Debunking the Myths of Colonization Samar Attar,2010-04-13 Debunking the Myths of Colonization examines Salman Rushdie s thesis on the paradoxical nature of colonialism and its horrific impact on the psyche of the colonized It probes Frantz Fanon s theories concerning the relationship between colonizers and colonized and attempts to apply these theories to modern Arabic literature Like Rushdi and Fanon many Arab writers have embarked on a journey to the metropolis of their ex colonial masters Due to their encounter with English or French culture they have written memoirs poems or fictions in which they have represented themselves and the other Their representations differ markedly according to their own make up as human beings their class education experiences and
