Nandita Das Firaq Beate Arnestad's *My Daughter the Terrorist* and Sarah Gavron's *Brick Lane*      Sri Lanka, Human Rights and the United Nations Thamil Venthan Ananthavinayagan, 2019-04-30 This book examines the engagement between the United Nations human rights machinery and the respective governments since Sri Lanka then Ceylon joined the United Nations Sri Lanka has a long and rich history of engagement with international human rights instruments However despite its active membership in the UN the country's post colonial trials and tribulations are emblematic of the limited influence the international organisation has exerted on this country in the Global South Assessing the impact of this international engagement on the country's human rights infrastructure and situation the book outlines Sri Lanka's colonial and post colonial development It then considers the development of a domestic human rights infrastructure in the country It also examines and analyzes Sri Lanka's engagement with the UN's treaty based and charter based human rights bodies before offering conclusions concerning the impact of said engagement The book offers an innovative approach to gauging the impact of international human rights engagement while also taking into account the colonial and post colonial imperatives that have partly dictated governmental behaviour By doing so the book seeks to combine and analyse international human rights law post colonial critique studies on biopower and critical approaches to international law It will be a useful resource not only for scholars of international law but also for practitioners and activists working in this area      Political Violence in South Asia Ali Riaz, Zobaida Nasreen, Fahmida Zaman, 2018-09-24 Political violence has remained an integral part of South Asian society for decades The region has witnessed and continued to encounter violence for achieving political objectives from above and from below Violence is perpetrated by the state by non state actors and used by the citizens as a form of resistance Ethnic insurgency religion inspired extremism and ideology driven hostility are examples of violent acts that have emerged as challenges to the states which have responded with violence in the form of civil war and through violations of human rights disregarding international norms This book explores various dimensions of political violence in South Asia namely in Bangladesh India Nepal Pakistan and Sri Lanka Each chapter either speaks to an important aspect of the political violence or provides an overall picture of the nature and scope of political violence in the respective country Political violence is understood in the larger sense of political that is above and beyond institutions and also as an integral part of social relationships where social norms and the role of individual agency play seminal roles The contributions in this book incorporate both institutional and non institutional dimensions of political violence Exploring how everyday life in South Asian states and societies is transformed by the engagement with violence through direct and indirect methods this book adopts an interdisciplinary framework diverse methods are employed from ethnographic readings to more macro level analyses The phenomenon is explored from historical sociological and political perspectives This book will be useful as a supplementary text in courses on South Asian Studies in general and South Asian Politics in particular      *Mistrusting Refugees* E. Valentine Daniel, John Chr. Knudsen, 2023-04-28 The twentieth century has seen people displaced on an

unprecedented scale and has brought concerns about refugees into sharp focus There are forty million refugees in the world 1 in 130 inhabitants of this planet In this first interdisciplinary study of the issue fifteen scholars from diverse fields focus on the worldwide disruption of trust as a sentiment a concept and an experience Contributors provide a rich array of essays that maintain a delicate balance between providing specific details of the refugee experience and exploring corresponding theories of trust and mistrust Their subjects range widely across the globe and include Palestinians Cambodians Tamils and Mayan Indians of Guatemala By examining what individuals experience when removed from their own culture these essays reflect on individual identity and culture as a whole This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1995

The twentieth century has seen people displaced on an unprecedented scale and has brought concerns about refugees into sharp focus There are forty million refugees in the world 1 in 130 inhabitants of this planet In this first interdisciplinary study of **Sri Lanka** Patricia Hyndman, 1988 Based on reports prepared for LawAsia Charred Lullabies E. Valentine Daniel, 1996-11-11 How does an ethnographer write about violence How can he make sense of violent acts for himself and for his readers without compromising its sheer excess and its meaning defying core How can he remain a scholarly observer when the country of his birth is engulfed by terror These are some of the questions that engage Valentine Daniel in this exploration of life and death in contemporary Sri Lanka In 1983 Daniel walked into the ashes and mortal residue of the violence that had occurred in his homeland His planned project the study of women's folk songs as ethnohistory was immediately displaced by the responsibility that he felt had been given to him by surviving family members and friends of victims to recount beyond Sri Lanka what he had seen and heard there Trained to do fieldwork by staying in one place and educated to look for coherence and meaning in human behavior what does an anthropologist do when he is forced by circumstances to keep moving searching for reasons he never finds How does he write an ethnography or an anthropography to use the author's term without transforming it into a pornography of violence In avoiding fattening the anthropography into prurience how does he avoid flattening it with theory The ways in which Daniel grapples with these questions and their answers instill this groundbreaking book with a rare sense of passion purpose and intellect **Democratic Process, Foreign Policy and Human Rights in South Asia** Joseph Benjamin, 2010 *Blowback* Neil DeVotta, 2004 In the mid 1950s Sri Lanka's majority Sinhalese politicians began outbidding one another on who could provide the greatest advantages for their community using the Sinhala language as their instrument The appeal to Sinhalese linguistic nationalism precipitated a situation in which the movement to replace English as the country's official language with Sinhala and Tamil the language of Sri Lanka's principal minority was abandoned and Sinhala alone became the official language in 1956 The Tamils subsequent protests led to anti

