## **Stability And Change In Australian Politics:**

**New Developments in Australian Politics** Brian Galligan, Ian McAllister, John Ravenhill, 1997 An overview of contemporary issues in Australian politics Part I examines the operation of the political system and political culture Part II looks at issues such as republicanism and citizenship Part III examines Australia's recent attempts to reshape defence and foreign policy in response to the post Cold War international environment and Australia's response to the impact of globalisation on the economy Includes references and index Also available in paperback The 14 contributors include Clive Bean Graeme Cheeseman and Glyn Davis

**Political Parties and the Collapse of the Old Orders** John Kenneth White, Philip John Davies, 1999-01-07 With the passage of the Cold War political parties in nearly every corner of the globe have undergone a vast upheaval Old ideas have become obsolete electoral maps have been redrawn party structures have been rebuilt and new leaders have emerged Political Parties and the Collapse of the Old Orders describes these changes using several countries as laboratories the United States United Kingdom France Germany Italy Canada Australia Mexico Israel South Africa and Russia While the nature and extent of the political upheavals vary from place to place the transformations in each nation's party system have been extraordinary In this new world order the old political arrangements and old ways of doing things have disappeared The altered states of political parties in the post Cold War world pose a central question what does change look like The answers given here illuminate our understanding of why the world has changed and how political parties are attempting to cope with it

**Australian Liberals and the Moral Middle Class** Judith Brett, 2003-11-06 The Liberal Party of Australia was late to form in 1945 but the traditions and ideals upon which it is founded have been central to Australian politics since Federation This 2003 book by award winning author and leading Australian political scientist Judith Brett provides the very first complete history of the Australian liberal tradition and then of the Liberal Party from the second half of the twentieth century The book sparkles with insight particularly in its sustained analysis of the shifting relationships between the experiences of the moral middle class and Australian liberals own self understandings It begins with Alfred Deakin facing the organised working class in parliament and ends with John Howard electorally triumphant but alienated from key sections of middle class opinion This book is destined to become the definitive account of Australian liberalism and of the Liberal Party of Australia

Stability and Change in Australian Politics Don Aitkin, 1977

**Developments in Australian Politics** Judith Brett, James A. Gillespie, Murray Goot, 1994 Written for university students and the general reader An examination of Australian politics in the last 15 years and the changes in ideology executive and political institutions and policies in all areas including economic ethnic immigration unions social welfare foreign affairs media the environment censorship and sexual politics The editors are lecturers in politics at La Trobe and Macquarie Universities and the 17 contributors include John Ravenhill Uldis Ozolin and Tim Rowse With subject and author indexes and 38 page bibliography

*Contemporary Politics in Australia* Rodney Smith, Ariadne Vromen, Ian

Cook,2012-02-02 A diverse range of experts provide a comprehensive introduction to current theories debates and research in Australian political science      **The Australian Study of Politics** R. Rhodes,2009-11-11 The Australian Study of Politics provides the first comprehensive reference book on the history of the study of politics in Australia whether described as political studies or political science It focuses on Australia and on developments since WWII also exploring the historical roots of each major subfield      *Political Cleavages and Social Inequalities* Amory Gethin,Clara Martínez-Toledano,Thomas Piketty,2021-12-14 Who votes for whom and why Political Cleavages and Social Inequalities provides the most comprehensive empirical answer to that question The authors analyze seventy five years of survey data from fifty democracies revealing the socioeconomic correlates of partisanship inequality nationalism and identity politics around the world      The Cambridge Handbook of Social Sciences in Australia Ian McAllister,Steve Dowrick,Riaz Hassan,2003-08-07 First published in 2003 The Cambridge Handbook of Social Sciences in Australia is a high quality reference on significant research in Australian social sciences The book is divided into three main sections covering the central areas of the social sciences economics political science and sociology Each section examines the significant research in the field placing it within the context of broader debates about the nature of the social sciences and the ways in which institutional changes have shaped how they are defined taught and researched      *Australian Public Opinion, Defence and Foreign Policy* Danielle Chubb,Ian McAllister,2020-10-28 This book examines the impact of Australian public opinion towards defence and foreign policy from the mid twentieth century to the present day For most of this period the public showed little interest in defence and security policy and possessed limited knowledge about the strategic options available The principal post war exception to this pattern is of course the Vietnam War when political divisions over Australia s support for the U S led action eventually resulted in the withdrawal of troops in 1972 The period since 2001 has seen a fundamental change both in the public s views of defence and foreign affairs and in how these issues are debated by political elites This has come about as a result of major changes in the strategic environment such as a heightened public awareness of terrorism party political divisions over Australia s military commitment to the 2003 11 Iraq War and the increasing overlap of economic and trade considerations with defence and foreign policies which has increased the public s interest in these issues Combining the expertise of one of Australia s foremost scholars of public opinion with that of an expert of international relations particularly as pertains to Australia in Asia this book will be a critical read for those wishing to understand Australia s alliance with the U S interactions with Asia and China and the distinctive challenges posed to Australia by its geographic position      Australian Politics at a Crossroads Matteo Bonotti,Narelle Miragliotta,2024-02-29 As the 21st century proceeds apace Australia faces new and old challenges both domestically and internationally These include managing complex governance issues preventing democratic fracture balancing an ever shifting geopolitical strategic order addressing the recognition and identity demands of marginalised groups and responding to crises and urgent policy challenges such as climate change Bonotti Miragliotta and

