## Stand Alone Stan:

**Stand Alone Stan** Phillip Mann,2011-09-29 Britannia 1993 In a world where the Roman legionaries never left Britain a man can walk from the walls of York or Eboracum to the southern seas without leaving the shade of the greenwood inhabited by wildcats wolves and bears as well as the descendants of the folk who built Stonehenge Solar powered air cars journey along straight roads that connect them to the Roman settlements and link them to the cities of a global empire When a jealous feud forced three young people into the forest they discovered an older Britain where the rules of rational Rome no longer applied But now their sanctuary has been besieged and they are once more on the run Their destination this time is Stand Alone Stan a community built around an ancient standing stone high on the Yorkshire Moors And it is here that their paths must at last diverge and we begin to suspect the very different destinies that await them Stand Alone Stan is the second volume of A Land Fit for Heroes **Stand Alone Stan** Phillip Mann,1995 [Catalog of Copyright Entries](#) Library of Congress. **Escape to the Wild Wood** Phillip Mann,2011-09-29 Britannia is a land of forests it is said a man can walk from the walls of Eboracum to the southern sea without leaving the shade of the greenwood inhabited by wildcats wolves and bears as well as by the descendants of the folk who built Stonehenge Traversing the forests linking the Roman cities are the straight Roman roads on which solar powered aircars travel from the far north of Britain to expressways that link with London Rome Constantinople and beyond In this world Rome never fell to the Barbarians the legions never left Britain and now in the late twentieth century Rome is the capital of a vast global civilisation Outside Eboracum or York as we know it and dominating the city is the Battle Dome a vast hemisphere enclosing the artificial landscapes where the Games as brutal deadly and colourful as ever are held Here the destinies of three young people come together when a jealous feud forces them to flee the Dome and take refuge in the forest There Viti Miranda and Angus discover that the older Britain that has endured for two millennia where the assumptions of rational Romans and city dwellers no longer apply And it is there they find they must learn new lessons about their world if they are to survive This first volume of A Land Fit for Heroes is a superb lyrical novel of cultures clashing in a wonderfully evoked alternate world filled with magic wonder and haunting sense of place Would the Real Stanley Carrot Please Stand Up?
