Stalin's Soviet Justice David M. Crowe, 2019-06-13 From the show trials of the 1920s and 1930s to the London Conference this book examines the Soviet role in the Nuremberg IMT trial through the prism of the ideas and practices of earlier Soviet legal history detailing the evolution of Stalin s ideas about the trial of Nazi war criminals Stalin believed that an international trial for Nazi war criminals was the best way to show the world the sacrifices his country had made to defeat Hitler and he together with his legal mouthpiece Andrei Vyshinsky maintained tight control over Soviet representatives during talks leading up to the creation of the Nuremberg IMT trial in 1945 and the trial itself But Soviet prosecutors at Nuremberg were unable to deal comfortably with the complexities of an open western style legal proceeding which undercut their effectiveness throughout the trial However they were able to present a significant body of evidence that underscored the brutal nature of Hitler s racial war in Russia from 1941 45 a theme which became central to Stalin s efforts to redefine international criminal law after the war Stalin s Soviet Justice provides a nuanced analysis of the Soviet justice system at a crucial turning point in European history and it will be vital reading for scholars and advanced students of the legal history of the Soviet Union the history of war crimes and the aftermath of the Second World War

From Lenin to Castro, 1917-1959 Mervyn J. Bain, 2013-05-09 This book addresses the relationship between Moscow and Havana in the period between the Russian and Cuban Revolutions i e from November 1917 to January 1959 It analyzes the reasons why in this era before the Cuban Revolution which is traditionally thought to have ignited Moscow's interest in the Caribbean island a relationship existed

between the two countries at a variety of different levels In order to do this both the attention that the Third International or Comintern gave to Cuba as well as Moscow's formal state to state relations with Havana are examined In addition United States policy towards both socialism and the Soviet Union are analyzed due to the role that Washington played in Cuba prior to the Cuban Revolution Following this an examination of the events process and dynamics that characterized the nature of the relationship between Moscow and Havana from 1917 to 1959 will be conducted A number of conclusions will be given but the primary one is that prior to January 1959 the Kremlin took considerable interest in Cuba and did not suffer from geographical fatalism as has traditionally been thought This is significant in itself but also in light of the relationship that rapidly developed between Moscow and Havana in the aftermath of the Cuban Revolution as a number of factors that were important in the pre 1959 relationship would also be significant after 1959 Furthermore this analysis is also important for the contemporary bilateral relationship between Russia and Cuba as both governments have made increasing reference to the multifaceted relationship that existed prior to 1959
