultural crises around morality national borders and futurity The third section considers the tacit prioritization of Whiteness as a positive value through institutional structures and pedagogical practice these case studies ruminate on the generative potential of isolating and marking these effects In each essay scholars examine the stakes of marking Whiteness as a category of analysis distinct from yet wholly imbricated with racial categorization given the potential for reification inherent in all strategies of marking

Postcolonial Whiteness Alfred J. Lopez, 2012-02-01 Postcolonial Whiteness examines the interrelations between whiteness and the history of European colonialism as well as the status of whiteness in the contemporary postcolonial world It addresses two fundamental questions What happens to whiteness after empire and to what extent do white cultural norms or imperatives remain embedded in the postcolonial or postindependence state as a part acknowledged or not of the colonial legacy Presenting a wide range of critical and theoretical responses the contributors explore these questions by focusing on such diverse topics as the legacy of Princess Diana queer self expression the changing situation of Gypsy or Romani minorities in Eastern Europe literature including Joseph Conrad s *Heart of Darkness* Caryl Phillips s *Cambridge and Gothic* impact on the literature of Australia reconstruction of white South African social identity cross cultural discussions of mental

Against Normalization Anthony O'Brien, 2001-04-13 A literary study of South African cultural changes since the end of apartheid from 1980 to present The Baseball Film Aaron Baker, 2022-01-14 Baseball has long been viewed as the Great American Pastime so it is no surprise that the sport has inspired many Hollywood films and television series But how do these works depict the game its players fans and place in American society This study offers an extensive look at nearly one hundred years of baseball themed movies documentaries and TV shows Film and sports scholar Aaron Baker examines works like *A League of their Own* 1992 and *Sugar* 2008 which dramatize the underrepresented contributions of female and immigrant players alongside classic baseball movies like *The Natural* that are full of nostalgia for a time when native born white men could use the game to achieve the American dream He further explores how biopics have both mythologized and demystified such legendary figures as Ty Cobb Babe Ruth Lou Gehrig Jackie Robinson and Fernando Valenzuela *The Baseball Film* charts the variety of ways that Hollywood presents the game as integral to American life whether showing little league as a site of parent child bonding or depicting fans lifelong love affairs with their home teams Covering everything from *Bull Durham* 1988 to *The Bad News Bears* 1976 this book offers an essential look at one of the most cinematic of all sports

Censoring Racial Ridicule M. Alison Kibler, 2015-03-05 A drunken Irish maid slips and falls A greedy Jewish pawnbroker lures his female employee into prostitution An African American man leers at a white woman These and other similar images appeared widely on stages and screens across America during the early twentieth century In this provocative study M Alison Kibler uncovers for the first time powerful and concurrent campaigns by Irish Jewish and African Americans against racial ridicule in popular culture at the turn of the twentieth century *Censoring Racial Ridicule* explores how Irish Jewish and African American groups of the era resisted harmful representations in popular culture by lobbying behind the scenes boycotting particular acts and staging theater riots Kibler demonstrates that these groups tactics evolved and diverged over time with some continuing to pursue street protest while others sought redress through new censorship laws Exploring the relationship between free expression democracy and equality in America Kibler shows that the Irish Jewish and African American campaigns against racial ridicule are at the roots of contemporary debates over hate speech **Hidden Gems**

Performing Whiteness in the Postcolony Megan Lewis, 2016-12-01 What does it mean to perform whiteness in the postcolonial era To answer this question crucial for understanding the changing meanings of race in the twenty first century Megan Lewis examines the ways that members of South Africa's Afrikaner minority have performed themselves into around and out of power from the colonial period to the postcolony The nation's first European settlers and in the twentieth century the architects of apartheid since 1994 Afrikaners have been citizens of a multicultural multilingual democracy How have they enacted their whiteness in the past and how do they do so now when their privilege has been deflated Performing Whiteness examines the multiple speech acts political acts and theatrical acts of the Afrikaner volk or nation in theatrical and public life including pageants museum sites film and popular music as well as theatrical productions Lewis explores the diverse ways in which Afrikaners perform whiteness and the tactics they use including nostalgia melodrama queering abjection and kitsch She first investigates the way that apartheid's architects leveraged whiteness in support of their nation building efforts in the early twentieth century In addition to re-enacting national pilgrimages of colonial era migrations and building massive monuments at home Afrikaner nationalists took their show to the United States staging critical events of the Boer War at the 1904 St Louis Exposition A case study of the South African experience

