**Abolition** Seymour Drescher, 2009-07-27 In one form or another slavery has existed throughout the world for millennia It helped to change the world and the world transformed the institution In the 1450s when Europeans from the small corner of the globe least enmeshed in the institution first interacted with peoples of other continents they created in the Americas the most dynamic productive and exploitative system of coerced labor in human history Three centuries later these same intercontinental actions produced a movement that successfully challenged the institution at the peak of its dynamism Within another century a new surge of European expansion constructed Old World empires under the banner of antislavery However twentieth century Europe itself was inundated by a new system of slavery larger and more deadly than its earlier system of New World slavery This book examines these dramatic expansions and contractions of the institution of slavery and the impact of violence economics and

Herbert, 2013-05-31 The author in the following pages is undertaking to write a connected story of events that happened most of them in his lifetime and as to many of the most important of which he has vivid recollections but save in one respect he has not relied upon his own memory for any important fact The picture he has drawn of the relations between the slave holder and non slave holder in the South is much of it given as he recollects it His opportunities for observation were somewhat extensive and here he is willing to be considered in part as a witness *Great Debates in American History: Slavery from 1790 to 1857* Marion Mills Miller, 1913