the other contributors to this volume analyse and evaluate the challenges which confront Australia by locating them in their national and comparative context The various contributions reveal that while these challenges are neither novel nor unique to Australia the way in which they manifest and Australia's responses to them are shaped by the country's distinctive history culture geography location and size The chapters offer a cutting edge analysis of these pressing challenges faced by Australia and offer reflections on how to address them The book is a valuable resource for scholars and students of Australian politics and of comparative politics in a global perspective

### **The Geopolitics of Australia's Regional Relations D.**

Rumley, 2001-06-30 The origins of this book go back 30 years to the stimulation and interest generated by the political geography seminars led by John House at the University of Newcastle Upon Tyne I was very fortunate to graduate among its extremely capable sporty and enthusiastic class of 68 from where several academic geographers emerged Equally fortunately some of them and their predecessors had already blazed a trail to undertake graduate studies in Canada At the University of British Columbia I was supervised at different times by Julian Minghi and Victor Prescott both of whom are not only extremely capable academics but are also very fine people I owe an enormous debt to John Julian and Victor and to the British and Canadian taxpayers who provided financial support for my University studies In 1974 I began an academic career at the University of Western Australia where I have been ever since save for a two year period from 1991-3 as Professor of Australian Studies in the Department of International Relations at the University of Tokyo Viewing Australia and the Asia Pacific region from this different perspective within an extremely supportive Japanese environment had a profound impact I am especially grateful for the support provided by so many Japanese academic colleagues and friends beginning as early as 1976 Three individuals deserve special mention for their help guidance and enduring friendship George Ohshima Hiroshi Tanabe and Akihiro Kinda

### **Dreamers and Schemers**

Frank Bongiorno, 2022-11-01 A landmark book the first full political history of Australia In this compelling and comprehensive work renowned historian Frank Bongiorno presents a social and cultural history of Australia's political life from pre settlement Indigenous systems to the present day Depicting a wonderful parade of dreamers and schemers Bongiorno surveys moments of political renewal and sheds fresh light on our democratic life From local pubs and meeting halls to the parliament and cabinet from pamphleteers and stump orators to party agents and operatives this enthralling account looks at the political insiders in the halls of power as well as the agitators and outsiders who sought to shape the nation from the margins A work of political history like no other Dreamers and Schemers will transform the way you look at Australian politics With acuity and grace Bongiorno divines the soul of the nation All told with a cheeky eye for detail and nose for skulduggery by a historian in full archival narrative and rhetorical flight A landmark work Clare Wright Bongiorno is one of our premier historians and this is his masterwork An original take on our politics and people written with an open mind and warm Australian heart George Megalogenis Penetrating and vividly written this a political history that broadens our understanding of politics one that offers genuinely fresh insights and resists

tidy generalisations From First Nations politics to the democracy sausage Dreamers and Schemers never disappoints It will stand as one of the most essential works in Australian history for decades to come Mark McKenna Shortlisted for the Australian History Prize in the NSW Premier s History Awards      **Class Analysis and Contemporary Australia** Janeen Baxter,1991 Collection of essays which describe and examine the consequences of the Australian class structure The findings and observations of the authors are based on their 1986 national survey of the Australian workforce      The Politics of Australia Dean Jaensch,1997      Dimensions of Australian Society Brian Graetz,Ian McAllister,1994      Parliament and Politics in Australia Paul Henderson,1978      **Howard's Agenda** Marian Simms,John Warhurst,2000 No Marketing Blurb      Australian Political Institutions Don Aitkin,Brian Jinks,John Warhurst,1989      The Deregulatory Moment? Robert G Boatright,2015-10-22 For those who assume that increased regulation of political spending is inevitable in democratic nations recent developments in U S campaign finance law appear puzzling Is deregulation exemplified by the U S Supreme Court s decision in Citizens United v FEC a harbinger of things to come elsewhere or further evidence that the United States remains an anomaly In this volume experts on the United States Canada Great Britain Australia Germany Sweden France and several other European nations explore what deregulation means in the context of political campaigns and demonstrate how such comparisons can inform the study of campaign finance in the U S Whereas the contributors do not settle on any single theory of change in campaign finance law or any single perspective on the relationship between changes seen in the U S and those in other nations over the past decade they do concur that the U S is rapidly retreating from the types of regulations that defined campaign finance law in most democratic nations during the latter decades of the twentieth century By tracing and analyzing the recent history of regulation the contributors shed light on many pressing topics including the relationship between public opinion and campaign finance law the role of scandals in inspiring reform and the changing incentives of political parties interest groups and the courts
