**No Ordinary Stalking** June Ti, 2017-01-03 Organized stalking is carried out by an enthusiastic and structured group that has cruel intentions stalk harass injure financially ruin and mentally crumple human prey until incapacitation occurs What sets this crime apart is that innocents are picked off the street There is no getting away from the stalkers and no getting away from the unusual technology that is used to take over someone's life For the first couple of months says June I thought it was a sick game Now that I've been tormented for years well it's clear that organized stalking is a sophisticated crime that follows a step by step process to leave the victim as bare and isolated as the dead tree on the cover He or she may still be standing but that's about it I'll sum it up this way Veiled intimidation ensures that targeted individuals are viewed by the public as free people which they are not They are playthings to their controllers Hostages in plain sight Victims are quite literally owned yet have limited chance of rescue because their desperate circumstances are misunderstood Some die from the violence Some die from suicide And the rest merely exist Organized stalking is worldwide and is called gang stalking in some areas The electronic harassment that accompanies organized stalking is also known as covert harassment
