Stained Glass In England During The Middle Ages:

Stained Glass in England During the Middle Ages Richard Marks, 2006-01-16 First published in 1993 The first modern study of the medium this book considers stained glass in relation to architecture and other arts and by examining contemporary documents it throws valuable light on workshop organisation prices and patronage

Stained Glass of the Middle Ages in England and France Hugh Arnold, 1913 I have therefore chosen for study certain typical windows in each century and have written about them some of the things which interest me and which I hope will interest others The work of the countries and period I have chosen is of course the most important of all There is beauty it is true in much Renaissance work only a prig could resist the gaiety and charm of the windows of St Vincent at Rouen but it is for the most part beauty achieved in spite of and not through the material There is beautiful medieval work in Germany and Italy but the Germans till the Renaissance clung to a rather lifeless and archaic convention and the Italians were hampered by their greater knowledge of painting The art has found its noblest expression in the work of the great school which for nearly the whole of the Middle Ages was common to France and England There is especial reason why we English should study the work of our own mediaeval glass painters

Stained Glass of the Middle Ages in England and France Hugh Arnold, 2014-03-14 The Cathedral verger conducting his flock of tourists round the building while giving them plenty of really interesting and valuable information about it for the verger of to day is a different man from his predecessor and is often very intelligent and well informed remarks briefly The glass is of the thirteenth century or fourteenth or fifteenth as the case may be the procession gazes carelessly at it and passes on Yet from out of that dazzling and glowing labyrinth of coloured jewels a past age is speaking far more articulately if one stops to unravel the message than ever in stone or wood and it is for those who can be induced to take that second look which will be followed by a third and a fourth and many more that I have written this book

Stained Glass of the Middle Ages in England and France Arnold Hugh, 2016-06-23 Unlike some other reproductions of classic texts 1 We have not used OCR Optical Character Recognition as this leads to bad quality books with introduced typos 2 In books where there are images such as portraits maps sketches etc We have endeavoured to keep the quality of these images so they represent accurately the original artefact Although occasionally there may be certain imperfections with these old texts we feel they deserve to be made available for future generations to enjoy

The Culture of Medieval English Monasticism James G. Clark, 2007 Examinations of the culture artistic material musical of English monasteries in the six centuries between the Conquest and the Dissolution The cultural remains of England's abbeys and priories have always attracted scholarly attention but too often they have been studied in isolation appreciated only for their artistic codicological or intellectual features and not for the insights they offer into the patterns of life and thought the underlying norms values and mentalities of the communities of men and women which made them Indeed the distinguished monastic historian David Knowles doubted there would ever be sufficient evidence to recover the mentality of the ordinary cloister monk These twelve essays challenge this view They exploit newly catalogued and newly discovered evidence manuscript books wall paintings and even the traces of original monastic music to recover the cultural dynamics of a cross section of male and female communities It is often claimed that over time the cultural traditions of the monasteries were suffocated by secular trends but here it is suggested that many houses remained a major cultural force even on the verge of the Reformation James G Clark is Professor of History at the University of Exeter Contributors DAVID BELL ROGER BOWERS JAMES CLARK BARRIE COLLETT MARY ERLER G R EVANS MIRIAM GILL JOAN GREATREX JULIAN HASELDINE J D NORTH ALAN PIPER AND R M THOMSON
