Asbestos and Fire Rachel Maines, 2013-08-30 For much of the industrial era asbestos was a widely acclaimed benchmark material During its heyday it was manufactured into nearly three thousand different products most of which protected life and property from heat flame and electricity It was used in virtually every industry from hotel keeping to military technology to chemical manufacturing and was integral to building construction from shacks to skyscrapers in every community across the United States Beginning in the mid 1960s however this once popular mineral began a rapid fall from grace as growing attention to the serious health risks associated with it began to overshadow the protections and benefits it provided In this thought provoking and controversial book Rachel Maines challenges the recent vilification of asbestos by providing a historical perspective on Americans changing perceptions about risk She suggests that the very success of asbestos and other fire prevention technologies in containing deadly blazes has led to a sort of historical amnesia about the very risks they were supposed to reduce *Asbestos and Fire* is not only the most thoroughly researched and balanced look at the history of asbestos it is also an important contribution to a larger debate that considers how the risks of technological solutions should be evaluated As technology offers us ever increasing opportunities to protect and prevent Maines urges that learning to accept and effectively address the unintended consequences of technological innovations is a growing part of our collective responsibility

Research Libraries, 1967 **AB Bookman's Weekly** ,1991 Traditional Chinese Plays Adolphe Clarence Scott, 1967 The world of traditional Chinese drama can be at once fascinating and bewildering to the uninitiated Western observer Attuned to his own dramatic conventions he is hard put to apprehend the delicate fusion of poetry music and subtle gesture which is the essence of Chinese theatre Because of these difficulties the task of translating traditional Chinese drama must go far beyond the conventional literary treatment and evoke the entire world of stagecraft and directing Longing for Worldly Pleasures Ssu Fan is a lyric monologue in which a young Buddhist laments the waning of her youth in the seclusion of the convent The brief piece involves a complexity of mood which makes it an actor's tour de force undertaken only by the most highly skilled performers Fifteen Strings of Cash Shih Wu Kuan a much longer play is a comic murder mystery satirizing bureaucratic ineptitude in the administration of justice The comic lead role of Lou the Rat is a virtuoso part which illustrates the intricate mimetic art of the traditional comic actor and was the play's main appeal to Chinese audiences
