The First Catechetical Instruction. De Catechizandis Rudibus. Translated and Annotated by the Rev. Joseph P. Christopher Saint Augustine (Bishop of Hippo.),Joseph Patrick CHRISTOPHER,1946 **St. Augustine, the First Catechetical Instruction** ,1984-06 Written about the year 405 this treatise is unique in that it embodies both a manual for the catechist and a catechesis for the prospective catechumen The First Catechetical Instruction Saint Augustine (of Hippo),1952 *The First Catechetical Instruction* saint Augustin (évêque d'Hippone.),1946 *The First Catechetical Instruction* Saint Augustine (Bishop of Hippo.),1978 A Study of St. Augustine's Use of Motivation in "The First Catechetical Instruction" Margaret Cronin,1959

The First Catechetical Instruction Saint Augustine (of Hippo),1946 *The Prophetic Spirit of Catechesis* Anne Marie Mongoven,2000 This pastoral book presents a new way to catechize adults using the relationship between ordinary life and Christian faith it combines both theoretical considerations and practical strategies For both professional and volunteer catechists **St. Augustine on the Psalms: Psalms 30-37** Saint Augustine (Bishop of Hippo.),1960 **The First Catechetical Instruction** saint Augustin (évêque d'Hippone.),1952 Transformations of Religious Practices in Late Antiquity Eric Rebillard,2024-08-01 The eighteen papers collected in this volume fifteen of which are published in English for the first time explore the transformations of religious practices between the third and the fifth centuries in the Western part of the Roman Empire They share an approach that privileges the study of processes and interactions and does not take for granted the categories and roles traditionally ascribed to social actors A first group of papers focuses on the sermons and letters of Augustine of Hippo These texts are precious evidence for balancing the clerical perspective that characterizes most of our sources and can thus shed a different light on the problem of Christianization The second group collects papers that propose to shift attention from the construction of heresies to that of orthodoxy through the case study of the controversy of Augustine against Pelagius and Julian of Eclanum A last group present studies that look at the complex relation between burial and religion with a particular focus on the role played by the church in the organization of the burial of Christians in Late Antiquity **A Biography, Revised Edition with a New Epilogue** Peter Brown,2000-11-24 Classic biography published 30 years ago Contains new thoughts in a 2 chapter epilogue **The Catechetical instructions of St. Thomas Aquinas** Apostle Horn, *Angels in Early Medieval England* Richard Sowerby,2016-07-28 In the modern world angels can often seem to be no more than a symbol but in the Middle Ages men and women thought differently Some offered prayers intended to secure the angelic assistance for the living and the dead others erected stone monuments carved with images of

winged figures and still others made angels the subject of poetic endeavour and theological scholarship. This wealth of material has never been fully explored and was once dismissed as the detritus of a superstitious age. *Angels in Early Medieval England* offers a different perspective by using angels as a prism through which to study the changing religious culture of an unfamiliar age. Focusing on one corner of medieval Europe which produced an abundance of material relating to angels, Richard Sowerby investigates the way that ancient beliefs about angels were preserved and adapted in England during the Anglo Saxon period. Between the sixth century and the eleventh the convictions of Anglo Saxon men and women about the world of the spirits underwent a gradual transformation. This book is the first to explore that transformation and to show the ways in which the Anglo Saxons tried to reconcile their religious inheritance with their own perspectives about the world, human nature and God.
