**Wesley Moody**

## **Terrible Swift Sword Centennial II:**

**Terrible Swift Sword** Bruce Catton, 1963      Terrible Swift Sword Vol. Two Bruce Catton, 1963      *Terrible Swift Sword* Bruce Catton, 2013-07-24 The second episode in this award winning trilogy impressively shows how the Union and Confederacy slowly and inexorably reconciled themselves to an all out war an epic struggle for freedom In *Terrible Swift Sword* Bruce Catton tells the story of the Civil War as never before of two turning points which changed the scope and meaning of the war First he describes how the war slowly but steadily got out of control This would not be the neat short limited war both sides had envisioned And then the author reveals how the sweeping force of all out conflict changed the war s purpose in turning it into a war for human freedom It was not initially a war against slavery Instead this was Mr Lincoln kept insisting a fight to reunite the United States At first it was not even much of a fight Cautious generals inexperienced incompetent or jealous administrators shortages of good people and supplies excess of both gloom and optimism kept each side from swinging into decisive action As the buildup began there were maddening delays The earliest engagements were halting and inconclusive After these first tests at arms reputations began to crumble Buell Halleck Beauregard Albert Sidney Johnston Failed to drive ahead for reasons good and bad General McClellan impaled in these pages on the arrogant words of his letters captured more imaginations than enemies and continued to accept serious over estimates of Confederate strength while becoming more and more fatally estranged from his own government      TERRIBLE SWIFT SWORD: THE CENTENNIAL HISTORY OF THE CIVIL WAR VOL. 2 BRUCE. CATTON, 1967 VOLUME TWO BEGINS THE MONDAY AFTER THE BATTLE OF THE BULL RUN TO THE SURRENDER OF LESS AT ANTIETAM      **Military Captives in the United States** Craig A. Munsart, 2025-06-05 Since the beginning of the Revolutionary War the United States has actively pursued military operations both domestic and foreign Prisoners of war represent a natural consequence of such actions and throughout history many of them have been incarcerated within the borders of the United States Incorporating both existing and purpose built prisoner facilities the nation has held over one million prisoners many transported here from across the globe Detention facilities existed in almost every state from large population centers to remote rural areas Many such facilities have been preserved while others have been destroyed by the country s expanding population Exhaustively researched and thoroughly illustrated this book seeks to fill a void examining the history of domestically imprisoned POWs from the Revolutionary War through World War II In addition to foreign nationals from Asia Europe and Latin America even American citizens associated with foreign combatants have had their rights abrogated as they too were imprisoned without legal recourse This book presents a history that has long been ignored and one which has a legacy in many Americans own backyard      Demon of the Lost Cause Wesley Moody, 2011-12-01 At the end of the Civil War Union general William Tecumseh Sherman was surprisingly more popular in the newly defeated South than he was in the North Yet only thirty years later his name was synonymous with evil and destruction in the South particularly as the creator and enactor of the total war

policy In *Demon of the Lost Cause* Wesley Moody examines these perplexing contradictions and how they and others function in past and present myths about Sherman Throughout this fascinating study of Sherman s reputation from his first public servant role as the major general for the state of California until his death in 1891 Moody explores why Sherman remains one of the most controversial figures in American history Using contemporary newspaper accounts Sherman s letters and memoirs as well as biographies of Sherman and histories of his times Moody reveals that Sherman s shifting reputation was formed by whoever controlled the message whether it was the Lost Cause historians of the South Sherman s enemies in the North or Sherman himself With his famous March to the Sea in Georgia the general became known for inventing a brutal warfare where the conflict is brought to the civilian population In fact many of Sherman s actions were official tactics to be employed when dealing with guerrilla forces yet Sherman never put an end to the talk of his innovative tactics and even added to the stories himself Sherman knew he had enemies in the Union army and within the Republican elite who could and would jeopardize his position for their own gain In fact these were the same people who spread the word that Sherman was a Southern sympathizer following the war helping to place the general in the South s good graces That all changed however when the Lost Cause historians began formulating revisions to the Civil War as Sherman s actions were the perfect explanation for why the South had lost *Demon of the Lost Cause* reveals the machinations behind the Sherman myth and the reasons behind the acceptance of such myths no matter who invented them In the case of Sherman s own mythmaking Moody postulates that his motivation was to secure a military position to support his wife and children For the other Sherman mythmakers personal or political gain was typically the rationale behind the stories they told and believed In tracing Sherman s ever changing reputation Moody sheds light on current and past understanding of the Civil War through the lens of one of its most controversial figures

**The Centennial History of the Civil War, Volume Two** Bruce Catton,1963 [Into the Tornado of War](#) James Genco,2012-02-15 In the summer of 1862 a group of volunteer soldiers joined the Twenty First Michigan Volunteer Infantry in western Michigan For the next two and a half years these men saw extensive combat against the Confederacy in Americas most brutal and bloody war Drawn from hundreds of letters diaries and memoirs *Into the Tornado of War* is the complete history of this Union regiment as seen through the soldiers eyes James Genco traces their movements from their first major battle at Perryville Kentucky through Tennessee Georgia and finally the Carolinas In addition to Perryville the regiment was severely tested in the landmark battles of Stones River Chickamauga and Bentonville and participated in Union General William T Shermans March to the Sea in November and December of 1864 As the war wound down in 1865 the regiment was part of the Union Army that cut its way through the Carolinas ultimately finding itself in the forefront of one of the last major battles of the war In a valuable contribution to the scholarship on the American Civil War *Into the Tornado of War* paints a picture of the realities of the war through the words of real soldiers

**Almanac of American Military History** Spencer C. Tucker,2012-11-21 This almanac provides a comprehensive

chronological overview of all American military history serving as the standard reference work of its type *Almanac of American Military History* is yet another reference work from acclaimed historian Dr Spencer C Tucker and ABC CLIO offering an unprecedented resource for a wide range of students and researchers A comprehensive four volume title this almanac traces all of American military history from the European voyages of discovery through 2011 chronicling the pivotal moments that have shaped the United States into the country it is today In addition to documenting key events this title presents biographies of more than 250 key individuals and provides information on more than 250 historically significant technologies and weapons systems A detailed glossary is included as are discussions of ranks and military awards and decorations Divided into conflict periods each chapter includes a detailed chronology reference entry sidebars statistical information primary source documents and a bibliography *Empire, Technology and Seapower* Howard J.

Fuller, 2014-01-03 This book examines British naval diplomacy from the end of the Crimean War to the American Civil War showing how the mid Victorian Royal Navy suffered serious challenges during the period Many recent works have attempted to depict the mid Victorian Royal Navy as all powerful innovative and even self assured In contrast this work argues that it suffered serious challenges in the form of expanding imperial commitments national security concerns precarious diplomatic relations with European Powers and the United States and technological advancements associated with the armoured warship at the height of the so called Pax Britannica Utilising a wealth of international archival sources this volume explores the introduction of the monitor form of ironclad during the American Civil War which deliberately forfeited long range power projection for local coastal command of the sea It looks at the ways in which the Royal Navy responded to this new technology and uses a wealth of international primary and secondary sources to ascertain how decision making at Whitehall affected that at Westminster The result is a better balanced understanding of Palmerstonian diplomacy from the end of the Crimean War to the American Civil War the early evolution of the modern capital ship including the catastrophic loss of the experimental sail and turret ironclad *H M S Captain* naval power projection and the nature of empire technology and seapower This book will be of great interest to all students of the Royal Navy and of maritime and strategic studies in general

Getting the books **Terrible Swift Sword Centennial Ii** now is not type of inspiring means.
