contribution to our knowledge of the intellectual character and condition of those nations in the middle of the nineteenth century Preface      **Bibliographie Linguistique de L'annee 1999** Mark Janse, Hella Olbertz, Sijmen Tol, 2003-11-30 Setting out the historical national and religious characteristics of the Italians as they impact on the integration within the European Union this study makes note of the two characteristics that have an adverse effect on Italian national identity cleavages between north and south and the dominant role of family It discusses how for Italians family loyalty is stronger than any other allegiance including feelings towards their country their nation or the EU Due to such subnational allegiances and values this book notes that Italian civic society is weaker and engagement at the grass roots is less robust than one finds in other democracies leaving politics in Italy largely in the hands of political parties The work concludes by noting that EU membership however provides no magic bullet for Italy it cannot change internal cleavages the Italian worldview and family values or the country's mafia dominated power matrix and as a result the underlying absence of fidelity to a shared polity Italian or European leave the country as ungovernable as ever      *Historical view of the languages and literature of the Slavic nations; with a sketch of their popular poetry.* By Talvi Thérèse Albertine L. Robinson, 1850      *Роман Якобсон* Roman Jakobson, 1999      International Journal of Slavic Linguistics and Poetics, 1959      **Soviet Research Institutes Project** Blair A. **Handbook of Russian Literature** Victor Terras, 1985-01-01 Profiles the careers of Russian authors scholars and critics and discusses the history of the Russian treatment of literary genres such as drama fiction and essays      Russian Opera and the Symbolist Movement, Second Edition Simon Morrison, 2019-09-10 Acclaimed for treading new ground in operatic studies of the period Simon Morrison's influential and now classic text explores music and the occult during the Russian Symbolist movement Including previously unavailable archival materials about Prokofiev and Tchaikovsky this wholly revised edition is both up to date and revelatory Topics range from decadence to pantheism musical devilry to narcotic infused evocations of heaven the influence of Wagner and the significance of contemporaneous Russian literature Symbolism tested boundaries and reached for extremes so as to imagine art uniting people facilitating communion with nature and ultimately transcending reality Within this framework Morrison examines four lesser known works by canonical composers Pyotr Tchaikovsky Nikolay Rimsky Korsakov Alexander Scriabin and Sergey Prokofiev and in this new edition also considers Alexandre Gretchaninoff's Sister Beatrice and Alexander Kastalsky's Klara Milich while also making the case for reviving Vladimir Rebikov's The Christmas Tree      **New Women's Writing in Russia, Central and Eastern Europe** Rosalind Marsh, 2020-12-07 Since the late 1980s there has been an explosion of women's writing in Russia Central and Eastern Europe greater than in any other cultural period This book which contains contributions by scholars and writers from many different countries aims to address

the gap in literature and debate that exists in relation to this subject We investigate why women s writing has become so prominent in post socialist countries and enquire whether writers regard their gender as a burden or on the contrary as empowering We explore the relationship in contemporary women s writing between gender class and nationality as well as issues of ethnicity and post colonialism
