

Stalin And Stalinism

James Ryan, Susan Grant

Stalin And Stalinism:

Stalin and Stalinism Martin McCauley, 2013-09-13 One of the most successful dictators of the twentieth century Stalin believed that fashioning a better tomorrow was worth sacrificing the lives of millions today He built a modern Russia on the corpses of millions of its citizens First published in 1983 Stalin and Stalinism has established itself as one of the most popular textbooks for those who want to understand the Stalin phenomenon Written in a clear and accessible manner and fully updated throughout to incorporate recent research findings the book also contains a chronology of key events Who's Who and Guide to Further Reading This concise assessment of one of the major figures of twentieth century world history remains an essential purchase for students studying the subject **Revisioning Stalin and Stalinism** James Ryan, Susan

Grant, 2020-11-12 This thought provoking collection of essays analyses the complex multi faceted and even contradictory nature of Stalinism and its representations Stalinism was an extraordinarily repressive and violent political model and yet it was led by ideologues committed to a vision of socialism and international harmony The essays in this volume stress the complex multi faceted and often contradictory nature of Stalin Stalinism and Stalinist style leadership and explore the complex picture that emerges Broadly speaking three important areas of debate are examined united by a focus on political leadership The key controversies surrounding Stalin's leadership role A reconsideration of Stalin and the Cold War New perspectives on the cult of personality Revisioning Stalin and Stalinism is a crucial volume for all students and scholars of Stalin's Russia and Cold War Europe

Stalin and Stalinism Martin McCauley, 2019-04-09 One of the most successful dictators of the twentieth century Stalin transformed the Communist Party of the Soviet Union into one of the world's leading political parties Stalin and Stalinism explores how he amassed retained and deployed power to dominate not only his close associates but the population of the Soviet Union and Soviet Empire Moving from leader to autocrat and finally despot Stalin played a key role in shaping the first half of the twentieth century with at one time around one third of the planet adopting his system His influence lives on despite turning their backs on Stalin's anti capitalism in the later twentieth century countries such as China and Vietnam retain his political model the unbridled power of the Communist Party First published in 1983 Stalin and Stalinism has established itself as one of the most popular textbooks for those who want to understand the Stalin phenomenon This updated fourth edition draws on a wealth of new publications and includes increased discussion on culture religion and the new society that Stalin fashioned as well as more on spying Stalin's legacy and his character as well as his actions Supported by a chronology of key events Who's Who and Guide to Further Reading this concise assessment of one of the major figures of the twentieth century world history remains an essential read for students of the subject

Stalin and Stalinism Alan Wood, 1990 Apart from the 1917 Russian Revolution itself Joseph Stalin's twenty five year dictatorship over the USSR is without doubt the most controversial phenomenon in the history of the Soviet Union This pamphlet examines Stalin's ambiguous personal and political legacy his achievements and his crimes all now the subject of

major reappraisal both in the West and in the former Soviet Union **Stalinism** David Hoffmann, 2008-04-15 This book comprises 11 essays on Stalinism by both eminent historians and younger scholars who have conducted research in the newly opened Russian archives They discuss both the origins and consequences of Stalinism and illustrate recent scholarly trends in the field of Soviet history A collection of essays on Stalinism by both eminent and younger scholars Discusses both the origins and consequences of Stalinism Provides an overview of the debates for students new to the subject Includes the results of research in the newly opened Russian archives **Stalin and Stalinism** Martin McCauley, 1996 [Stalinism as a Way of Life](#) Lewis H. Siegelbaum, A. K. Sokolov, 2004-01-01 Maybe some people are shy about writing but I will write the real truth Is it really possible that people at the newspaper haven't heard this that we don't want to be on the kolkhoz collective farm we work and work and there's nothing to eat Really how can we live a farmer's letter 1936 from Stalinism as a Way of Life What was life like for ordinary Russian citizens in the 1930s How did they feel about socialism and the acts committed in its name This unique book provides English speaking readers with the responses of those who experienced firsthand the events of the middle Stalinist period The book contains 157 documents mostly letters to authorities from Soviet citizens but also reports compiled by the secret police and Communist Party functionaries internal government and party memoranda and correspondence among party officials Selected from recently opened Soviet archives these previously unknown documents illuminate in new ways both the complex social roots of Stalinism and the texture of daily life during a highly traumatic decade of Soviet history Accompanied by introductory and linking commentary the documents are organized around such themes as the impact of terror on the citizenry the childhood experience the countryside after collectivization and the role of cadres that were directed to decide everything In their own words peasants and workers intellectuals and the uneducated adults and children men and women Russians and people from other national groups tell their stories Their writings reveal how individual lives influenced and were affected by the larger events of Soviet history **Stalinism and the Politics of Mobilization** David Priestland, 2007-02 Stalinism and the Politics of Mobilization provides a new explanation of the political violence in Stalin's Soviet Union during the late 1930s by examining the thinking of Stalin and his allies and placing it in the broader context of Bolshevik ideas since 1917 *The Soviet Political Mind* Robert C. Tucker, 1972 The Soviet political mind was a mosaic of ideology and pragmatism **Politics, Society and Stalinism in the USSR** John Channon, 2015-08-30 Over the past two decades in the West there has been a substantial reappraisal of the Stalinist period Social historians in particular have focused their attention on the social dynamics of Stalinism This collection of essays is based on a conference held at the School of Slavonic East European Studies the University of London on Stalin and Stalinism The contributors have analysed specific areas of the research available on Stalin and Stalinism in the USSR debate Their work should be placed within the context of current scholarship in the field both in the Former Soviet Union and the West This groundbreaking text will be critical in stimulating interest in the subject and providing material for further debate *Stalinism* Sheila

