

The background of the entire cover is a detailed, close-up photograph of several scallop shells. The shells are in various orientations, showing their characteristic fan-like shape and intricate patterns. Some shells are a pale cream color with fine, dark lines, while others are a darker, more iridescent blue or green. The lighting creates highlights and shadows that emphasize the texture and ridges of the shells.

Stalking The Blue Eyed Scallop:

Stalking the Blue-Eyed Scallop Euell Gibbons, 2020-04-01 This foraging and cooking classic was first published in 1964 and has continued to be one of America's most appreciated works on the subject of seafood. As a young man Euell Gibbons kept his family alive during the Dust Bowl era by gathering wild foods. In later years he foraged for seafood all over the coastlines of North America and even Hawaii. He drew on his extensive experience and research to write his Stalking series books which have entered the American lexicon and which remain the starting point for serious foragers. Euell Gibbons tells how to find marvelous food in every coastal area of North America. This book contains numerous drawings for identification and hundreds of recipes and cooking tips from chowders and clambakes to simple epicurean treats such as boiled periwinkles dipped in melted butter. *Stalking the Blue Eyed Scallop* Outlet, Outlet Book Company Staff, Random House Value Publishing Staff, 1988-12-01

Provence, 1970 Luke Barr, 2013-10-22 Provence 1970 is about a singular historic moment. In the winter of that year more or less coincidentally the iconic culinary figures James Beard, M. F. K. Fisher, Julia Child, Richard Olney, Simone Beck, and Judith Jones found themselves together in the South of France. They cooked and ate, talked and argued about the future of food in America, the meaning of taste, and the limits of snobbery. Without quite realizing it, they were shaping today's tastes and culture the way we eat now. The conversations among this group were chronicled by M. F. K. Fisher in journals and letters, some of which were later discovered by Luke Barr, her great nephew. In *Provence 1970* he captures this seminal season set against a stunning backdrop in cinematic scope, complete with gossip, drama, and contemporary relevance. Sustainable Living Mick Winter, 2007

Sustainable Living for Your Home, Neighborhood and Community is about your home, inside and outside, and how you can use less energy, spend less money, and enjoy it more. It's about your neighborhood and how you and your neighbors can benefit from working and sharing together. And it's about your community and how all of its neighborhoods and residents can benefit from cooperative effort. This book isn't about buying greener things; it's about buying fewer things. It's about spending less money and getting more out of life. And helping the planet at the same time. Most of all, *Sustainable Living* is a guide to saving money, improving your life, and giving you the tools you need to be adaptable to deal with an uncertain future. [Repossessing the World](#) Helen M. Buss, 2006-01-01 Why does it seem as if everyone is writing memoirs and particularly women? The current popularity of memoir verifies the common belief that we each have a story to tell. And we do especially women. Memoirs are not only representations of women's personal lives but also of their desire to repossess important parts of our culture in which women's stories have not mattered. Beginning with her own motivations for writing memoirs Helen M Buss examines the many kinds of memoir written by contemporary women: memoirs about growing up; memoirs about traumatic events; about relationships; about work. In writing memoirs these women publicly assert that their lives have mattered. They reshape the memoir a form as old as the middle ages and as young as today into a social discourse that blends the personal with the political, the self with the significant other, literature with history and fiction with autobiography and essay. Buss urges readers to use their reading experience to help themselves understand and write the significance of their own lives. *Repossessing the World* is the first book-length critical inquiry into women's use of a form that has often been dismissed as less important than autobiography, less professional than the novel and less intellectual than the formal essay. Buss demonstrates that the memoir makes its own art not only through selective borrowing from these genres but also through the unique way that the tripartite narrative voice of the memoir constructs the personal and public experience of the memoirist as significant to our cultural moment. **July 24 and 25 (in part), 1973 (Including index), v. 1179-1496, xvii p** United States.
