**Christians in Caesar's Household** Michael Flexsenhar III,2020-02-28 In this volume Michael Flexsenhar III advances the argument that imperial slaves and freedpersons in the Roman Empire were essential to early Christians self conception as a distinct people in the Mediterranean and played a multifaceted role in the making of early Christianity Scholarship in early Christianity has for centuries viewed Roman emperors slaves and freedmen as responsible for ushering Christianity onto the world stage traditionally using Paul s allusion to the saints from Caesar s household in Philippians 4 22 as a core literary lens Merging textual and material evidence with

diaspora and memory studies Flexsenhar expands on this narrative to explore new and more nuanced representations of this group showing how the long accepted stories of Christian slaves and freepersons in Caesar s household should not be taken at face value but should instead be understood within the context of Christian myth and meaning making Flexsenhar analyzes textual and material evidence from the first to the sixth century spanning Roman Asia the Aegean rim Gaul and the coast of North Africa as well as the imperial capital itself As a result this book shows how stories of the emperor s slaves were integral to key developments in the spread of Christianity generating origin myths in Rome and establishing a shared history and geography there differentiating and negotiating assimilation with other groups and expressing commemorative language ritual acts and a material culture With its thoughtful critical readings of literary and material sources and its fresh analysis of the lived experiences of imperial slaves and freedpersons Christians in Caesar s Household is indispensable reading for scholars of early Christianity the origins of religion and the Roman Empire Race and Reunion David W.

**Climates. Habitats. Environments.** Ute Meta Bauer,2022-04-05 Artists and writers go beyond disciplinary boundaries and linear histories to address the fight for environmental justice uniting the Asia Pacific vantage point with international discourse Modeling the curatorial as a method for uniting cultural production and science *Climates Habitats Environments* weaves together image and text to address the global climate crisis Through exhibitions artworks and essays artists and writers transcend disciplinary boundaries and linear histories to bring their knowledge and experience to bear on the fight

for environmental justice In doing so they draw on the rich cultural heritage of the Asia Pacific in conversation with international discourse to demonstrate transdisciplinary solution seeking Experimental in form as well as in method *Climates Habitats Environments* features an inventive book design by mono studio that puts word and image on equal footing offering a multiplicity of media interpretations and manifestations of interdisciplinary research For example botanist Matthew Hall draws on Ovid's *Metamorphoses* to discuss human plant interpenetration curator and writer Venus Lau considers how spectrality consumes and is consumed in animation and film literature music and cuisine and critical theorist and filmmaker Elizabeth Povinelli proposes *Water Sense* as a geontological approach to the question of our connected and differentiated existence informed by the ancestral catastrophe of colonialism Artists excavate the natural and cultural DNA of indigo lacquer rattan and mulberry works at the intersection of art design and architecture explore *The Posthuman City* an ongoing research project investigates the ecological urgencies of Pacific archipelagos The works of art the projects and the majority of the texts featured in the book were commissioned by NTU Centre for Contemporary Art Singapore Copublished with NTU Centre for Contemporary Art Singapore *Catalogue of Plays, 1916* Sanger & Jordon, 1916 *Landscapes and Landforms of the Lesser Antilles* Casey D. Allen, 2017-07-19 This book focuses on the highly touristed but surprisingly under researched Lesser Antilles region After offering a brief overview of the region's geologic and tectonic history as well as its basic climatology subsequent chapters then discuss each island's or island set's geomorphology and geology and how the settlement history tourism and hazards have affected their individual landscapes Written by regional experts and replete with up to date information stunning color imagery and beautiful cartography maps it is the only comprehensive scientific evaluation of the Lesser Antilles and serves as the region's definitive reference resource Accessible to non experts and amateur explorers the book includes in depth discussions and reference sections for each island island set Usable as both a textbook and guidebook it offers readers a straightforward yet detailed assessment of an interesting and intriguing but often overlooked and under appreciated locale ***The Athenaeum***, 1853 *The Negro Trail Blazers of California* Delilah Leontium Beasley, 1919 Stories of real African Americans in California from the earliest explorers to the dawn of the twentieth century *Justice and Righteousness in the Old Testament* Ulrich Berges, 2025-06-16 The phenomena of slavery and asymmetrical dependencies in the writings of ancient Israel cannot be adequately addressed without also looking at the discourses on divine and human justice Only then does the position of the slaves in their uniqueness become clear because they are almost completely left out of the moral demand for justice that otherwise applies to the poor widows orphans and strangers Their status as property which only in exceptional cases allowed them to be considered as subjects with personal rights dominates the discourse On a theological level the phenomenon of slavery also influenced the Old Testament image of God as YHWH himself became the owner of his people Liberation from slavery in Egypt lead not to freedom but to permanent dependency on the liberating God However radical dependency on YHWH also means that the divine master must protect the

righteous Otherwise YHWH would degenerate into an arbitrary tyrant The demand for justice binds the divine sovereign If one examines the discourses of justice in the Hebrew Bible about the position of slaves their deficits become particularly visible This should urge caution in declaring the biblical writings to be the forerunners of human rights      **Travels in Various Countries of Europe, Asia and Africa. 3. Ed** Edward-Daniel Clarke,1813      The Political Theory of a Compound Republic Vincent Ostrom,2008-01-01 The Political Theory of a Compound Republic examines the foundation of American constitutional design expressed in theFederalist Through meticulous textual analysis the logical principles of federalism\_the extended and compound republic envisioned by James Madison and Alexander Hamilton\_are revealed as thirteen propositions broadly applicable to any effort to design the institutions of a self governing polity The final chapters expanded and revised by Vincent Ostrom and Barbara Allen turn to the American experiment in constitutional choice at the threshold of the twenty first century In this revised edition Ostrom and Allen consider the continuing story of federal institutional development by focusing on two current concerns the imperial presidency and the ideal of universal human rights This third revised and expanded edition of The Political Theory of a Compound Republic continues to be of interest to scholars of federalism institutional analysis and development political economy and public choice and students of the American founding It is also useful in undergraduate and graduate courses on American government and political thought      *The Boy's Own Annual* ,1895      Colossae in Space and Time Alan H. Cadwallader,Michael Trainor,2011-12-07 The ancient site of Colossae in south west Turkey has been sorely neglected by archaeologists and biblical commentators It has never been excavated Modern scholarship in general has been content to repeat nineteenth century assessments especially those of J B Lightfoot and W M Ramsay This is the first modern contribution to gather the archaeological historical classical and biblical materials related to the site and its region some of which is published in English for the first time It marks a major step forward in scholarship on Colossae and is designed to restore Colossae to time and space to its material and comparative significance Colossae emerges as a site of uninterrupted human activity in dynamic interaction with its neighbours from before the Achaemenid period to beyond the end of Byzantine control Evidence of a chalcolithic origin of Colossae is presented along with an assessment of the relationship of the site to the modern city of Honaz An array of international scholars have brought their specialisations in various periods and disciplines to yield a radically new assessment of the history and importance of the site All future scholarship will be able to use this volume as the necessary foundation for research The volume includes the first chronology of the ancient site and the first English translation of the key Byzantine text centred on the ancient city as well as major new insights into the text of the Epistle to the Colossians      **The Bulletin** ,1920

The Top Books of the Year Slave Path 3 Into The Chasm The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous engrossing novels enthraling the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the fascinating narratives that have charmed audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Slave Path 3 Into The Chasm : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and gripping novel that will keep you speculating until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
