Terrorists Crossing:

Terrorists on the Border and in Our Country Charles A. Marino, 2024-05-14 We recommend it to you highly This is an important book and it is one that I think that everyone should be reading Lou Dobbs Details the immediate danger America now faces how the battle for the heart and soul of America is now being fought on American soil U S Representative Ralph Norman A nationally recognized security expert reveals the REAL Terrorist threat from the U S Southern Border and already INSIDE America Terrorists on the Border and in Our Country reveals how radical left wing liberal politicians and woke progressive defund the police and stop the wall nation wrecking policies caused this crisis and the steps the country must take to combat crime protect the homeland and its citizens and stop the growing existential challenge to American freedoms and way of life Charles Marino outlines how and why Biden s open border policies will ultimately destroy America from the Rio Grande up Some of the catastrophic problems created enabled or increased by weak borders include Approximately 5 million migrants since the start of the Biden administration Migrants from over 130 countries have been encountered Over 100 migrants encountered on the terrorist watch list Approaching 2 million getaways unknown migrants who are not apprehended Cartels are more empowered and funded than any time in history Record breaking amounts of deadly fentanyl entering our cities Increased violent crime nationwide Strain on infrastructure such as schools hospitals criminal justice systems law enforcement etc Human trafficking Sex trafficking Erosion of American values and culture Decriminalization of border and immigration laws Marino offers his expert recommendations a step by step corrective and desperately needed policy roadmap on how America can be saved Before it s too late THE THREAT IS NOT JUST ON THE BORDER IT IS ALREADY HERE American Crossings Maiah Jaskoski, Arturo C. Sotomayor, Harold A. Trinkunas, 2015-12-15 US Agencies at the Mexican Border were overwhelmed in 2014 as tens of thousands of unaccompanied children arrived from Central America Unprepared to receive migrants of this particular kind the US government deployed troops to carry out a new border mission the feeding care and housing of this wave of children This event highlights the complex social economic and political issues that arise along international borders In American Crossings nine scholars consider the complicated modern history of borders in the Western Hemisphere examining them as geopolitical boundaries key locations for internal security spaces for international trade and areas where national and community identities are defined *Trails of Hope and Terror* Miguel A. De La Torre, 2009 A conversation on the challenges of immigration that includes the voices of recent immigrants the documented and undocumented A combination of analysis story and artistic expression opens up the complexities of immigration for undergraduates and for all Christians De la Torre s goal is to initiate a civil conversation that can replace the politics of fear that now dominates discussions of immigration Terrorist Recognition Handbook Malcolm W. Nance, Desmond Wenger, 2017-09-20 First published in 2003 Terrorist Recognition Handbook A Practitioner s Manual for Predicting and Identifying Terrorist Activities remains one of the only books available to provide detailed information on

The Routledge Atlas of the Arab-Israeli Conflict Martin Gilbert, 2002 The Routledge Atlas of the Arab Israeli Conflict traces the tangled and bitter history of the Arab Jewish struggle from the early twentieth century to the present and illustrates the move towards finding peace

Texas Blood Roger D. Hodge, 2018-09-04 In the tradition of Ian Frazier's Great Plains and as vivid as the work of Cormac McCarthy an intoxicating singularly illuminating history of the Texas borderlands from their settlement through seven generations of Roger D Hodge's ranching family What brought the author's family to Texas What is it about Texas that for centuries has exerted a powerful allure for adventurers and scoundrels dreamers and desperate souls outlaws and outliers In search of answers Hodge travels across his home state which he loves and hates in shifting measure tracing the wanderings of his ancestors into forgotten histories along vanished roads Here is an unsentimental keenly insightful attempt to grapple with all that makes Texas so magical punishing and polarizing Here is a spellbindingly evocative portrait of the borderlands with its brutal history of colonization conquest and genocide where stories of death and drugs and desperation play out daily And here is a contemplation of what it means that the ranching industry that has sustained families like Hodge's for almost two centuries is quickly fading away taking with it a part of our larger deep rooted cultural inheritance A wholly original fusion of memoir and history as piercing as it is elegiac Texas Blood is a triumph

Illegal Elizabeth F. Cohen, 2020-01-28 A political scientist explains how the American immigration system ran off the rails and proposes a bold plan for reform Under the Trump administration US immigration agencies terrorize the undocumented target people who are here legally and even threaten the constitutional rights of American citizens How did we get to this point In *Illegal* Elizabeth F Cohen reveals that our current crisis has roots in early twentieth century white nationalist politics which began to reemerge in the 1980s Since then ICE and CBP have acquired bigger budgets and more power than any other law enforcement agency Now Trump has unleashed them If we want to reverse the rising tide of abuse Cohen argues that we must act quickly to rein in the powers of the current immigration regime and revive saner approaches based on existing law Going beyond the headlines *Illegal* makes clear that if we don't act now all of us citizen and not are at risk
