**Of Modern Dragons and other essays on Genre Fiction** John Lennard, 2007-01-01 A volume of essays exploring some of the best genre fiction of the last 40 years including work by Reginald Hill Thomas Harris Dorothy L Sayers Nora Roberts J D Robb since 2000 the world s best selling novelist J R R Tolkien Ursula Le Guin Anne McCaffrey Ian McDonald Octavia E Butler and The Tortallan World of Tamora Pierce *Nerilka's Story* Anne McCaffrey, 2002-02-26 A deadly epidemic was sweeping across Pern Everyone holder and dragonrider alike pitched in to help except Nerilka s father who refused to share Fort Hold s bounty with the other Holds So ashamed of her family and determined to do her part Nerilka packed up medicines and supplies and sneaked off to aid her people Her quest to help wherever she was most needed led her finally to Ruatha Hold where Lord Alessan was frantically preparing the precious serum needed for mass inoculations against the dread plague Nerilka had long ago abandoned her hope of marriage and a home of her own Now she found happiness in being useful and appreciated first the Healers and then Alessan made very clear that they were grateful for her help She had no idea that her new path would change the course of her life forever *The A to Z of Fantasy Literature* Brian Stableford, 2009-08-13 Once upon a time all literature was fantasy set in a mythical past when magic existed animals talked and the gods took an active hand in earthly affairs As the mythical past was displaced in Western estimation by the historical

past and novelists became increasingly preoccupied with the present fantasy was temporarily marginalized until the late 20th century when it enjoyed a spectacular resurgence in every stratum of the literary marketplace Stableford provides an invaluable guide to this sequence of events and to the current state of the field The chronology tracks the evolution of fantasy from the origins of literature to the 21st century The introduction explains the nature of the impulses creating and shaping fantasy literature the problems of its definition and the reasons for its changing historical fortunes The dictionary includes cross referenced entries on more than 700 authors ranging across the entire historical spectrum while more than 200 other entries describe the fantasy subgenres key images in fantasy literature technical terms used in fantasy criticism and the intimately convoluted relationship between literary fantasies scholarly fantasies and lifestyle fantasies The book concludes with an extensive bibliography that ranges from general textbooks and specialized accounts of the history and scholarship of fantasy literature through bibliographies and accounts of the fantasy literature of different nations to individual author studies and useful websites
