German Reich 1938-August 1939 Susanne Heim, 2019-06-04 Executive editor Susanne Heim English language edition prepared by Caroline Pearce and Dorothy Mas This volume documents the persecution of the Jews in the German Reich between January 1938 and the end of August 1939 In the months between the Anschluss of Austria and the start of the Second World War the Nazi leadership plunged Jewish life further into crisis Aryanization bureaucratically organized expulsions and ultimately the pogrom in November 1938 meant that for more and more Jews life was untenable At the same time it became increasingly difficult to emigrate In the aftermath of the pogrom of 9 November 1938 Morris Troper from the Jewish aid organization JDC Joint

Distribution Committee recorded What is to become of the Jews in the next few weeks is altogether uncertain Even if the disorders and arrests come to an end the basis of the existence of German Jewry has been wiped out Learn more about the PMJ on <https://pmjdocuments.org>

The Dark Heart of Utopia Kirk Rodby, 2009 This book establishes structural similarities between the ideological systems of modern totalitarian movements and the ideological systems of earlier mass movements It also establishes sociological similarities in the societies which generate such movements and explains how sociological changes fuel the rise of totalitarian movements Issues of sexuality and reproduction are found to constitute the core of the totalitarian ideology and changes in sexual sociology are found to constitute the cause of such movements

The Life and Death of Adolf Hitler Robert Payne, 2016-10-05 In *The Life And Death of Adolf Hitler* biographer Robert Payne unravels the tangled threads of Hitler's public and private life and looks behind the caricature with the Charlie Chaplin mustache and the unruly shock of hair to reveal a Hitler possessed of immense personal charm that impressed both men and women and brought followers and contributions to the burgeoning Nazi Party Although he misread his strength and organized an ill fated putsch Hitler spent his months in prison writing *Mein Kampf* which increased his following Once in undisputed command of the Party Hitler renounced the chastity of his youth and began a sordid affair with his niece whose suicide prompted him to reject forever all conventional morality He promised anything to prospective supporters then cold bloodedly murdered them before they could claim a share of the power he reserved for himself Once he became Chancellor Hitler step by step bent the powers of the state to his own purposes to satisfy his private fantasies rearming Germany slaughtering his real or imaginary enemies blackmailing one by one the leaders of Europe and plunging the world into the holocaust of World War II *THE LIFE AND DEATH OF ADOLF HITLER* is the story of not so much a man corrupted by power as a corrupt man who achieved absolute power and used it to an unprecedented degree knowing at every moment exactly what he was doing and calculating his enemies weaknesses to a hair's breadth It is the story of a living man

Children's Literature in Hitler's Germany Christa Kamenetsky, 2019-06-17 Between 1933 and 1945 National Socialists enacted a focused effort to propagandize children's literature by distorting existing German values and traditions with the aim of creating a homogenous folk community A vast censorship committee in Berlin oversaw the publication revision and distribution of books and textbooks for young readers exercising its control over library and bookstore content as well as over new manuscripts so as to redirect the cultural consumption of the nation's children In particular the Nazis emphasized Nordic myths and legends with a focus on the fighting spirit of the saga heroes their community loyalty and a fierce spirit of revenge elements that were then applied to the concepts of loyalty to and sacrifice for the Führer and the fatherland They also tolerated select popular series even though these were meant to be replaced by modern Hitler Youth camping stories In this important book first published in 1984 and now back in print Christa Kamenetsky demonstrates how Nazis used children's literature to selectively shape a Nordic Germanic worldview that was intended to strengthen the German folk community the Führer and the

fatherland by imposing a racial perspective on mankind Their efforts corroded the last remnants of the Weimar Republic's liberal education while promoting an enthusiastic following for Hitler

Adolf Hitler and the Nazi Epoch Paul Madden, 1998-11-05 Although bibliographies do exist that concern themselves with the Nazi period in Germany and the Third Reich no one has yet attempted a complete reference source With the publication of *Adolf Hitler and the Nazi Epoch* there is finally a complete comprehensive reference source designed to identify all English language works that relate to the Nazis and the Third Reich Included in this bibliography are monographs biographies pamphlets and journal articles as well as more general histories of the time period The material is subdivided by subject and organized into eighteen chapters making this large bibliography simple to use The chapter subjects contain a broad range of data Included are chapters on Adolf Hitler himself the origins of national socialism religion and the Nazis articles about education and academics in Germany law and government under the Third Reich the SS and concentration camps everyday life in Nazi Germany foreign policy and more The range of data collected in this one reference location is astounding and should provide a nearly inexhaustible starting point for those scholars and students interested in the history of one of the most controversial political parties and governments of the twentieth century

Hitler and Czechoslovakia in World War II Patrick Crowhurst, 2013-10-24 The invasion of Czechoslovakia by Nazi Germany in March 1939 helped to precipitate Europe's descent into World War II six months later The move supposedly to protect the Sudeten Germans shocked many in Europe who saw it as a clear statement of intent by Hitler Here Patrick Crowhurst argues that occupation of the Sudetenland and the Czech lands was also crucial to the Nazi war machine The armaments factories and raw materials that Hitler seized accelerated Germany's capabilities Czech tanks would prove crucial in the Ardennes and as the Wehrmacht fought at Stalingrad Armaments Minister Albert Speer was corraling Czech industrial machinery to produce engines aircraft and equipment in support In addition new Slovakian and Czech primary material are used to give a new in depth account of the German reaction to the assassination of Reinhardt Heydrich on the streets of Prague in June 1942 The recriminations were brutal and dovetailed with Hitler's plans for the genocide of Czech Jewry This is a new side of the History of Nazi Europe and argues for the centrality of the Czech occupation in the overall narrative of World War II
