Overcoming Challenges in Corpus Construction Robbie Love, 2020-01-06 This volume offers a critical examination of the construction of the Spoken British National Corpus 2014 Spoken BNC2014 and points the way forward toward a more informed understanding of corpus linguistic methodology more broadly The book begins by situating the creation of this second corpus a compilation of new publicly accessible Spoken British English from the 2010s within the context of the first created in 1994 talking through the need to balance backward capability and optimal practice for today s users Chapters subsequently use the Spoken BNC2014 as a focal point around which to discuss the various considerations taken into account in corpus construction including design data collection transcription and annotation The volume concludes by reflecting on the successes and limitations of the project as well as the broader utility of the corpus in linguistic research both in current examples and future possibilities This exciting new contribution to the literature on linguistic methodology is a valuable resource for students and researchers in corpus linguistics applied linguistics and English language teaching

Social Inequalities and Occupational Stratification Paul Lambert, Dave Griffiths, 2018-04-18 This book explores how structures of social inequality are linked to the social connections that people hold The authors focus upon occupational inequalities where they see for example that the typical friendship patterns of people from one occupation are often very different to those of people from another Social Inequalities and Occupational Stratification leverages empirical data about differences in social connections to chart structures of social distance and social inequality Several of its chapters provide coverage of the long standing Cambridge Social Interaction and Stratification scale CAMSIS project and its approach to analysing social interaction patterns in terms of a single dimension related to social inequality

Global Issues in Contemporary Policing John Eterno, Arvind Verma, Aideo Mintie Das, Dilip K. Das, 2017-03-03 This book addresses six areas of policing performance management professional and academic partnerships preventing and fighting crime and terrorism immigrant and multicultural populations

policing the police and cyber security The book contains the most current and ground breaking research across the world of policing with contributors from over 20 countries It is also a suitable reference or textbook in a special topics course It consists of edited versions of the best papers presented at the IPES annual meeting in Budapest Career Paths for Programmers Jack Downey,2008-12-18 The creation of computer software is traditionally associated with technically brilliant but socially inept people the programmer character in the movie Jurassic Park being a perfect example However the development of commercial software is a task requiring input from a multi disciplinary team the success of which depends not only on the team members technical skills but also on their ability to communicate and collaborate with each other Based on a three year research study this book explores the various roles associated with software development It explains how these roles are not clearly defined or delimited and it also highlights the extent to which practitioners have to deal with both technical and non technical people colleagues managers sales people customers and suppliers By focussing on senior practitioners people in their thirties and forties this book investigates the skills needed in these roles and shows the diverse paths practitioners take to get to their current positions It will be of interest to all software practitioners who are concerned about the options available to them later in their careers It also offers support to human resource personnel who might struggle to develop job descriptions for software people Finally it offers insights to national policy makers who wish to see the Irish software industry survive in the global market **Dulces Por Naturaleza** Angelita Bianculli,2003 **The Oxford Handbook of Skills and Training** Chris Warhurst,Ken Mayhew,David Finegold,John Buchanan,2017 Skills and workforce development are at the heart of much research on work employment and management But are they so important To what extent can they make a difference for individuals organizations and nations How are the supply and more importantly the utilization of skill currently evolving What are the key factors shaping skills trajectories of the future This Handbook provides an authoritative consideration of issues such as these It does so by drawing on experts in a wide range of disciplines including sociology economics labour industrial relations human resource management education and geography The Handbook is relevant for all with an interest in the changing nature and future of work employment and management It draws on the latest scholarly insights to shed new light on all the major issues concerning skills and training today While written primarily by leading scholars in the field it is equally relevant to policy makers and practitioners responsible for shaping the development of human capability today and into the future **Helping to Shape Tomorrow** Great Britain. Cabinet Office,2008 This paper Cm 7513 Helping to Shape Tomorrow ISBN 9780101751322 sets out the terms of the next census which is to be held on Sunday 27 March 2011 in England Wales Scotland and Northern Ireland subject to separate legislative procedures in the Scottish Parliament and the Northern Ireland Assembly The Census will be the 21st in a series carried out every 10 years in England and Wales since 1801 except 1941 The census provides reliable information on the number and characteristics of the population and their holdholds which is used by government local authorities the health

service the education and academic community commercial business and professional organisations Key design features of this census will be as follows that the 2011 Census will cover everyone usually resident in England and Wales forms will be primarily delivered by post with the public being able to return completed forms either by post online or via doorstep collection there will be more questions in this census covering issues such as national identity and citizenship ethnicity second residences language civil partnerships and the date of entry into the UK for immigrants The publication is divided into seven chapters

