Stalinism And Nazism Dictatorships In Comparison

Dan Stone

Stalinism And Nazism Dictatorships In Comparison:

Stalinism and Nazism Ian Kershaw, Moshe Lewin, 1997-04-28 The internationally distinguished contributors to this landmark volume represent a variety of approaches to the Nazi and Stalinist regimes These far reaching essays provide the raw materials towards a comparative analysis and offer the means to deepen and extend research in the field The first section highlights similarities and differences in the leadership cults at the heart of the dictatorships The second section moves to the war machines engaged in the titanic clash of the regimes between 1941 and 1945 A final section surveys the shifting interpretations of successor societies as they have faced up to the legacy of the past Combined the essays presented here offer unique perspectives on the most violent and inhumane epoch in modern European history [Stalinism and Nazism](#) Henry Rousso, Richard Joseph Golsan, 2004-01-01 In this volume Europe s leading modern historians offer new insights into two totalitarian regimes of the twentieth century that have profoundly affected world history Nazi Germany and the Stalinist Soviet Union Until now historians have paid more attention to the similarities between these two regimes than to their differences Stalinism and Nazism explores the difficult relationship between the history and memory of the traumas inflicted by Nazi and Soviet occupation in several Eastern European countries in the twentieth century The first part of the volume explores the origins nature and organization of Hitler s and Stalin s dictatorial power the manipulation of violence by the state systems and the comparative power of the dictator s personal will and the encompassing totalitarian system The second part examines the legacies of the Nazi and Stalinist regimes in Eastern European countries that experienced both Stalinism and Nazism features the latest critical perspectives on two of the most influential and deadly political regimes in modern history [The Dictators: Hitler's Germany, Stalin's Russia](#) Richard Overy, 2006-01-17 A book of great importance it surpasses all others in breadth and depth Commentary If the past century will be remembered for its tragic pairing of civilized achievement and organized destruction at the heart of darkness may be found Hitler Stalin and the systems of domination they forged Their lethal regimes murdered millions and fought a massive deadly war Yet their dictatorships took shape within formal constitutional structures and drew the support of the German and Russian people In the first major historical work to analyze the two dictatorships together in depth Richard Overy gives us an absorbing study of Hitler and Stalin ranging from their private and public selves their ascents to power and consolidation of absolute rule to their waging of massive war and creation of far flung empires of camps and prisons The Nazi extermination camps and the vast Soviet Gulag represent the two dictatorships in their most inhuman form Overy shows us the human and historical roots of these evils **Perspectives on the Entangled History of Communism and Nazism** Klas-Göran Karlsson, Johan Stenfeldt, Ulf Zander, 2015-07-15 The collective work deals with the problems of if how and why the histories of German Nazism and Soviet Communism should and could be situated within one coherent narrative As historical phenomena can Communism and Nazism fruitfully be compared to each other Do they belong to the same historical contexts Have they influenced reacted to

