

### MODULE 3: GOALS

Learn why there  
are two sides to  
each court case  
(trial).

Who are the  
people in the  
courtroom and  
what do they do?

What are general  
courtroom  
procedures?

Remind your  
client this is not a  
test!

## Module 3: The Juvenile Justice System

This is what you want to teach your client in Module 3:

That the legal process is two-sided by design.

Trials in juvenile court are called trials both in practice  
and statute/rule.

At the trial, the client's defense attorney will tell the client's side  
of the story, the prosecutor will tell their side of the story, and  
the judge will decide if the prosecution has proved the charges.  
(their side of the story).

At the trial, the judge determines whether the charges filed  
against the juvenile are proven, and if you are guilty or not  
guilty.

Review with the client the roles of the defense attorney and  
prosecutor, and introduce additional courtroom personnel and  
their roles in the courtroom.

Provide a basic overview of the general juvenile court  
process in order to help them become familiar with what to  
expect and to reduce their anxiety about participating in  
their own court proceedings.

### KNOWLEDGE ASSESSMENT

To find out what your client already knows about this area, you  
must ask them the following questions **BEFORE** you begin the  
module. To determine how much they know, you will ask them the  
same questions after completing the module.

This is not a test and will not be graded! Reassure your client that  
answering these questions will help you understand how to help  
them better.

Ask each question clearly and slowly so your client understands  
what you are asking. You can repeat each question as many times  
as the client needs. Ask one question at a time and wait for the  
answer before moving to the next question.
