Terror At Thor Mountain:

In the Mountains of Madness W. Scott Poole, 2016-09-13 This smart shrewd and insightful biography of H P Lovecraft not only explores the author's fascinating life but also reveals his lasting power and influence on the entertainment industry and society as a whole Victor LaValle author of *The Changeling* Interweaving the biography of the legendary writer with an exploration of Lovecraft as a phenomenon *In the Mountains of Madness* strives to explain this reclusive cultish figure while challenging some of the general views held by Lovecraft devotees Focusing specifically on the large cross section of horror and science fiction fans who know Lovecraft through films role playing games and video games directly influenced by his work but who know little or nothing about the man himself *In the Mountains of Madness* places Lovecraft and his work in a cultural context as an artist more in tune with our time than his own More than a traditional biography this provocative book reclaims the true essence of Lovecraft in relation to the comics of Joe Lansdale the novels of Stephen King and some of the biggest blockbuster films in contemporary America proving the undying influence of this rare and significant figure

Anonymous, 2020-09-28 In the beginning when the beautiful and sunny world was first made there stood in the very midst of all its beauty Mt Ida a mountain so high so far away up among the snowy clouds that its summit was lost in the shining light of the rays of the sun At its base stretching away to the north the south the east and the west as far as even the eyes of the gods could reach lay the soft green valleys and the great broad plain beyond Encircling the whole great plain and curling lovingly around in all the little bends and bays of the distant shore lay the deep blue waters and beyond the waters hidden in the distant mists rose the great mountains in which the frost giants dwelt On the top of Mt Ida the gods had built their shining city Asgard and from its golden gateway to the valley below was stretched the richly colored rainbow bridge with its wonderful bars of red and yellow and blue orange and green indigo and purple And in this shining city where the gods dwelt there was no sorrow no grief no pain of any kind Never was the sun's light shut off by heavy clouds never did the cruel lightnings flash nor came their blights upon the harvest fields never did the heavy rains fall nor did the cold winds sweep down upon this shining city But alas there came a time when a shadow fell upon this city that shone so like a golden cloud resting upon the mountain peak For the Fates the three cruel sisters came and took up their abode at the foot of the wonderful tree of Life whose roots were in the earth and whose branches reaching high above the shining city protected it

from the sun's fierce heat and strong white light And from that time even the gods themselves were no longer free from care and sorrow Envy sprang up among the children of the great god Odin sickness and even death fell upon them and the frost giants waged war with them a war that would never cease in all the ages that were to come until that day when the sun's light went out forever and the dark reign of Ragnarok fell upon the earth It was a beautiful earth that lay stretched out at the foot of Mt Ida The fields were rich with grain the trees were loaded with fruits the sun shone warm and bright but there were no harvesters no gatherers of the fruit no children to run and frolic in the sunshine *The Valkyries, The Rhinegold, The Ring of the Nibelung, and Legends of Norseland* Various Authors, 2020-09-28 Never before in the memory of man had spring been so late in coming and into mid May had lasted the hurricanes and tempests of winter Not even yet was the armoury of its storms and squalls wholly spent and men as they huddled by the fire and heard night by night and day by day the bugling of the wind and the hiss of rain and the patter of the hailstones wondered what this subversion and stay of the wholesome seasons should portend For now for many years had strange omens and forebodings shadowed and oppressed the earth Some said that the earth itself and Erda the spirit of earth were growing old some even had seen the great mother not as of old she had appeared from time to time vigorous and young clad in the fresh green of growing things but old and heavy eyed and her mantle was frosted over with rime for the chill of the unremitting years had fallen on her Others again said that in Walhalla which Wotan the father of gods and men had builded by the might of giants all was not well that shadows crowded in places where no shadows should be and that their companies grew ever greater and that dim voices of wailing and of warning sounded in the ears and in the high places of the gods Others said that the gods themselves were growing old that Wotan feared the spirits of the earth and of the places beneath the earth for he was no longer certain of his strength and that age and the grey shadow of death itself looked over his shoulder when he sat alone and when he slept with Fricka his wife visions of ill portent would trouble his dreams so that often he rose at dead of night from his couch and would look from the walls of Walhalla over the still sleeping earth wondering from which quarter danger would come and from where he would first see the red light of war Night by night he would commune with himself wondering how it was that the strength and the merriment of old days had departed wondering yet in himself knowing For he knew the Book of Fate and of that which should be as a man still dreaming knows that he is in bed and the night hag rides him and yet is powerless either to fully sleep or fully wake Certain also it was that day by day he sent his daughters whom he begat by Erda the spirit of the earth to slay and bring into Walhalla heroes of the sons of men into whom he breathed the spirit of eternal life so that for ever they should guard those walls that once he thought impregnable and day by day did the eight Valkyries led by Brunnhilde the fairest and the strongest of them all go on their quests She it was in whom above all Wotan delighted for so at one with him was the swift strength and fearless will of the maid it was to her he told all his intentions and his purposes and not to Fricka his wife so that often when he talked with Brunnhilde he scarcely knew whether he spoke to her or whether his own soul but