or learned from each other Are they interpreted represented and used together by posterity The background of the book is twofold One is external There is an ongoing debate about the historical entanglements of Communism and Nazism especially about Auschwitz and Gulag respectively Our present fascination with the evil history of genocide has situated the Holocaust as the borderline event in Western historical thinking The crimes against humanity perpetrated by the Soviet Communist regime do not have the same position but are considered more urgent in the East and Central European states that were subdued by both Nazi and Communist regimes The other internal background is to develop an analytical perspective in which the comnaz nexus can be understood Using a complex approach the authors investigate Communist and Nazi histories as entangled phenomena guided by three basic perspectives Focusing on roots and developments a genetic perspective highlights historical process oriented connections A structural perspective indicates an attempt to narrow down operational parallels of the two political systems in the way they handled ideology to construct social utopia used techniques of terror etc A third perspective is genealogical emphasizing the processing and use of Communist and Nazi history by posterity in terms of meaning and memory What past is worth remembering celebrating debating but also distorting and forgetting The chapters of the book address phenomena such as ideology terror secular religion museum exhibits and denial Soviet and Nazi Posters Kees Boterbloem, Lisa Pine, 2025-01-23 This book examines the key content and propaganda value of posters in the dictatorships of Stalin s USSR 1927 53 and Hitler s Germany 1933 43 using posters as a point of entry for discussing key Soviet and Nazi policies In so doing Soviet and Nazi Posters provides a compelling account of the posters utilised by both regimes for the first time Kees Boterbloem and Lisa Pine employ a comparative approach throughout analysing commonalities and differences and inspecting the regimes use of posters as propaganda Richly illustrated with 50 images 25 of which are in colour Soviet and Nazi Posters encourages the development of vital source skills in the pursuit of understanding the complexities of 20th century European dictatorships What do these posters yield to the historian What do they tell us about the regimes and their intentions Ultimately they offer a compelling visual point of entry into Nazism and Stalinism here explored in rewarding detail Boterbloem and Pine convincingly make the case that the use of posters as a medium of propaganda by Stalin and Hitler was advanced at the time and far reaching The poster campaigns were very powerful in terms of the impact on their populations and point to how the regimes could influence people outside their homes and in public places to support the regimes and their policies The book looks at specific posters to discuss key regime policies associated with them and this offers us new insights into the nature of these authoritarian governments and the way in which they addressed their populations Histories of the Holocaust Dan Stone, 2010-06-17 A comprehensive and accessible guide to the major themes and debates in Holocaust historiography over the last two decades *A Day in a Working Life* Gary Westfahl, 2015-04-21 Ideal for high school and college students studying history through the everyday lives of men and women this book offers intriguing information about the jobs that people have held from ancient times to the 21st

century This unique book provides detailed studies of more than 300 occupations as they were practiced in 21 historical time periods ranging from prehistory to the present day Each profession is examined in a compelling essay that is specifically written to inform readers about career choices in different times and cultures and is accompanied by a bibliography of additional sources of information sidebars that relate historical issues to present day concerns as well as related historical documents Readers of this work will learn what each profession entailed or entails on a daily basis how one gained entry to the vocation training methods and typical compensation levels for the job The book provides sufficient specific detail to convey a comprehensive understanding of the experiences benefits and downsides of a given profession Selected accompanying documents further bring history to life by offering honest testimonies from people who actually worked in these occupations or interacted with those in that field

Gender Politics and Mass Dictatorship J. Lim,K.

Petrone,2010-12-14 Unique in comparative scope this volume brings together global scholarship on gender Thirteen international experts explore the gendered mobilization of men and women in twentieth century European and Asian mass dictatorships and colonial empires examining both mobilization from above and self empowerment from below

The Nature of Stalin's Dictatorship E. A. Rees,2003-11-14 This is the first attempt to systematically study the nature of the political leadership system under Stalin It focuses both on the formal institutions of power such as the Politburo and on the informal networks of decision making that were a central feature of his system of rule It draws on a wealth of new archival material to highlight Stalin s relations with his co leaders and wider elite groups and offers different perspectives on the nature and degree of Stalin s system of personal power

Gulag Literature and the Literature of Nazi Camps Leona

Toker,2019-08-28 A literary scholar examines survival narratives from Russian and German concentration camps shedding new light on testimony in the face of evil In this illuminating study Leona Toker demonstrates how Holocaust literature and Gulag literature provide contexts for each other especially how the prominent features of one shed light on the veiled features and methods of the other Toker s analysis concentrates on the narrative qualities of the works as well as how each text documents the writer s experience in a form where fictionalized narrative can double as historical testimony Toker also views these texts against the background of historical information about the Soviet and the Nazi regimes of repression

Writers at the center of this work include Varlam Shalamov Primo Levi Elie Wiesel and Ka Tzetnik and others including Aleksandr Solzhenitsyn Evgeniya Ginzburg and Jorge Sempr n illuminate the discussion Toker also provides context for references to potentially obscure historical events and shows how they form new meaning in the text

German Blood, Slavic Soil Nicole Eaton,2023-04-15 Winner of the Reginald Zelnik Book Prize in History German Blood Slavic Soil reveals how Nazi Germany and the Soviet Union twentieth century Europe s two most violent revolutionary regimes transformed a single city and the people who lived there During World War II this single city became an epicenter in the apocalyptic battle between their two regimes Drawing on sources and perspectives from both sides Nicole Eaton explores not only what