Fitzpatrick,1999 First Published in 1999 Routledge is an imprint of Taylor Francis an informa company **Contending with Stalinism** Lynne Viola,2018-05-31 Resistance has become an important and controversial analytical category for the study of Stalinism The opening of Soviet archives allows historians an unprecedented look at the fabric of state and society in the 1930s Researchers long spellbound by myths of Russian fatalism and submission as well as by the very real powers of the Stalinist state are startled by the dimensions of popular resistance under Stalin Narratives of such resistance are inherently interesting yet the topic is also significant because it sheds light on its historical surroundings Contending with Stalinism employs the idea of resistance as a tool to explore what otherwise would remain opaque features of the social cultural and political history of the 1930s In the process the authors reveal a semi autonomous world residing within and beyond the official world of Stalinism Resistance ranged across a spectrum from violent strikes to the passive resistance that was a virtual way of life for millions and took many forms from foot dragging and negligence to feigned ignorance and false compliance Contending with Stalinism also highlights the problematic nature of resistance as an analytical category and stresses the ambiguous nature of the phenomenon The topics addressed include working class strikes peasant rebellions black market crimes official corruption and homosexual and ethnic subcultures Stalinism Alter L. Litvin,John L. H. Keep,2005 This volume the fruit of co operation between a British and Russian historian seeks to review comparatively the progress made in recent years largely thanks to the opening of the Russian archives in enlarging our understanding of Stalin and Stalinism and Soviet Cinema Derek Spring,Richard Taylor,2013-11-05 Stalinism and Soviet Cinema marks the first attempt to confront systematically the role and influence of Stalin and Stalinism in the history and development of Soviet cinema The collection provides comprehensive coverage of the antecedents role and consequences of Stalinism and Soviet cinema how Stalinism emerged what the relationship was between the political leadership the cinema administrators the film makers and their films and audiences and how Soviet cinema is coming to terms with the disintegration of established structures and mythologies Contributors from Britain America and the Soviet Union address themselves to the importance of the Stalinist legacy not only to the history of Soviet cinema but to Soviet history as a whole **Stalinism** George R. Urban,1982 Interviews met tijdgenoten en deskundigen over Stalin s persoonlijkheid en de invloed van het Stalinisme op de politieke ontwikkeling in vele landen **Late Stalinism** Evgeny Dobrenko,2020-07-14 How the last years of Stalin s rule led to the formation of an imperial Soviet consciousness In this nuanced historical analysis of late Stalinism organized chronologically around the main events of the period beginning with Victory in May 1945 and concluding with the death of Stalin in March 1953 Evgeny Dobrenko analyzes key cultural texts to trace the emergence of an imperial Soviet consciousness that he argues still defines the political and cultural profile of modern Russia Stalinism Robert C. Tucker,2017-07-05 In the years since Stalin s death his profound influence upon the historical development of Communism has remained elusive and in need of interpretation Stalinism as his system has become known is a phenomenon which

embraced all facets of political and social life While its effect upon the Soviet Union and other nations today is far less than it was while Stalin lived it is by no means dead In this landmark volume some of the world s foremost scholars of the subject in a concerted group inquiry present their interpretations of Stalinism and its influence on all areas of comparative Communist studies from history and politics to economics sociology and literary scholarship The studies contained in this volume are an outgrowth of a conference on Stalinism held in Bellagio Italy sponsored by the American Council of Learned Societies In his major contribution to this book Leszek Kolakowski calls Stalinism a unified state organism facing atom like individuals This extraordinary volume augmented by a revealing new introduction by the editor Robert C Tucker can be seen as amplifying that remark nearly a half century after the death of Joseph Stalin himself Contributors to this work are Wlodzimierz Brus Katerina Clark Stephen F Cohen Alexander Erlich Leszek Kolakowski Moshe Lewin Robert H McNeal Mihailo Markovic Roy A Medvedev T H Rigby Robert Sharlet and H Gordon Skilling Robert C Tucker s principle work on Stalin has been described by George F Kennan as the most significant single contribution made to date anywhere to the history of Soviet power *The Stalin Years* Evan Mawdsley,2003-09-06 Looking at the entire Stalin era this book contains chapters on ideology politics economic development social change nationalities culture and external relations and the Great Terror An updated bibliography including a wealth of recent English language work on the rule of Stalin is included **The Stalinist Era** David L. Hoffmann,2018-11-15 Placing Stalinism in its international context The Stalinist Era explains the origins and consequences of Soviet state intervention and violence *Everyday Stalinism* Sheila Fitzpatrick,1999-03-04 Here is a pioneering account of everyday life under Stalin written by a leading authority on modern Russian history Focusing on the urban population Fitzpatrick depicts a world of privation overcrowding endless lines and broken homes in which the regime s promises of future socialist abundance rang hollowly We read of a government bureaucracy that often turned life into a nightmare and of how ordinary citizens tried to circumvent it We also read of the secret police whose constant surveillance was endemic at this time and the waves of terror like the Great Purges of 1937 which periodically cast society into turmoil

Adopting the Beat of Phrase: An Psychological Symphony within **Stalin And Stalinism**

In some sort of consumed by monitors and the ceaseless chatter of quick interaction, the melodic elegance and psychological symphony created by the written term often fade in to the backdrop, eclipsed by the relentless noise and distractions that permeate our lives. However, situated within the pages of **Stalin And Stalinism** a wonderful literary prize brimming with organic thoughts, lies an immersive symphony waiting to be embraced. Crafted by an elegant composer of language, that captivating masterpiece conducts visitors on a psychological trip, well unraveling the concealed tunes and profound influence resonating within each carefully crafted phrase. Within the depths of this emotional evaluation, we shall explore the book is key harmonies, analyze their enthralling writing type, and submit ourselves to the profound resonance that echoes in the depths of readers souls.
