A RANDOM HOUSE BOOK

Texas The Land Of The Tejas

George Pierce Garrison

Texas The Land Of The Tejas:

Texas Siddie Joe Johnson,1950 Texas often called the state of six flags has had a most romantic history This book presents that story for young Americans In simple clear prose the author tells of all the interesting and important happenings that have gone into the development of our largest state from the days long ago when the Tejas the friendly Indians roamed the great plains to the present day when Texas trained pilots fly the skyways of freedom The distinguished artist Fanita Lanier working closely with Miss Johnson on the book and to such good effect that her seventy five lovely drawings bring the pagentry of Texas history to glowing life Great names are here great deeds too They should be familiar not only to all Texans but also to all other Americans Texas Siddle Joe Johnson,1950 Land of the Tejas John Wesley Arnn, III,2014-05-23 Combining archaeological historical ethnographic and environmental data Land of the Tejas represents a sweeping interdisciplinary look at Texas during the late prehistoric and early historic periods Through this revolutionary approach John Wesley Arnn reconstructs Native identity and social structures among both mobile foragers and sedentary agriculturalists Providing a new methodology for studying such populations Arnn describes a complex vast exotic region marked by sociocultural and geographical complexity tracing numerous distinct peoples over multiple centuries Drawing heavily on a detailed analysis of Toyah a Late Prehistoric II material culture as well as early European documentary records an investigation of the regional environment and comparisons of these data with similar regions around the world Land of the Tejas examines a full scope of previously overlooked details From the enigmatic Jumano Indian leader Juan Sabata to Spanish friar Casanas s 1691 account of the vast Native American Tejas alliance Arnn s study shines new light on Texas s poorly understood past and debunks long held misconceptions of prehistory and history while proposing a provocative new approach to the process by which we attempt to reconstruct the history of humanity Texas Land Grants, 1750-1900 John Martin Davis, Jr.,2016-09-02 The Texas land grants were one of the largest public land distributions in American history Induced by titles and estates Spanish adventurers ventured into the frontier followed by traders and artisans West Texas was described as Great Space of Land Unknown and Spanish sovereigns wanted to fill that void Gaining independence from Spain Mexico launched a land grant program with contractors who recruited emigrants After the Texas Revolution in 1835 a system of Castilian edicts and English common law came into use Lacking hard currency land became the coin of the realm and the Republic gave generous grants to loyal first families and veterans Through multiple homestead programs more than 200 million acres had been deeded by the end of the 19th century The author has relied on close examination of special acts charters and litigation including many previously overlooked documents **Texas** Rupert N. Richardson,Cary D. Wintz,Adrian Anderson,Ernest Wallace,2016-05-23 Written in a narrative style this comprehensive yet accessible survey of Texas history offers a balanced scholarly presentation of all time periods and topics From the beginning sections on geography and prehistoric people to the concluding discussions on the start of the twenty first century this text successfully

considers each era equally in terms of space and emphasis Texas George Pierce Garrison,1903 A study based on the history of Texas **A Military History of Texas** Loyd Uglow,2022-03-15 In its essence Texas history is military history Comprehensive in scope A Military History of Texas provides the first single volume military history of Texas from pre Columbian clashes between Native American tribes to the establishment of the United States Space Force as the newest branch of the nation s military in the twenty first century Rather than creating new theories of what happened author Loyd Uglow synthesizes competing views of Texas s military past into a narrative that deals evenhandedly with different interpretations and recognizes that there is a measure of truth in each one even while emphasizing those that seem most plausible Uglow ties the various engrossing aspects of Texas military history into one unified experience Chapters cover topics of warfare in Texas before the Europeans Spanish military activities revolutions against Spain and then Mexico Texas and Texans in the Mexican War ante and post bellum warfare on the Texas frontier the Civil War in Texas the Texas Rangers border warfare during the Mexican revolution of 1910 1920 Texas and the world wars and the modern military in Texas Brief explanations of military terminology and practice as well as parallels between Texas military actions and ones in other times and places connect the narrative to the broader context of world military history Thoroughly documented with an engaging narrative and perceptive analysis A Military History of Texas is designed to be accessible and interesting to a broad range of readers It will find a welcome place in the collections of amateur or professional military historians devoted fans of all things Texan and newcomers to military history *The Book of Texas* Holland Thompson,1929 **Cradle of the Texas Republic** Dr. Robin Montgomery,2022-04-04 The Cradle of Texas Road encircles the Lone Star landscapes that nurtured so much of the state s early history from European settlement through the Texas Republic The first attempt at Texan liberation ended in the bloodiest battle in Texas history after the insurgents divided their forces along racial lines at Medina in 1813 It required Sam Houston s more collaborative approach at the Battle of San Jacinto in 1836 to finally realize the dream of Texas independence Local historians Robin and Joy Montgomery transcribe the region bounded by Navasota Madisonville Huntsville and Conroe into a master class on the subject of nation building and cultural integration *Texas, the Lone Star State* Rupert Norval Richardson,Adrian N. Anderson,Ernest Wallace,1997 Texas at the beginning of the twenty first century is a very different place than it was when the first edition of this text appeared over a half century ago Nevertheless Texas The Lone Star State remains at its core the work of Professor RupertNorvell Richardson one of the most respected Texas historians of the twentieth century Through the preceding seven editions this work has evolved as new material and new historical interpretations have made their way into the text and as new authors have joined the venture Adrian Anderson and Ernest Wallace joined the text for the third edition and Cary D Wintz joins for the eighth Adding to a strong narrative discussion of nineteenth century Texas are new materials and information that emphasize the role of women and minorities in Texas history the impact of industrialization and urbanization the social and demographic changes that have occurred in

twentieth century Texas and the transformation of Texas politics at the end of the twentieth century