communed with itself Yet though he thus guarded Walhalla thinking to make it safe he knew that there was one thing in the world which was stronger than he and that was Fate What Should Be would be and What Should Be recked of Wotan as lightly as it recked of the falling of a sparrow or the passing of a spring shower Now these omens of gloom and fate which lay heavy on Walhalla troubled also the minds of men If death came to the gods should not death come also to the earth and the children of the earth When the Master fell should not the servant fall also Yet because the race of men were yet but young on the earth and vigorous flourishing in stony places like a creeping plant that shall soon cover the desert with its stems there were men and those wise ones who held that after the fall of the gods the kingdoms of the world and all the sovereignty of the earth should soon be given to the sons of men And they looked for the coming of one who should challenge the gods themselves before whom the everlasting foundations of Walhalla should crumble He it was they said whom Wotan feared he who was free and owed nothing to the lords of Walhalla for Wotan knew that before him his own god like strength would crumble as a dead leaf and as a dead leaf be borne away on the winds And in this long continuance of winter when already spring should have awakened the earth with its glad shout they saw in figure the winter of the gods and when winter should cease and spring come even so would come in the fulness of time now nigh the upspringing of men in which should be forgotten the winter of the gods For the finger of fate pointed to the new time when Walhalla should be shaken and fall and men should be slaves no longer to the early outworn gods but possess the earth in peace and plenty Yet still in mid May the storms of winter were not spent still the sap of growing things stayed and stirred not in the barren branches of the forest trees And winter still froze and hardened in the heart of Sieglinde the wife of Hunding Though she had been long his wife yet she was still young and her woman s heart hungered for love and starved for a man she could love but froze again ever into ice at the sight of her lord Unwittingly and by compulsion of her kindred and his she had married him hate blossomed in her heart where the flower of love should have made fragrance and in all but deed she was unfaithful to him Day by day she did the work of a wife she made his food for him before he went out to the hunt whether it was the deer he hunted to make venison or man that he hunted for vengeance for he was of the tribe of the Niedings who wooed by sword and violence and from the slaughter of her kindred had often borne away a maid to her wedding feast Then after she had given him his food she would give him his spear and sword and shield a service which but earned her a curse or a blow and watch him stride off into the forest with bitter loathing in her heart And truly if hate could kill Hunding would have died by his wife s hand a hundred deaths a day But the hours when he was out were more tolerable for after she had cleaned the house and made all ready for his return she would be free of the man she so hated till night came Then maybe if suns were fair she would sit outside the house listening to the sounds of the forest at noonday little knowing how in the years that were coming one her first born and only son of a stranger union than ever gods or men had dreamed of would listen in like manner to the murmurs of the forest till the song of the bird spoke to him not with unintelligible twitterings but with a voice as clear as the tones of a
