man John Sullivan Brooks fresh out of college arrived with dreams of finding lost cities Mayan temples and old civilizations At
first he bought into the many stories and ideas and he had plenty of people willing to sell their secrets maps and directions to
this eager young man All he ever found were old myths other people s dreams and rocks lots of rocks so he gave up on those
ideas Twenty years later still working deep in the Brazilian jungle Brooks accidently stumbled on a secret legend hidden for
thousands of years An ancient people still alive living deep in the Amazon They had started their travel here from the frozen
north twelve thousand years before These were the people of the Great Blue Ice Wall They had migrated here over time from
a land cold and harsh covered with glaciers Their many stories and oral history told of an ancient time when humans feared
man s only natural predator a prehistoric beast that even today creates deep in us a natural fear of the dark This Legend of
the Jerawoc and this hidden city were well hidden behind real native fears of death to anyone who spoke of them The legend
was real and this changed everything Brook s challenge now was to protect these ancient people and their history from
modern man s greed *Congressional Record* United States. Congress,1983