Germans and Soviets thought about each other but also how the war brought them together She details an intricate timeline first describing how Königsberg a seven hundred year old German port city on the Baltic Sea and lifelong home of Immanuel Kant became infamous in the 1930s as the easternmost bastion of Hitler's Third Reich and the launching point for the Nazis genocidal war in the East She then describes how after being destroyed by bombing and siege warfare in 1945 Königsberg became Kaliningrad the westernmost city of Stalin's Soviet Union Königsberg Kaliningrad is the only city to have been ruled by both Hitler and Stalin as their own in both wartime occupation and as integral territory of the two regimes *German Blood Slavic Soil* presents an intimate look into the Nazi Soviet encounter during World War II Eaton impressively shows how this outpost city far from the centers of power in Moscow and Berlin became a closed off space where Nazis and Stalinists each staged radical experiments in societal transformation and were forced to reimagine their utopias in dialogue with the encounter between the victims and proponents of the two regimes

An Analysis of Timothy Snyder's Bloodlands Helen Roche, 2017-07-05 A flagbearer for the increasingly fashionable genre of transnational history Timothy Snyder's *Bloodlands* is first and foremost a stunning example of the critical thinking skill of evaluation Snyder's linguistic precocity allows him to cite evidence in 10 languages putting fresh twists on the familiar story of World War II fighting on the Eastern Front from 1941-45 In doing so he works to humanize the estimated 14 million people who lost their lives as their lands were fought over repeatedly by the Nazis and their Soviet opponents Snyder also works to link more closely the atrocities committed by Hitler and Stalin which he insists are far too often viewed in isolation He focuses heavily on the adequacy and relevance of his evidence but he also uses the materials he has culled from so many different archives as fuel for an exemplary work of reasoning forcing readers to confront the grim realities that lie behind terms such as cannibalism and liquidation In consequence *Bloodlands* has emerged only a few years after its publication as one of the seminal works of its era one that is key to Holocaust studies genocide studies and area studies and to sociology as well as to history A masterly work of literature as well as of history *Bloodlands* will continue to be read for decades

Memory Laws, Memory Wars Nikolay Koposov, 2017-10-12 Laws against Holocaust denial are perhaps the best known manifestation of the present day politics of historical memory In *Memory Laws Memory Wars* Nikolay Koposov examines the phenomenon of memory laws in Western and Eastern Europe Ukraine and Russia and exposes their very different purposes in the East and West In Western Europe he shows how memory laws were designed to create a common European memory centred on the memory of the Holocaust as a means of integrating Europe combating racism and averting national and ethnic conflicts In Russia and Eastern Europe by contrast legislation on the issues of the past is often used to give the force of law to narratives which serve the narrower interests of nation states and protect the memory of perpetrators rather than victims This will be essential reading for all those interested in ongoing conflicts over the legacy of the Second World War Nazism and communism

Beyond Totalitarianism Michael Geyer, Sheila Fitzpatrick, 2009 These essays rethink the nature of Stalinism and Nazism and establish