The SAGE Handbook of Social Research Methods Pertti Alasuutari, Leonard Bickman, Julia Brannen, 2008-02-25 The SAGE Handbook of Social Research Methods is a must for every social science researcher It charts the new and evolving terrain of social research methodology covering qualitative quantitative and mixed methods in one volume The Handbook includes chapters on each phase of the research process research design methods of data collection and the processes of analyzing and interpreting data The volume maintains that there is much more to research than learning skills and techniques methodology involves the fit between theory research questions research design and analysis The book also includes several chapters that describe historical and current directions in social research debating crucial subjects such as qualitative versus quantitative paradigms how to judge the credibility of types of research and the increasingly topical issue of research ethics The Handbook serves as an invaluable resource for approaching research with an open mind This volume maps the field of social research methods using an approach that will prove valuable for both students and researchers

Employment Location in Cities and Regions Francesca Pagliara, Michiel de Bok, David Simmonds, Alan Wilson, 2012-11-06 The focus of this book is the modeling of the location of economic activities measured in terms of employment in land use and transportation systems These measures are key inputs to models at intra urban scales of the flows of persons and goods for both urban and transport planning The models described here are either components of comprehensive models or specialist studies Economic activities can be defined in terms of jobs or private sector firms and public service organisations Different levels of aggregation are used both in terms of organisational and geographical dimensions In the case of firms and public organizations a distinction can be made between the organizations themselves and corresponding establishments For urban simulation models it is the location of establishments that is important At the more coarse levels of aggregation that are usually used in comprehensive models firms and organizations are aggregated into sectors

Speaking Truth to Power Coffield, Frank, 1999-07-07 In this collection of essays researchers discuss the implications of their findings for policy They make recommendations for policy makers and those concerned to improve the quality of learning at work

Gendered Lives Shirley Dex, Jacqueline L. Scott, Anke Plagnol, 2012-01-01 This state of the art collection brings together the latest research of eminent experts in the field It combines a wide sweep with focused analysis of gender dynamics at home and at work and the interaction between them A longitudinal and life course perspective underpins the authors assessment of the current state of gender inequality and helps explain why some domains are more

resistant to change than others This timely and innovative volume will be an excellent resource for academics and policy makers alike Miriam Glucksmann University of Essex UK This meticulous book examines how gender inequalities in contemporary societies are changing and how further changes towards greater gender equality might be achieved The focus of the book is on inequalities in production and reproductive activities as played out over time and in specific contexts It examines the different forms that gendered lives take in the household and the workplace and explores how gender equalities may be promoted in a changing world Gendered Lives offers many novel and sometimes unexpected findings that contribute to new understandings of not only the causes of gender inequalities but also the ongoing implications for economic well being and societal integration This topical and interdisciplinary study by leading researchers in the field will appeal to course leaders researchers and postgraduate students in sociology economics public policy demography and human geography Social scientists interested in gender equality labour market behaviour and public policy will also find much to interest them in this fascinating book

The Employment Legacy of the 2012 Olympic Games Niloufar Vadiati, 2019-11-21 This book offers a detailed account of the employment promises made to local East Londoners when the Summer Olympic Games 2012 were awarded to London as well as an examination of how those promises had morphed into the Olympic Labor market jamboree from which local communities were excluded Regarding the global job market of London this study provides a nuanced empirical view on how the world's biggest mega event was experienced and endured in terms employment by its immediate hosts in one of the UK's poorest most ethnically complex and transient areas The data has been collected through ethnographic observation and interviews with local residents and expert interviews with the Olympic delivery professionals Using Bourdieusian theory of contested capital the findings provide an important bearing on the reproduction of inequality in the local labor markets of Olympic host cities

Ensuring Competent Performance in Forensic Practice Keith Hadley, Michael J. Fereday, 2007-11-19 This is the first book of its kind to encourage a common understanding of competence and demonstrate the application of standards and practice in all aspects of forensic science including collection of evidence interpretation of scientific analysis and appropriate methods of testimony The authors stress the standardization of proper training and testing procedures and give clear guidelines for effective training programs based on occupational standards The book examines the importance of workplace assessments of competence and emphasizes the role of those involved in the assessment process The authors include several case studies demonstrating competence in practice and the methods to ensure consistent high standards in the future
