**The St. James Opera Encyclopedia** John Guinn, Les Stone, 1997 The history of opera in all its drama and pageantry is thoroughly explored in thoughtful text and dramatic illustration Covering the art from its beginnings to the present The St James Opera Encyclopedia presents 600 in depth entries covering 2 000 operas composers performers conductors librettists designers directors and producers 100 photos **Historical Dictionary of Opera** Scott L. Balthazar, 2013-07-05 Opera has been around ever since the late 16th century and it is still going strong in the sense that operas are performed around the world at present and known by infinitely more persons than just those who attend performances On the other hand it has enjoyed periods in the past when more operas were produced to greater acclaim Those periods inevitably have pride of place in this Historical Dictionary of Opera as do exceptional singers and others who combine to fashion the opera whether or not they appear on stage But this volume looks even further afield considering the cities which were and still are opera centers literary works which were turned into librettos and types of pieces and genres While some of the former can be found on the web or in other sources most of the latter cannot and it is impossible to have the whole picture without them Indeed this book has an amazingly broad scope The dictionary section with about 340 entries covers the topics mentioned above but obviously focuses most on composers not just the likes of Mozart Verdi and Wagner but others who are scarcely remembered but made notable contributions Of course there are the divas but others singers as well and some of the most familiar operas Don Giovanni Tosca and more Technical terms also abound and reference to different genres from antimasque to zarzuela Since opera has been around so long the chronology is rather lengthy since it has a lot of ground to cover and the introduction sets the scene for the rest This book should not be an end but rather a beginning so it has a substantial bibliography for readers seeking more specific or specialized works It is an excellent access point for readers interested in opera *St. James Modern Masterpieces* Udo Kultermann, 1998 From Andy Warhol's Gold Marilyn Monroe to Maya Ying Lin's Vietnam Veterans Memorial in Washington D C and from a photographic portrait by Robert Mapplethorpe to the Porsche 911 automobile each of the 200 works featured within have achieved the status of classic or masterpiece International in scope St James Modern Masterpieces presents an exciting overview of the finest in art architecture photography and design created since 1945 Experts in each of the four disciplines led by distinguished art and architecture scholar Udo Kultermann discuss the works at length assessing the importance of the pieces in their artistic and cultural context **BOOK JACKET** Title Summary field provided by Blackwell North America Inc All Rights Reserved **The Hispanic Connection** Zenia S.