a new methodology for viewing their histories that goes well beyond outdated twentieth century models of totalitarianism ideology and personality They offer a new understanding of the intertwined trajectories of socialism and nationalism in European and global history *A Century of Genocide* Eric D. Weitz, 2015-04-27 Why did the twentieth century witness unprecedented organized genocide Can we learn why genocide is perpetrated by comparing different cases of genocide Is the Holocaust unique or does it share causes and features with other cases of state sponsored mass murder Can genocide be prevented Blending gripping narrative with trenchant analysis Eric Weitz investigates four of the twentieth century's major eruptions of genocide the Soviet Union under Stalin Nazi Germany Cambodia under the Khmer Rouge and the former Yugoslavia Drawing on historical sources as well as trial records memoirs novels and poems Weitz explains the prevalence of genocide in the twentieth century and shows how and why it became so systematic and deadly Weitz depicts the searing brutality of each genocide and traces its origins back to those most powerful categories of the modern world race and nation He demonstrates how in each of the cases a strong state pursuing utopia promoted a particular mix of extreme national and racial ideologies In moments of intense crisis these states targeted certain national and racial groups believing that only the annihilation of these enemies would enable the dominant group to flourish And in each instance large segments of the population were enticed to join in the often ritualistic actions that destroyed their neighbors This book offers some of the most absorbing accounts ever written of the population purges forever associated with the names Stalin Hitler Pol Pot and Milosevic A controversial and richly textured comparison of these four modern cases it identifies the social and political forces that produce genocide *Hannah Arendt's Response to the Crisis of Her Times* Anthony Court, 2008 **Stalin** Kevin McDermott, 2006-01-23 Stalin's massive impact on Soviet history is often explained in terms of his inherent evil personality defects and power lust While not rejecting these notions Kevin McDermott argues that Stalin's thoughts and actions are best contextualised in the inter relationship between war and revolution in the first half of the twentieth century The author presents the case for taking the Soviet dictator seriously as a Marxist revolutionary whose fundamental beliefs and modus operandi were forged in the cauldron of civil and international wars ideologically driven class wars and revolutionary upheavals associated with the age of catastrophe 1914-45 Only by so doing can the complex motivations for such cataclysmic events as the Great Terror be adequately addressed Incorporating recently declassified materials from the former Soviet Party archives this new appraisal of Stalin also provides a critical review of the latest western and Russian historiography It is essential reading for anyone studying the debates on one of the leading figures of Soviet history Personality and Power Ian Kershaw, 2022-11-15 One of New York Magazine's Most Anticipated Books of the Fall How far can a single leader alter the course of history From one of the leading historians of twentieth century Europe and the author of the definitive biography of Hitler *Personality and Power* is a masterful reckoning with how character conspired with opportunity to create the modern age's uniquely devastating despots and how and why other countries found better paths The modern era saw the

emergence of individuals who had command over a terrifying array of instruments of control persuasion and death Whole societies were reshaped and wars were fought often with a merciless contempt for the most basic norms At the summit of these societies were leaders whose personalities somehow enabled them to do whatever they wished regardless of the consequences for others Ian Kershaw s new book is a compelling lucid and challenging attempt to understand these rulers whether those operating on the widest stage Lenin Stalin Hitler Mussolini or with a more national impact Tito Franco What was it about these leaders and the times in which they lived that allowed them such untrammelled and murderous power And what brought that era to an end In a contrasting group of profiles from Churchill to de Gaulle Adenauer to Gorbachev and Thatcher to Kohl Kershaw uses his exceptional skills as an iconic historian to explore how strikingly different figures wielded power

Barbarism and Civilization Bernard Wasserstein,2007 The twentieth century in Europe witnessed some of the most brutish episodes in history Yet it also saw incontestable improvements in the conditions of existence for most inhabitants of the continent from rising living standards and dramatically increased life expectancy to the virtual elimination of illiteracy and the advance of women ethnic minorities and homosexuals to greater equality of respect and opportunity It was a century of barbarism and civilization of cruelty and tenderness of technological achievement and environmental spoliation of imperial expansion and withdrawal of authoritarian repression and of individualism resurgent Covering everything from war and politics to social cultural and economic change *Barbarism and Civilization* is by turns grim humorous surprising and enlightening a window on the century we have left behind and the earliest years of its troubled successor

[An Analysis of Ian Kershaw's The "Hitler Myth"](#) Helen Roche,2017-07-05 Few historical problems are more baffling in retrospect than the conundrum of how Hitler was able to rise to power in Germany and then command the German people many of whom had only marginal interest in or affiliation to Nazism and the Nazi state It took Ian Kershaw author of the standard two volume biography of Hitler to provide a truly convincing solution to this problem Kershaw s model blends theory notably Max Weber s concept of charismatic leadership with new archival research into the development of the Hitler cult from its origins in the 1920s to its collapse in the face of the harsh realities of the latter stages of World War II Kershaw s model also looks at dictatorship from an unusual angle not from the top down but from the bottom up seeking to understand what ordinary Germans thought about their leader Kershaw s broad approach is a problem solving one Most obviously he actively interrogates his evidence asking highly productive questions that lead him to fresh understandings and help generate solutions that are credibly rooted in the archives Kershaw s theories also have application elsewhere the model set out in *The Hitler Myth* has been used to analyse other charismatic leaders including several from ideologically opposed backgrounds

Yeah, reviewing a book **Stalinism And Nazism Dictatorships In Comparison** could go to your close connections listings. This is just one of the solutions for you to be successful. As understood, realization does not suggest that you have fantastic points.

