Sleep Of Reason Erotic Experience And Sexual Ethics In Ancient Greece And Rome:

The Sleep of Reason Martha C. Nussbaum, Juha Sihvola, 2013-08-02 Sex is beyond reason and yet we constantly reason about it. So too did the peoples of ancient Greece and Rome. But until recently there has been little discussion of their views on erotic experience and sexual ethics. *The Sleep of Reason* brings together an international group of philosophers, philologists, literary critics, and historians to consider two questions normally kept separate: how is erotic experience understood in classical texts of various kinds, and what ethical judgments and philosophical arguments are made about sex. From same-sex desire to conjugal love, and from Plato and Aristotle to the Roman Stoic Musonius Rufus, the contributors demonstrate the complexity and diversity of classical sexuality. They also show that the ethics of eros in both Greece and Rome shared a number of commonalities: a focus not only on self-mastery but also on reciprocity; a concern among men not just for penetration and display of their power but also for being gentle and kind, and for being loved for themselves; and that women and even younger men felt not only gratitude and acceptance but also joy and sexual desire. Contributors: Eva Cantarella, Kenneth Dover, Chris Faraone, Simon Goldhill, Stephen Halliwell, David M. Halperin, J. Samuel Houser, Maarit Kaimio, David Konstan, David Leita, Martha C. Nussbaum, A. W. Price, Juha Sihvola. *Greek and Roman Sexualities: A Sourcebook* Jennifer Larson, 2012-09-06 Since the publication of Foucault's *History of Sexuality*, the volume of Classical scholarship on gender, sexuality, and the body has steadily increased in tandem with the expansion of these topics in other areas of the Humanities. This volume will provide readers with a substantial selection of primary sources documenting sexualities, sexual behaviors, and perceptions of sex, sexuality, gender, and the body among people in the ancient Greco-Roman world. The coverage will begin with Homer in the eighth century BCE and will focus most heavily on Classical Greece and Rome from the Republic to the early Empire, though sources reflecting societal changes in later antiquity and a selection of Jewish and Christian readings will also be included. Authors will include Hippocrates, Plato, Aristotle, Galen, Ovid, and Plutarch, with each chapter including one or two substantial focal readings. The materials will include poetry, history, oratory, medical, and philosophical writings, letters, and inscriptions, both public and private. **Sexuality and the Jesus Tradition** William Loader, 2005-02-03 Discourse related to sex excites passion and debate partly because sexuality is a central aspect of what it means to be human. Following up on his recent book on sexuality in the Septuagint, William Loader here explores what the Christian Gospels and related writings have to say about sexuality, how they reflect the faith and social values of their day, and what impact they've had on our own. *Sexuality and the Jesus Tradition* is thorough in its investigation and compelling in its analyses. Loader examines all of the passages that convey views about sexuality in the Gospels and other first-century literature, including the Gospel of Thomas and the influence of Paul of Tarsus in the Jesus tradition. Among the interesting topics covered are attitudes concerning lust, perspectives on marriage and divorce, and views about celibacy. Loader shows how, despite the passing of two thousand years and massive social change, these ancient texts contain common issues that we still

Sex, Christ, and Embodied Cognition Robert H. von Thaden Jr., 2017-06-13 A sociorhetorical analysis of First Corinthians Robert H von Thaden Jr's sociorhetorical analysis examines Paul's construction of sexual Christian bodies in First Corinthians by utilizing new insights from conceptual integration blending theory about the embodied processes of meaning making Paul's teaching about proper sexual behavior in this letter is best viewed as an example of early Christian wisdom discourse This discourse draws upon apocalyptic and priestly cognitive frames to increase the rhetorical force of the argument Reading Paul's argument through the lens of rhetorical invention von Thaden demonstrates that Paul first attempts to show the Corinthians why sexual immorality is the worst of all bodily sins before shifting rhetorical focus to explain to them how they can best avoid this infraction against the body of Christ Features A programmatic application of conceptual integration theory using a sociorhetorical mode of interpretation A vivid account of key aspects of conceptual integration theory and how they function in sociorhetorical interpretation A detailed application of these strategies to interpret 1 Corinthians 14 6 12 7 7

The Oxford Handbook of New Testament, Gender, and Sexuality Benjamin H. Dunning, 2019-10-10 Over several decades scholarship in New Testament and early Christianity has drawn attention both to the ways in which ancient Mediterranean conceptions of embodiment sexual difference and desire were fundamentally different from modern ones and also to important lines of genealogical connection between the past and the present The result is that the study of gender and sexuality in early Christianity has become an increasingly complex undertaking This is a complexity produced not only by the intricacies of conflicting historical data but also by historicizing approaches that query the very terms of analysis whereby we inquire into these questions in the first place Yet at the same time recent work on these topics has produced a rich and nuanced body of scholarly literature that has contributed substantially to our understanding of early Christian history and also proved relevant to ongoing theological and social debates The Oxford Handbook of Gender and Sexuality in the New Testament provides a roadmap to this lively scholarly landscape introducing both students and other scholars to the relevant problems debates and issues Leading scholars in the field offer original contributions by way of synthesis critical interrogation and proposals for future questions hypotheses and research trajectories
