Stolfi, 2014-11-20 How close did Germany come to winning World War II Did Hitler throw away victory in Europe after his troops had crushed the Soviet field armies defending Moscow by August 1941 R H S Stolfi offers a dramatic new picture of Hitler's conduct in World War II and a fundamental reinterpretation of the course of the war Adolf Hitler generally is thought to have been driven by a blitzkrieg mentality in the years 1939 to 1941 In fact Stolfi argues he had no such outlook on the war From the day Britain and France declared war Hitler reacted with a profoundly conservative cast of mind and pursued a circumscribed strategy pushing out siege lines set around Germany by the Allies Interpreting Hitler as a siege fighter explain his apparent aberrations in connection with Dunkirk his fixation on the seizure of Leningrad and his fateful decision in the summer of 1941 to deflect Army Group Center into the Ukraine when both Moscow and victory in World War II were within its reach Unaware of Hitler's siege orientation the German Army planned blitz campaigns Through daring operational concepts and bold tactics the army won victories over several Allied powers in World War II and these led to the great campaign against the Soviet Union in summer of 1941 Stolfi postulates that in August 1941 German Army Group Center had the strength both to destroy the Red field armies defending the Soviet capital and to advance to Moscow and beyond The defeat of the Soviet Union would have assured victory in World War II Nevertheless Hitler ordered the army group south to secure the resources of the Ukraine against a potential siege And a virtually assured German victory slipped away This radical reinterpretation of Hitler and the capabilities of the German Army leads to a reevaluation of World War II in which the lesson to be learned is not how the Allies won the war but how close the Germans came to a quick and decisive victory long before the United States was drawn into the battle **Ostkrieg** Stephen G.

Fritz,2011-10-14 On June 22 1941 Germany launched the greatest land assault in history on the Soviet Union an attack that Adolf Hitler deemed crucial to ensure German economic and political survival As the key theater of the war for the Germans the eastern front consumed enormous levels of resources and accounted for 75 percent of all German casualties Despite the significance of this campaign to Germany and to the war as a whole few English language publications of the last thirty five years have addressed these pivotal events In *Ostkrieg Hitler's War of Extermination in the East* Stephen G Fritz bridges the gap in scholarship by incorporating historical research from the last several decades into an accessible comprehensive and coherent narrative His analysis of the Russo German War from a German perspective covers all aspects of the eastern front demonstrating the interrelation of military events economic policy resource exploitation and racial policy that first motivated the invasion This in depth account challenges accepted notions about World War II and promotes greater understanding of a topic that has been neglected by historians

*Countdown to Freedom* Willem Ridder,2007-09 *Countdown to Freedom* is the story of a young Dutch boy from the big port city of Rotterdam Holland who experienced first hand the invasion of his country by the Nazis in 1940 the wanton bombing of the city by the German Luftwaffe numerous bombings by the Allied Air forces persecution of the Jewish population reprisal killings the gradual loss of all freedoms the taking of thousands of slave laborers the terrible hunger winter of 1944 1945 when thousands of people starved to death and the dropping of food by B 17s and Lancasters to the starving population toward the end of the war Throughout the war the desire to be free became an obsession But not all was gloom and doom There were funny moments and the population never lost its sense of humor The family enjoyed some good times and laughed but those moments were always experienced under the oppressive Nazi cloak Symbols of freedom were the contrails of thousands of bombers that would fly over Rotterdam on their way to targets in Germany and the lone Spitfire that one time swooped down low rocked its wings several times waved at us and then sped away But it is not just Freedom for its own sake rather what in the end the cost of that freedom was That is the story and the message the author would like to get across
