**THE TYRANT AND

## **Stalin And His Hangmen Unabridged Audio:**

**Stalin and His Hangmen** Donald Rayfield, 2005-12-13 Stalin did not act alone The mass executions the mock trials the betrayals and purges the jailings and secret torture that ravaged the Soviet Union during the three decades of Stalin's dictatorship were the result of a tight network of trusted henchmen and women spies psychopaths and thugs At the top of this pyramid of terror sat five indispensable hangmen who presided over the various incarnations of Stalin's secret police Now in his harrowing new book Donald Rayfield probes the lives the minds the twisted careers and the unpunished crimes of Stalin's loyal assassins Founded by Feliks Dzierzynski the Cheka the Extraordinary Commission came to life in the first years of the Russian Revolution Spreading fear in a time of chaos the Cheka proved a perfect instrument for Stalin's ruthless consolidation of power But brutal as it was the Cheka under Dzierzynski was amateurish compared to the well oiled killing machines that succeeded it Genrikh Iagoda's OGPU specialized in political assassination propaganda and the manipulation of foreign intellectuals Later the NKVD recruited a new generation of torturers Starting in 1938 terror mastermind Lavrenti Beria brought violent repression to a new height of ingenuity and sadism As Rayfield shows Stalin and his henchmen worked relentlessly to coerce and suborn leading Soviet intellectuals artists writers lawyers and scientists Maxim Gorky Aleksandr Fadeev Alexei Tolstoi Isaak Babel and Osip Mandelstam were all caught in Stalin's web courted toyed with betrayed and then ruthlessly destroyed In bringing to light the careers personalities relationships and accomplishments of Stalin's key henchmen and their most prominent victims Rayfield creates a chilling drama of the intersection of political fanaticism personal vulnerability and blind lust for power spanning half a century Though Beria lost his power and his life after Stalin's death in 1953 the fundamental methods of the hangmen maintained their grip into the second half of the twentieth century Indeed Rayfield argues the tradition of terror far from disappearing has emerged with renewed vitality under Vladimir Putin Written with grace passion and a dazzling command of the intricacies of Soviet politics and society **Stalin and the Hangmen** is a devastating indictment of the individuals and ideology that kept Stalin in power **New York**, 2006 [Stalin and His Hangmen](#) Donald Rayfield, 2005-03-31 Stalin like Hitler and other tyrants won and held power because he had collaborators hangmen Drawing on newly released archival material Donald Rayfield gives us a fuller and more colourful picture of Stalin's inner circle than ever before Stalin was not the sole author of Stalinism What motivated his chiefs of police Feliks Dzierzynski Viacheslav Manzinsky Genrikh Iagoda Nikolai Ezhov and Lavrenti Beria What did they want What were their relations with the regime and its ruler How did their upbringing and experience mould them And how does the terror they create connect with the terror they felt **Stalin and His Hangmen** reconstructs the psychological mechanism of a whole regime and what it held together The extent of the misery caused by Stalin and his Hangmen can be compared in Europe only to that brought about by Hitler and his henchmen But Stalin's heritage is if possible even worse than Hitler's His rule enslaved three generations not one the horror of what he did has not yet been fully understood and his countrymen have not yet found the

strength to disavow him All the more important then that this diabolical tale should be told *Joseph Stalin* Source

 and his death in 1953 Joseph Stalin had more than a million of his own citizens executed Millions more fell victim to forced  
 labor deportation famine bloody massacres and detention and interrogation by Stalin s henchmen Stalin s Genocides is the  
 chilling story of these crimes The book puts forward the important argument that brutal mass killings under Stalin in the  
 1930s were indeed acts of genocide and that the Soviet dictator himself was behind them Norman Naimark one of our most  
 respected authorities on the Soviet era challenges the widely held notion that Stalin s crimes do not constitute genocide  
 which the United Nations defines as the premeditated killing of a group of people because of their race religion or inherent  
 national qualities In this gripping book Naimark explains how Stalin became a pitiless mass killer He looks at the most  
 consequential and harrowing episodes of Stalin s systematic destruction of his own populace the liquidation and repression of  
 the so-called kulaks the Ukrainian famine the purge of nationalities and the Great Terror and examines them in light of other  
 genocides in history In addition Naimark compares Stalin s crimes with those of the most notorious genocidal killer of them