Comprehending as with ease as pact even more than additional will offer each success. next-door to, the publication as skillfully as keenness of this Stalinism And Nazism Dictatorships In Comparison can be taken as without difficulty as picked to act.

Stalinism And Nazism Dictatorships In Comparison Introduction

In today's digital age, the availability of Stalinism And Nazism Dictatorships In Comparison books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Stalinism And Nazism Dictatorships In Comparison books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Stalinism And Nazism Dictatorships In Comparison books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Stalinism And Nazism Dictatorships In Comparison versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Stalinism And Nazism Dictatorships In Comparison books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Stalinism And Nazism Dictatorships In Comparison books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Stalinism And Nazism Dictatorships In Comparison books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It

also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Stalinism And Nazism Dictatorships In Comparison books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Stalinism And Nazism Dictatorships In Comparison books and manuals for download and embark on your journey of knowledge?

FAQs About Stalinism And Nazism Dictatorships In Comparison Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Stalinism And Nazism Dictatorships In Comparison is one of the best book in our library for free trial. We provide copy of Stalinism And Nazism Dictatorships In Comparison in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Stalinism And Nazism Dictatorships In Comparison. Where to download Stalinism And Nazism Dictatorships In Comparison online for free? Are you looking for Stalinism And Nazism Dictatorships In Comparison PDF? This is definitely going to save you time and cash in something you should think about. If you trying to find then search around for online. Without a doubt

there are numerous these available and many of them have the freedom. However without doubt you receive whatever you purchase. An alternate way to get ideas is always to check another Stalinism And Nazism Dictatorships In Comparison. This method for see exactly what may be included and adopt these ideas to your book. This site will almost certainly help you save time and effort, money and stress. If you are looking for free books then you really should consider finding to assist you try this. Several of Stalinism And Nazism Dictatorships In Comparison are for sale to free while some are payable. If you arent sure if the books you would like to download works with for usage along with your computer, it is possible to download free trials. The free guides make it easy for someone to free access online library for download books to your device. You can get free download on free trial for lots of books categories. Our library is the biggest of these that have literally hundreds of thousands of different products categories represented. You will also see that there are specific sites catered to different product types or categories, brands or niches related with Stalinism And Nazism Dictatorships In Comparison. So depending on what exactly you are searching, you will be able to choose e books to suit your own need. Need to access completely for Campbell Biology Seventh Edition book? Access Ebook without any digging. And by having access to our ebook online or by storing it on your computer, you have convenient answers with Stalinism And Nazism Dictatorships In Comparison To get started finding Stalinism And Nazism Dictatorships In Comparison, you are right to find our website which has a comprehensive collection of books online. Our library is the biggest of these that have literally hundreds of thousands of different products represented. You will also see that there are specific sites catered to different categories or niches related with Stalinism And Nazism Dictatorships In Comparison So depending on what exactly you are searching, you will be able to choose ebook to suit your own need. Thank you for reading Stalinism And Nazism Dictatorships In Comparison. Maybe you have knowledge that, people have search numerous times for their favorite readings like this Stalinism And Nazism Dictatorships In Comparison, but end up in harmful downloads. Rather than reading a good book with a cup of coffee in the afternoon, instead they juggled with some harmful bugs inside their laptop. Stalinism And Nazism Dictatorships In Comparison is available in our book collection an online access to it is set as public so you can download it instantly. Our digital library spans in multiple locations, allowing you to get the most less latency time to download any of our books like this one. Merely said, Stalinism And Nazism Dictatorships In Comparison is universally compatible with any devices to read.