Tamil riots and institutional decay which meant that supposedly representative agencies of government catered to Sinhalese preferences and blatantly disregarded minority interests This in turn led to the Tamils mobilizing first politically then militarily and by the mid 1970s Tamil youth were bent on creating a separate state      Trust and Fear in Civil Wars Shanna Kirschner,2014-11-14 Why do some civil wars last a long time while others end relatively quickly Trust and Fear in Civil Wars examines the conditions under which individuals are willing to lay down their weapons under a settlement agreement The author argues that wars are easiest to resolve when combatants believe that their adversaries will uphold a deal or that the costs of renewed war will be low Several key sources of information inform this calculation Drawing on both cross national and case study data including detailed interviews the book demonstrates that when information suggests either that a peace agreement is likely to break down or that the results of a broken deal will be especially deadly a settlement leaves combatants too vulnerable to countenance resulting in wars lasting longer      *Fighting Like a Guerrilla* Rajesh Rajagopalan,2020-11-29 This book deals with two significant issues the peculiar and paradoxical question of why regular armies better suited to fighting conventional high intensity wars adopt inappropriate measures when fighting guerilla wars and the evolution of the Indian army s counterinsurgency doctrine over the last decade In addition the book also includes the first detailed analysis of the trajectory of the army s counterinsurgency doctrine arguing that while it was consolidated only over the last decade the essential elements of the doctrine may in fact be traced back to the army s first confrontation with the Naga guerillas in the 1950s It outlines the three essential elements that make up the Indian army s counterinsurgency doctrine that there are no military solutions to an insurgency that military force can only help to reduce levels of violence to enable political solutions and that there should be limited use of military force Rajagopalan argues that international circumstances particularly the need to counter conventional military threats from Pakistan and China led to a counterinsurgency doctrine that had a strong conventional war bias This bias also conditioned the organisational culture of the Indian army      **The Encyclopedia of the Sri Lankan Diaspora** Peter Reeves,2013 Well over a million people of Sri Lankan origin live outside South Asia The Encyclopedia of the Sri Lanka Diaspora is the first comprehensive study of the lives culture beliefs and attitudes of immigrants and refugees from this island The volume is a joint publication between the Institute of South Asian Studies NUS and Editions Didier Millet It focuses on the relationship between culture and economy in the Sri Lanka diaspora in the context of globalisation increased transnational culture flows and new communication technologies In addition to the geographic mapping of the Sri Lanka diaspora in the various continents thematic chapters include topics on long distance nationalism citizenship Sinhala Tamil and Burgher diaspora identities religion and the spread of Buddhism as well as the Sri Lankan cultural impact on other nations      **India, Sri Lanka and the Tamil Crisis, 1976-1994** Alan J. Bullion,1995      *Asian Yearbook of International Law, Volume 1 (1991)* Sik Ko Swan,J.J.G. Syatauw,M.C.W. Pinto,2019-07-22 The Asian Yearbook of International Law is the first publication primarily dedicated to international law as seen from an Asian

perspective It provides a forum for the publication of articles in the field of international law written by experts from the region and also other articles relating to Asian topics Its aim is twofold to promote the dissemination of knowledge of international law in Asia and to provide an insight into Asian views and practices which will be especially useful to a non Asian readership As a rule each volume of the Asian Yearbook will contain Articles Notes State Practice a Chronicle of Events and Incidents United Nations Activities with Special Relevance to Asia a Survey of Activities of the Asian African Legal Consultative Committee a Bibliography and a Documents section      **Sri Lanka** Ketheshwaran Loganathan,1996 Chiefly relates to post 1978 events