Performing Whiteness also offers parables for global whitenesses in the postcolonial era **The Racial Mundane** Ju Yon Kim, 2015-05-01 Winner Lois P Rudnick Book Prize presented by the New England American Studies Association Across the twentieth century national controversies involving Asian Americans have drawn attention to such seemingly unremarkable activities as eating rice greeting customers and studying for exams While public debates about Asian Americans have invoked quotidian practices to support inconsistent claims about racial difference diverse aesthetic projects have tested these claims by experimenting with the relationships among habit body and identity In *The Racial Mundane* Ju Yon Kim argues that the ambiguous relationship between behavioral tendencies and the body has sustained paradoxical characterizations of Asian Americans as ideal and impossible Americans The body's uncertain attachment to its routine motions promises alternately to materialize racial distinctions and to dissolve them Kim's study focuses on works of theater fiction and film that explore the interface between racialized bodies and everyday enactments to reveal new and latent affiliations The various modes of performance developed in these works not only encourage audiences to see habitual behaviors differently but also reveal the stakes of noticing such behaviors at all Integrating studies of race performance and the everyday *The Racial Mundane* invites readers to reflect on how and to what effect perfunctory behaviors become objects of public scrutiny **Passing Interest** Julie Cary Nerad, 2014-07-01 Explores how the trope of racial passing continues to serve as a touchstone for gauging public beliefs and anxieties about race in this multiracial era The first volume to focus on the trope of racial passing in novels memoirs television and films published or produced between 1990 and 2010 *Passing Interest* takes the scholarly conversation on passing into the twenty first century With contributors working in the fields of African American studies American studies cultural studies film studies literature and media studies this book offers a rich interdisciplinary survey of critical approaches to a broad range of contemporary passing texts Contributors frame recent passing texts with a wide array of cultural discourses including immigration law the Post Soul Aesthetic contemporary political satire affirmative action the paradoxes of colorblindness and the rhetoric of post racialism Many explore whether one drop of blood still governs our sense of racial identity or to what extent contemporary American culture allows for the racially indeterminate individual Some essays open the scholarly conversation to focus on ethnic passers individuals who complicate the traditional black white binary while others explore the slippage between traditional racial passing and related forms of racial performance including blackface minstrelsy and racial masquerade **Dancing on the Fault Lines of History** Susan Manning, 2025-01-28 *Dancing on the Fault Lines of History* collects essential essays by Susan Manning one of the founders of critical dance studies recounting her career writing and rewriting the history of modern dance Three sets of keywords gender and sexuality whiteness and Blackness nationality and globalization illuminate modern dance histories from multiple angles coming together in varied combinations shifting positions from foreground to background Among the many artists discussed are Isadora Duncan Vaslav Nijinsky Ted Shawn Helen Tamiris Katherine Dunham Jos Lim n Pina Bausch Reggie

Wilson and Nelisiwe Xaba Calling for a comparative and transnational historiography Manning ends with an extended case study of Mary Wigman's multidimensional exchange with artists from Indonesia India China Korea and Japan Like the artists at the center of her research Manning's writing dances on the fault lines of history Her introduction and annotations to the essays reflect on how and why these keywords became central to her research revealing the autobiographical resonances of her scholarship as she confronts the cultural politics of the late twentieth and early twenty first centuries **Talking**

Drama Judith Roof,2009-10-02 The essays in Talking Drama ask what the relation is between drama and its critics In so far as we conceive of drama and theatre as arising from and providing some sense of social ritual and comment drama is itself a critical genre showing up the foibles and problems of human existence as well as the general hubris and errors of society Plays both constitute criticism of society of ideas of other plays and deploy such self critical gambits as plays within plays characters who watch other characters characters feigning roles and personalities and even the overt inclusion of characters who are critics Plays thus comment both on themselves and on the art of theatre generally At the same time drama implies other kinds of critics in the guise of the audience reviewers and those who might participate in its ideas Just as plays produce the seeds of their own critique so they also spur critique of their aesthetics the artistry of their performance and the ideas and conflicts they illustrate Critics who review play performances are as much an intrinsic part of theatrical events as the audience and the plays themselves *Race and Redemption in Puritan New England* Richard A. Bailey,2011-05-26 As colonists made their way to New England in the early seventeenth century they hoped their efforts would stand as a city upon a hill Living the godly life preached by John Winthrop would have proved difficult even had these puritans inhabited the colonies alone but this was not the case this new landscape included colonists from Europe indigenous Americans and enslaved Africans In *Race and Redemption in Puritan New England* Richard A Bailey investigates the ways that colonial New Englanders used constructed and re constructed their puritanism to make sense of their new realities As they did so they created more than a tenuous existence together They also constructed race out of the spiritual freedom of puritanism

Rowdy Carousals J. Chris Westgate,2024-07-01 Rowdy Carousals makes important interventions in nineteenth century theatre history with regard to the Bowery Boy a raucous white urban character most famously exemplified by Mose from *A Glance at New York* in 1848 Theatrical representations of the Bowery Boy emphasized the privileges of whiteness against nonwhite workers including enslaved and free African Americans during the Antebellum Period an articulation of white superiority that continued through the early twentieth century with Jewish Italian and Chinese immigrants The book's examination of working class whiteness on stage in the theatre and in print culture invites theatre historians and critics to check the impulse to downplay or ignore questions about race and ethnicity in discussion of the Bowery Boy J Chris Westgate further explores links between the Bowery Boy's rowdyism in the nineteenth century and the resurgence of white supremacy in the early twenty first century **The Palgrave Handbook of Theatre and Race** Tiziana Morosetti,Osita

Okagbue,2021-04-20 The first comprehensive publication on the subject this book investigates interactions between racial thinking and the stage in the modern and contemporary world with 25 essays on case studies that will shed light on areas previously neglected by criticism while providing fresh perspectives on already investigated contexts Examining performances from Europe the Americas the Middle East Africa China Australia New Zealand and the South Pacific islands this collection ultimately frames the history of racial narratives on stage in a global context resetting understandings of race in public discourse **The Smell of Slavery** Andrew Kettler,2020-05-28 Slavery capitalism and colonialism were understood as racially justified through false olfactory perceptions of African bodies throughout the Atlantic World
