St Catharines Garden On The Canal:

St. Catharines, Garden on the Canal Robert Shipley, 1987 The Mighty Niagara John N. Jackson, 2003-03 makes some notable contributions to the popular and scholarly literature about the Niagara region a welcome addition to the literature of US Canada cross border studies The Canadian Historical Review provides a most engaging and eloquently written story a learned tale of the Niagara region s associated historical triumphs and abiding challenges The book s geographical and social histories will be of interest not only to residents of the Niagara Frontier but to anyone who has ever been fascinated by the complexly related natural and technological wonders that have helped to make Niagara one of the world s most famous and enduring icons ISLE This in depth regional study of the Niagara Frontier traces the evolution of landscape and patterns of settlement on both sides of the Niagara River extending from St Catharines Ontario to Lockport New York This significant region astride an international frontier both connects and separates unites and divides Canadian and American territories bordering the Niagara River Like map overlays that build on an underlying base geography Professor Jackson s chronological approach begins with the qualities of the physical background and their ongoing ramifications up to the present for the use and development of land He then adds the Native settlements showing their trails and economic activities while highlighting the amazing fact that certain Native features remain an intrinsic part of the modern landscape The next time period reveals that the previous human landscapes once continuous across the Niagara River became acutely discontinuous with the creation in 1783 of an unseen but divisive international boundary Subsequent chapters follow the changes over the course of time as canals railways hydroelectric power and the dominance of the automobile in the present era all transform the environment Jackson also discusses Niagara Falls as the fulcrum around which the Niagara Frontier has developed and the impact of the tourist industry on the region This thorough analysis of an important international region will be of great use to students of regional urban and historical geography as well as to anyone involved in cross boundary trade education or tourism John N Jackson St Catharines Ontario is professor emeritus of applied geography at Brock University and the author of fourteen previous books on regional geography and history John Burtiak St Catharines now retired was the special collections librarian and university archivist at Brock University Gregory P Stein Buffalo NY is associate professor of geography and planning at SUNY College at Buffalo *The Welland Canals and Their Communities* John N. Jackson, 1997-01-01 An examination of the role and contributions of the four Welland Canals to the development of Niagara Peninsula communities *Meaningful Pasts* Russell Johnston, Michael Ripmeester, 2024-01-31 In *Meaningful Pasts* Russell Johnston and Michael Ripmeester explore two strands of identity making among residents of the Niagara region in Ontario Canada First they describe the region s official narratives most of which celebrate the achievements of white settlers with a mix of storytelling rituals and monuments Despite their presence in local lore and landmarks these official narratives did not resonate with the nearly one thousand residents who participated in five surveys

conducted over eleven years Instead participants drew on contemporary people places and events Second the authors explore the emergence of Niagara s wine industry as a heritage narrative The book shares how the survey participants embraced the industry as a local identifier and indicates how the industry s efforts have rekindled the residents interest in agriculture as a significant element of regional heritage and local identities Revealing how the profiles of local narratives and commemorations become entwined with social cultural economic and political power Meaningful Past illuminates the fact that local narratives retain their relevance only if residents find them meaningful in their day to day lives **Mennonites in Canada: 1939-1970 : a people transformed** Frank H. Epp,T. D. Regehr,1974-01-01 T D Regehr shows how the Second World War challenged the pacifist views of Mennonites and created a population more aware of events problems and opportunities for Christian service and personal advancement in the world beyond their traditional rural communities

Port Dalhousie: An Intimate History Christine Aloian-Robertson,David Serafino,2020-07-11 Port Dalhousie started out as a farming and fishing settlement at the mouth of Twelve Mile Creek at what would become the northern terminus of the First Welland Canal Throughout the 19th century it prospered and grew into a village and then a town but fell into a gradual decline due to the opening of the Fourth Welland Canal in Port Weller three miles to the east in 1932 the end of passenger ship service in 1950 and the closing of the popular Lakeside Park in 1971 In 1961 it was incorporated into the City of St Catharines and in 1974 woke up to a resurgence of pride in a community that discovered its incredible history Many of those residents who had lived through the earliest of these times were still alive when the interviews herein were first being recorded Though the forty some interviews contained within add personal colour humour and passion to the story that is Port Dalhousie the historical account would not be complete without a narrative that defines the eras that this settlement village and town passed through on the way to becoming what it is today This history begins at the close of the 18th century and carries on to the early 1960s when it ceased being a town and became a suburb of the City of St Catharines The many who remember the days prior to amalgamation and even many newcomers identify with living in Port Dalhousie or as the old timers would say Pordaloozie *Borderland Blacks* dann j. Broyld,2022-05-25 Winner of the OHS Fred Landon Award In the early nineteenth century Rochester New York and St Catharines Canada West were the last stops on the Niagara branch of the Underground Railroad Both cities handled substantial fugitive slave traffic and were logical destinations for the settlement of runaways because of their progressive stance on social issues including abolition of slavery women s rights and temperance Moreover these urban centers were home to sizable free Black communities as well as an array of individuals engaged in the abolitionist movement such as Frederick Douglass Harriet Tubman Anthony Burns and Hiram Wilson dann j Broyld s *Borderland Blacks* explores the status and struggles of transient Blacks within this dynamic zone where the cultures and interests of the United States Canada Great Britain and the African Diaspora overlapped Blacks in the two cities shared newspapers annual celebrations religious organizations and kinship and friendship ties Too often historians have focused on

the one way flow of fugitives on the Underground Railroad from America to Canada when in fact the situation on the ground was far more fluid involving two way movement and social collaborations Black residents possessed transnational identities and strategically positioned themselves near the American Canadian border where immigration and interaction occurred Borderland Blacks reveals that physical separation via formalized national barriers did not sever concepts of psychological memory or restrict social ties Broyld investigates how the times and terms of emancipation affected Blacks on each side of the border including their use of political agency to pit the United States and British Canada against one another for the best possible outcomes **General Report of the Commissioner** ,1878 **Emancipation Day** Natasha L.
