critical reappraisal of James Baldwin's work looking beyond the commercial and critical success of some of Baldwin's early writings such as *Go Tell It on the Mountain* and *Notes of a Native Son*. Focusing on Baldwin's critically undervalued early works and the virtually neglected later ones, the contributors illuminate little-known aspects of this daring author's work and highlight his accomplishments as an experimental writer. Attentive to his innovations in style and form, *Things Not Seen* reveals an author who continually challenged cultural norms and tackled matters of social justice, sexuality, and racial identity. As volume editor D. Quentin Miller notes, what has been lost is a complete portrait of Baldwin's tremendously rich intellectual journey that illustrates the direction of African American thought and culture in the late twentieth century. This is an important book for anyone interested in Baldwin's work. It will engage readers interested in literature and African American Studies. Author note: D. Quentin Miller is Assistant Professor of English at Gustavus Adolphus College, Saint Peter, MN.

Poet Lore, 1897 **A Guide to Spanish Literature in Translation** Lawrence J. Olszewski, 2025-07-16 There's more to Spanish literature than *Don Quixote*. In addition to Miguel de Cervantes Saavedra's immortal classic, Spain produced the earliest evidence of works in a Romance dialect, debuted the picaresque genre, and introduced the Don Juan figure to the world. This guide analyzes the merits and shortcomings of nearly 300 English translations of 100 major works of Spanish literature in poetry, prose, and theater. Each entry summarizes the importance of the author and the work, discusses elements of the translations such as the source text, format, supplementary material, and the translator's methodology, and provides commentary that evaluates the fidelity and readability of the translations and the utility of the supplementary material.
