**Sri Panca Tattva** Steven J. Rosen,1994-04      *The Jedi in the Lotus* Steven Rosen,2010 The Jedi in the Lotus is the first ever examination of the Star Wars universe from a Hindu perspective illuminating many hitherto undiscovered aspects of the background and meaning of the widely acclaimed film series We are shown how its creators were influenced by the famed mythologist Joseph Campbell whose reading of the ancient Indian Epics the Ramayana and Mahabharata can be seen throughout the Star Wars films This book also demonstrates how the metaphysical understanding of the Jedi Knights and the divinity conceived of as the Force have resonances with teachings passed down by Hindu gurus and mystics for centuries and how fantastic worlds and technology similar to that of the Star Wars universe were described in myths that are millennia old and may even have had some basis in reality Finally The Jedi in the Lotus shows us how the Hindu traditions at the basis of Star Wars offer an alternative vision to the purely materialistic soulless world of modernity Steven J Rosen Satyaraja Dasa is an initiated disciple of His Divine Grace A C Bhaktivedanta Swami Prabhupada He is also founding editor of the Journal of Vaishnava Studies and associate editor of Back to Godhead He has published twenty one books in numerous languages including the recent Essential Hinduism Rowman The Yoga of Kirtan Conversations on the Sacred Art of Chanting FOLK Books 2008 and Krishna s Other Song A New Look at the Uddhava Gita Praeger Greenwood 2010 In conclusion I can only say that The Jedi in the Lotus is a breakthrough book when it comes to understanding the mythic depth of the Star Wars epics Steven J Rosen uses his masterful grasp of the Eastern traditions to explain the secrets of the most successful film series ever This book also shows us why Joseph Campbell loved the wisdom tales from India and for those who found the Star Wars adventures memorable this is a truly illuminating book Dr Jonathan Young from the Foreword      **Toolbox** Pradeep Nevatia, SCD and Rahul Nevatia,2024-07-27 Governance is a historical process In ancient times ethics itself was known as governance and its onliest sacramental emprise was to eternize interactive sustainability of man nature co existence Ethics Sustainability and Governance ESG are to be therefore looked at only as intertwined memoranda even by the modern day civil societies keeping man nature relationship at the centriole And we do it so After our first two books of the ESG series intended wholly to ethics and sustainability respectively we now append in sequel a similarly inventive and off the beaten path approach to governance in this ultra originative one of a kind book Our governance archetype is plain and pretense less as we go on to proffer a set of eight straight arrow tools along the veritable Vedic antecedents that must constitute a self ruling governance substructure in any of in duration civil societies      **Liderazgo Para Una Era De Conciencia Superior** B.T.
