Project , Base Ball Pioneers, 1850-1870 Peter Morris,William J. Ryczek,Jan Finkel,2014-01-10 By 1871 the popularity of baseball had spread so thoroughly across America that one writer observed It is as much our national game as cricket is that of the English While major league teams and athletes that played after this prophetic statement was made have been exhaustively documented and analyzed those that led the game during its pioneer phase from 1850 to 1870 have received relatively little attention In this welcome work leading historians of early baseball provide profiles of more than fifty clubs and their players from legendary teams such as the Red Stockings of Cincinnati and the Nationals of Washington to forgotten ones like the Pecatonica Illinois Base Ball Club and the Morning Star Club of St Louis Engaging narratives bring these long ago clubs back to life stimulating more research on this fascinating era and creating a standard reference source for all who study America s national pastime *The Fireman: the Fire Departments of the United States, with a Full Account of All*

Department to show how this high stakes profession becomes a reality Discover what it s like to fight a three alarm blaze attend fire academy prepare for routine calls and rigorously train for worst case scenarios Gain professional wisdom from the beloved fire chief as well as a decorated 25 year veteran field commander Firefighting is a calling and those who choose this path are devoted to their work here is how this life saving job is actually performed by the best in the field *Eating Smoke* Mark Tebeau,2012-09 During the period of America s swiftest industrialization and urban growth fire struck fear in the hearts of city dwellers as did no other calamity Before the Civil War sweeping blazes destroyed more than 200 million in property in the nation s largest cities Between 1871 and 1906 conflagrations left Chicago Boston Baltimore and San Francisco in ruins Into the twentieth century this dynamic hazard intensified as cities grew taller and more populous confounding those who battled it Firefighters death defying feats captured the popular imagination but too often failed to provide more than symbolic protection Hundreds of fire insurance companies went bankrupt because they could not adequately deal with the effects of even smaller blazes Firefighters and fire insurers created a physical and cultural infrastructure whose legacy in the form of heroic firefighters insurance policies building standards and fire hydrants lives on in the urban built environment In *Eating Smoke* Mark Tebeau shows how the changing practices of firefighters and fire insurers shaped the built landscape of American cities the growth of municipal institutions and the experience of urban life Drawing on a wealth of fire department and insurance company archives he contrasts the invention of a heroic culture of firefighters with the rational organizational strategies by fire underwriters Recognizing the complexity of shifting urban environments and constantly experimenting with tools and tactics firefighters fought fire ever more aggressively eating smoke when they ventured deep into burning buildings or when they scaled ladders to perform harrowing rescues In sharp contrast to the manly valor of firefighters insurers argued that the risk was quantifiable measurable and predictable Underwriters managed hazard with statistics maps and trade associations and they eventually agitated for building codes and other reforms which cities throughout the nation implemented in the twentieth century Although they remained icons of heroism firefighters cultural and institutional authority slowly diminished Americans had begun to imagine fire risk as an economic abstraction By comparing the simple skills employed by firefighters climbing ladders and manipulating hoses with the mundane technologies maps and accounting charts of insurers the author demonstrates that the daily routines of both groups were instrumental in making intense urban and industrial expansion a less precarious endeavor
