Doctors Of Infamy: The Story Of The Nazi Medical Crimes Alexander Mitscherlich, Fred Mielke, 2015-11-06 With 16 pages of photographs One of the most shocking aspects of the Nazi treatment of their prisoners was the wanton cruelty of the doctors assigned to the concentration camps that were dotted throughout occupied Europe In an ironic perversion of their Hippocratic oath doctors such as the infamous Mengele carried out horrendous experiments on their captive victims in the name of science As part of the Nuremberg trials the Nazi medical establishment was called to account for these crimes against humanity Alexander Mitscherlich was the doctor assigned to carry out a full investigation into the crimes across all of Europe in his report embodied in this book reported on the awful scale and complicity of the Nazis The terrible details have to be read to be believed in this shocking book The Devil's General Raymond Bagdonas, 2014-01-19 A detailed military biography of the most highly decorated Nazi regimental commander in WWII The most highly decorated German regimental commander of World War II Hyazinth Graf Strachwitz first won the Iron Cross in the Great War He was serving with the 1st Panzer Division when the Polish campaign inaugurated World War II Strachwitz's exploits as commander of a panzer battalion during the French campaign earned him further decorations before he transferred to the newly formed 16th Panzer Division There he participated in the invasion of Yugoslavia and then Operation Barbarossa where he earned the Knight's Cross At Stalingrad he reached the Volga and fought on the northern rim of Sixth Army's perimeter Severely wounded during battle he was flown out of the Stalingrad pocket and was thus spared the fate of the rest of Sixth Army Upon recuperation he was named commander of the Grossdeutschland Division's panzer regiment and won the Swords to the Knight's Cross during Manstein's counteroffensive at Kharkov Wounded twelve times during the war and barely surviving a lethal car crash Strachwitz finally surrendered to the Americans in May 1945 Historian Raymond Bagdonas though impaired by the disappearance of 16th Panzer Division's official records at Stalingrad and the fact that many of the Panzer Graf's later battlegroups never kept them has written a vividly detailed account of this combat leader's life as well as ferocious armored warfare in World War II **The German Soldier in World War II** Dr Stephen Hart, Professor Russell A. Hart, Dr Matthew Hughes, 2023-06-15 The German Soldier in World War II is a graphic portrait of the life of the private soldier in the army of the Third Reich containing first hand accounts from German Army veterans who served in the war This book is for anyone interested in the history of World War II and the Third Reich A European Anabasis Kenneth Estes, 2015-01-19 Kenneth Estes studies the 100 000 West Europeans who fought against Russia as volunteers for the Wehrmacht and Waffen SS A retired Marine Corps lieutenant colonel Estes shows tremendous knowledge of combat and writes gripping battlefield prose Two thirds of the West European volunteers came from Spain and the Netherlands yet Estes demonstrates wide range and

covers Flemish Walloon French Danish and Norwegian combat units Avoiding over generalization the author distinguishes carefully among the Danes and Flemings who fought competently with the SS Wiking Division and later with Nordland the courageous but poorly armed Spanish the ill trained Dutch and French in Landstorm Nederland and SS Charlemagne and the Norwegians who after a first wave of enthusiasm held back altogether Estes pulverizes the Nazi propaganda notion of a multinational European army defending Western civilization against Bolshevism He shows that West Europeans mainly of the urban working classes volunteered from a mix of motives adventure seeking ideology hopes of personal advantage or material gain a desire for better food or a wish to escape a criminal record at home He demonstrates that the best performing foreign legions were trained and led by German officers and formed parts of larger SS units and also that the Wehrmacht placed little value on foreign formations until its other manpower reserves ran out in 1944 45 This is a landmark work on a subject which has been much written about but rarely understood or described as perceptively as in the pages of this book

The Last Gentleman of the SAS John Randall, M J Trow, 2014-03-27 In 1945 John Randall was the first Allied officer to enter Bergen Belsen the concentration camp that would reveal the horrors of the Holocaust to the world Randall was one of that league of extraordinary gentlemen handpicked for suicidally dangerous missions behind enemy lines in North Africa Italy France and Germany throughout the Second World War He was a man of his class and of his times He hated the Germans liked the French and was unimpressed by the Americans and the Arabs He was an outrageous flirt as might be expected of a man who served in Phantom alongside film stars David Niven and Hugh Williams He played rugby with Paddy Mayne the larger than life colonel of the SAS and winner of four DSOs He pushed Randolph Churchill son of the Prime Minister out of an aeroplane He wine and dined in nightclubs as part of the generation that lived for each day because they might not see another This extraordinary true story partly based on previously unpublished diaries presents a different slant on that mighty war through the eyes of a restless young man eager for action and adventure
