Representing Judith in Early Modern French Literature Kathleen M. Llewellyn,2016-03-23 Although attention to the Book of Judith and its heroine has grown in recent years this is the first full length study to focus on adaptations of the Bible's Old Testament Book of Judith across a range of literary genres written in French during the early modern era Author Kathleen Llewellyn bases her analysis on references to Judith in a number of early modern sermons as well as the Judith texts of four early modern writers The texts include two theatrical dramas Le Myst re de Judith et Holofern's c 1500 believed to have been

written by Jean Molinet and Le Miroir des vefves Trag die sacr e d Holoferne Judith by Pierre Heyns 1596 as well as two epic poems La Judit 1574 by Guillaume de Salluste Du Bartas and Gabrielle de Coignard's Imitation de la victoire de Judich 1594 Llewellyn's goal is to see Judith as she was envisioned by early modern French writers and their readers and to understand how the sixteenth century shaped their view of the heroine Noting aspects of that story that were emphasized by sixteenth century authors as well as elements that those writers altered to suit their purposes she also examines the ways in which writers of this era made use of Judith's story as a means to explore interests and concerns of early modern writers readers and spectators Representing Judith in Early Modern French Literature provides a deeper understanding of early modern ideas regarding the role of women the use of exemplary stories in preaching and teaching theories of vision and the importance of community in Renaissance France 1 Henry IV Stephen Longstaffe, 2011-08-18 An introduction to Shakespeare's I Henry IV introducing its critical and performance history current critical landscape and new directions in research on the play War and Nation in the Theatre of Shakespeare and His Contemporaries Simon Barker, 2007-11-21 This original study explores a vital aspect of early modern cultural history the way that warfare is represented in the theatre of Shakespeare and his contemporaries The book contrasts the Tudor and Stuart prose that called for the establishment of a standing army in the name of nation discipline and subjectivity and the drama of the period that invited critique of this imperative Barker examines contemporary dramatic texts both for their radical position on war and in the case of the later drama for their subversive commentary on an emerging idealisation of Shakespeare and his work The book argues that the early modern period saw the establishment of political social and theological attitudes to war that were to become accepted as natural in succeeding centuries Barker's reading of the drama of the period reveals the discontinuities in this project as a way of commenting on the use of the past within modern warfare The book is also a survey and analysis of literary theory Children of the Crisis Annika Lems, Kathrin Oester, Sabine Strasser, 2021-09-30 Every year thousands of over the last tw young people on the run from war and persecution or escaping poverty and chronic instability make their way to Europe without their parents Embarking on long and often dangerous journeys they have either become separated from their families on the way or set out on their own In recent years the number of unaccompanied minors arriving in Europe has risen drastically It has led to a major shift in perception in European countries initiating a wealth of policies and infrastructures targeted specifically at unaccompanied child refugees This book investigates the emergence of the unaccompanied child refugee as a crisis figure It shows how the sense of exceptionality attached to this figure translates into ambiguous and at times extremely contradictory social practices that have far reaching effects on the lives of refugee youth By bringing together ethnographically driven research on unaccompanied minors in some of the core arrival and transit countries in or into Europe it shows the divergent ways ideas on childhood deservingness and vulnerability are interpreted lived and grappled with on the ground By laying the focus on young people's own experiences and perspectives it establishes a deeper

understanding of the ways unaccompanied asylum seekers live and make sense of shifting social terrains The chapters in this book were originally published as a special issue of the Journal of Ethnic and Migration Studies Class, Culture and Tragedy in the Plays of Jez Butterworth Sean McEvoy, 2020-12-29 Jez Butterworth is undoubtedly one of the most popular and commercially successful playwrights to have emerged in Britain in the early twenty first century This book only the second so far to have been written on him argues that the power of his most acclaimed work comes from a reinvigoration of traditional forms of tragedy expressed in a theatricalized working class language Butterworth's most developed tragedies invoke myth and legend as a figurative resistance to the flat and crushing instrumentalism of contemporary British political and economic culture In doing so they summon older resonant narratives which are both popular and high cultural in order to address present cultural crises in a language and in a form which possess wide appeal Tracing the development of Butterworth's work chronologically from Mojo 1995 to The Ferryman 2017 each chapter offers detailed critical readings of a single play exploring how myth and legend become significant in a variety of ways to Butterworth's presentation of cultural Citoyennes Annie Smart, 2011-12-23 In Citoyennes Annie Smart argues that many revolutionary and and personal crisis pre revolutionary works constructed a civic identity for women and portrayed the home as a site for both civic virtue and private subjectivity This interdisciplinary study offers a fresh interpretation of the role of women and the home in eighteenth century France and goes a long way to filling a gaping home in the contemporary literature on the subject Renaissance Drama in England S. P.
