Terry Waite:

Taken on Trust Terry Waite, 2010-02-15 This autobiography describes the hours before and after Terry Waite was taken hostage Waite analyzes his thoughts and feelings immediately prior to captivity It is also an account of his years in solitary confinement and of the inner strengths which enabled him to survive Becoming Enemies James G. Blight, Janet M.

Lang, Hussein Banai, Malcolm Byrne, John Tirman, 2014-02-25 *Becoming Enemies* brings the unique method of critical oral history to understand U S and Iranian relations from the fall of the Shah in 1979 through the Iranian hostage crisis and the Iraq Iran war Scholars and former officials involved with U S **Terry Waite** Gavin Hewitt, 1991 Pray Without Ceasing

Deborah van Deusen Hunsinger, 2006-08-10 *Taking seriously Paul's exhortation in 1 Thessalonians to pray without ceasing* Deborah van Deusen Hunsinger challenges pastors and congregations to put prayer at the center of their Christian practice and theological reflection In this thought provoking book Hunsinger reclaims spiritual practices from token use and unites them in a dynamic network of interdependent caring traditions The book begins with the three foundational disciplines of spiritual reading careful listening and self reflection Hunsinger then explores prayers of petition intercession confession lament and thanksgiving Finally she offers practical workable suggestions for developing pastoral care groups and teaching care giving skills at the congregational level Clergy and laity alike will reap the benefits of this revitalizing look at the spiritual disciplines as dynamic forces in the life of the church **Middle Eastern Terrorism** Mark Ensallaco, 2012-04-17

Selected by *Choice* magazine as an Outstanding Academic Title Since the first airplane hijacking by the Popular Front for the Liberation of Palestine in September 1970 Middle Eastern terrorists have sacrificed innocent human lives in the name of ideology From Black September to the Munich Olympics to the embassy bombing in Beirut to the devastating attacks of September 11 and beyond terrorism has emerged as the most important security concern of our time Where did this come from Inspired by a student's question on the morning of September 11 2001 Mark Ensallaco has written a thoroughly researched narrative account of the origins of Middle Eastern terrorism addressing when and why terrorists started targeting Americans and American interests and what led to the September 11 attacks Ensallaco reveals the changing of motivations from secular Palestinian nationalism to militant Islam and demonstrates how competition among terrorists for resources and notoriety has driven them to increasingly extreme tactics As he argues terrorist attacks grew from spectacle to atrocity Drawing on popular works and scholarly sources *Middle Eastern Terrorism* tells this story in rich detail and with great clarity and insight Providence in the Story of Scripture Adamson Co, 2025-05-06

The doctrine of providence is often too abstract complex or detached from real life situations for introductory students Drawing on years of experience in the classroom and the church Adamson Co offers an introductory guide that uses the creation motif of the Bible to highlight the importance of providence for the Christian life Co begins with a brief introduction to providence to give students the state of the question He then explores the classical theme of the seventh and eighth days of creation as a helpful way to understand

providence He sets providence and human existence within the metanarrative of the Bible while explicating the doctrine in an overview fashion Co demonstrates how the seventh and eighth days of creation bring clarity to traditional issues raised in systematic theology such as preservation governance and concurrence the problem of evil and divine sovereignty and human free will Providence in the Story of Scripture challenges readers to live out a life of partnership with God in his providence and shows how the blessed hope of the Christian faith is God s life transforming providence for today The book includes a foreword by Kevin J Vanhoozer

Solitude Terry Waite,2017-10-02 If anyone understands Solitude it s Terry Waite After five years spent in solitary confinement during his faught kidnapping in the 80s Terry Waite has had decades to think about what being solitary means and how it affects us He explores why some people avoid being alone at every cost whilst others can think of nothing more peaceful than being well and truly by themselves and how those feelings can change with time This book is all about his encounters with people who live a solitary life in many different ways and guises Some who live out in the most remote of locations shunning all manner of modern society some who find themselves solitude in the anonymous flow of crowds in busy cities and some whose remarkable circumstance whether professionally or for their own safety are forced to live a solitary life There is more than one way to be alone and these different voices all show how that works Solitude is more than being alone it is a retreat into the self shapes the soul Through his pilgrimage through solitude Terry Waite discovers how solitude not loneliness far from being something we should fear but is instead something that can a force for good in we learn to embrace and live it out thoughtfully and bravely Praise for Solitude This is a thoughtful and sensitive book from a man who endured the fear and loneliness of captivity Now years later Terry Waite explores solitude in its many forms Stella Rimington DBE former Director General of MI5 This is a wonderfully perceptive and engaging book Terry Waite takes the reader deep into other worlds both geographical and psychological from which they will emerge enlightened and spiritually enriched Ranulph Fiennes OBE explorer writer and poet

Crisis Negotiators Abby Doty,2025-08-01 This book describes how crisis negotiators work to free hostages and convince people in crisis not to harm others Short paragraphs provide easy to read text while vivid photographs make the book engaging and accessible

Iran-Contra Malcolm Byrne,2017-09-11 Everything began to unravel on October 5 1986 when a Nicaraguan soldier downed an American plane carrying arms to Contra guerrillas exposing a tightly held U S clandestine program A month later reports surfaced that Washington had been covertly selling arms to Iran our sworn enemy and a state sponsor of terrorism in exchange for help freeing hostages in Beirut The profits it turned out were going to support the Contras despite an explicit ban by Congress In the firestorm that erupted shocking details emerged raising the prospect of impeachment and the American public confronted a scandal as momentous as it was confusing At its center was President Ronald Reagan amid a swirl of questions about illegal wars consorting with terrorists and the abuse of presidential power Yet despite the enormity of the issues the affair dropped from the public radar due to media overkill years of legal wrangling and a vigorous campaign

to forestall another Watergate As a result many Americans failed to grasp the scandal's full import Through exhaustive use of declassified documents previously unavailable investigative materials and wide ranging interviews Malcolm Byrne revisits this largely forgotten and misrepresented episode Placing the events in their historical and political context notably the Cold War and a sharp partisan domestic divide he explores what made the affair possible and meticulously relates how it unfolded including clarifying minor myths about cables keys bibles diversion memos and shredding parties Iran Contra demonstrates that far from being a junta against the president the affair could not have occurred without awareness and approval at the very top of the U S government Byrne reveals an unmistakable pattern of dubious behavior including potentially illegal conduct by the president vice president the secretaries of state and defense the CIA director and others that formed the true core of the scandal Given the lack of meaningful consequences for those involved the volume raises critical questions about the ability of our current system of checks and balances to address presidential abuses of power and about the possibility of similar outbreaks in the future
