Hold'em Poker Stacked Decks for Magicians Bruce Carley, What is a stacked deck The deck is set up in such a way that a designated player is guaranteed to win the hand It could be the dealer the usual case or another player at the game Everything will seem completely fair to the players but probably not very happy about the result In some cases another player can deal the cards and they will win or lose depending on the magician s presentation The deck is cut by the players as many times as they wish Remember this point Magicians perform stacked deck tricks all the time but mostly for pick a card type tricks And these stacked decks are for entertainment purposes only Stacked Deck J.R. Roberts, HOUSE RULES

Saloon owner Matt Barstow is a gambling man and his winnings have made him very rich and powerful For that alone most folks go out of their way to please him But not the Gunsmith He doesn't see the need to please a cheater In fact he'd rather settle the score And even though Matt Barstow and his men may have him outnumbered all bets are on the Gunsmith hands down

Stacked Decks Robin Bartram, 2022-08-19 A startling look at the power and perspectives of city building inspectors as they navigate unequal housing landscapes Though we rarely see them at work building inspectors have the power to significantly shape our lives through their discretionary decisions The building inspectors of Chicago are at the heart of sociologist Robin Bartram's analysis of how individuals impact or attempt to impact housing inequality In *Stacked Decks* she reveals surprising patterns in the judgment calls inspectors make when deciding whom to cite for building code violations These predominantly white male inspectors largely recognize that they work within an unequal housing landscape that systematically disadvantages poor people and people of color through redlining property taxes and city spending that favor wealthy neighborhoods *Stacked Decks* illustrates the uphill battle inspectors face when trying to change a housing system that works against those with the fewest resources
