Tibbles,2005-01-01 Between 1500 and 1870 European traders transported millions of Africans to the Americas to work as slaves yet despite the wealth of scholarship on this period many people remain uninformed about the history of the slave trade and its implications for the modern black experience Published to accompany a permanent gallery in the Merseyside Maritime Museum Transatlantic Slavery documents this era through essays on women in slavery the impact of slavery on West and Central Africa and the African view of the slave trade Richly illustrated it reveals how the slave trade shaped the history of three continents Africa the Americas and Europe and how all of us continue to live with its consequences

Slavery and African Life Patrick Manning,1990-09-28 This book summarizes a wide range of recent literature on slavery for all of tropical Africa *Terror and Triumph* Anthony B. Pinn,2022-07-26 Given the unique history of African Americans and their diverse religious flowering in Black Christianity the Nation of Islam voodoo and others what is the heart and soul of African American religious life As a leader in both Black religious studies and theology Anthony Pinn has probed the dynamism and variety of African American religious expressions In this work based on the Edward Cadbury Lectures at the University of Birmingham England he searches out the basic structure of Black religion tracing the Black religious spirit in

its many historical manifestations Pinn finds in the terrors of enslavement of Black bodies and subsequent oppressions the primal experience to which the Black religious impulse provides a perennial and cumulative response Oppressions entailed the denial of personhood and creation of an object the negro Slave auctions punishments and later lynchings created an existential dread but also evoked a quest a search for complex subjectivity or authentic personhood that still fuels Black religion today In this 20th anniversary edition of Pinn s groundbreaking work the author offers a new reflection on the argument in retrospect and invites a panel of five contemporary scholars to examine what it means for current and future scholarship Contributors include Keri Day Sylvester Johnson Anthony G Reddie Calvin Warren and Carol Wayne White

African Voices of the Atlantic Slave Trade Anne Caroline Bailey, 2005 The story of the Atlantic slave trade has largely been filtered through the records of white Europeans but in this watershed book Anne C Bailey focuses on memories of the trade from the African perspective African chiefs and other elders in an area of southeastern Ghana once famously called the Old Slave Coast share stories that reveal that Africans were both traders and victims of the trade Though Africans were not equal partners with Europeans their involvement had devastating consequences on their history and sense of identity Like trauma victims many African societies experience a fragmented view of their past that partially explains the silence and shame around the slave trade Capturing astonishing oral histories that were handed down through generations of storytellers Bailey breaks this deafening silence and explores the delicate nature of historical memory in this rare unprecedented book Bailey offers a noteworthy carefully researched contribution to the study of the African slave trade and brings unheard historical voices to the fore Publishers Weekly A remarkable effort to present the slave trade from a perspective very different from what we are used to not that of slaverys liberal opponents or even of the slaves themselves but of the Africans from whose midst the slaves were taken Bailey is scrupulously objective in making her way through the resulting political minefield People like Anne Bailey make us uncomfortable which is all to the good Daniel Lazare The Nation A true work of retrieval and restoration A remarkable gift Ato Quayson director African Studies Centre University of Cambridge UK

Final Passages Gregory E. O'Malley, 2014 Final Passages The Intercolonial Slave Trade of British America 1619 1807

Subject to Others (Routledge Revivals) Moira Ferguson, 2014-08-01 First published in 1992 Subject to Others considers the intersection between late seventeenth to early nineteenth century British female writers and the colonial debate surrounding slavery and abolition Beginning with an overview that sets the discussion in context Moira Ferguson then chronicles writings by Anglo Saxon women and one African Caribbean ex slave woman from between 1670 and 1834 on the abolition of the slave trade and the emancipation of slaves Through studying the writings of around thirty women in total Ferguson concludes that white British women as a result of their class position religious affiliation and evolving conceptions of sexual difference constructed a colonial discourse about Africans in general and slaves in particular Crucially the feminist propensity to align with anti slavery activism helped to secure the political self liberation of white British women A

fascinating and detailed text this volume will be of particular interest to undergraduate students researching colonial British female writers early feminist discourse and the anti slavery debate *The Emergence of Teacher Education in Zambia* Brendan P. Carmody,2020-05-01 This book offers a detailed history of the development of teacher education in Zambia Also analysed is the nature of education offered at different times and how the teacher and his her education reflect this arguing the need for a fundamentally new philosophy of education and a mode of teacher formation in line with it **Encyclopedia of the Underground Railroad** J. Blaine Hudson,2015-01-09 Fugitive slaves were reported in the American colonies as early as the 1640s and escapes escalated with the growth of slavery over the next 200 years As the number of fugitives rose the Southern states pressed for harsher legislation to prevent escapes The Fugitive Slave Act of 1850 criminalized any assistance active or passive to a runaway slave yet it only encouraged the behavior it sought to prevent Friends of the fugitive whose previous assistance to runaways had been somewhat haphazard increased their efforts at organization By the onset of the Civil War in 1861 the Underground Railroad included members defined stops set escape routes and a code language From the abolitionist movement to the Zionville Baptist Missionary Church this encyclopedia focuses on the people ideas events and places associated with the interrelated histories of fugitive slaves the African American struggle for equality and the American antislavery movement Information is drawn from primary sources such as public records document collections slave autobiographies and antebellum newspapers Out of the House of Bondage Gad Heuman,2022-09-21 Out of the House of Bondage first published in 1986 focuses not on slave rebellions which were of crucial importance but not common occurrences but on the day to day patterns of resistance that directly affected the lives of slaves It examines acts of resistance in both the Americas and Africa and widens the study of runaways and resistance and uses runaways as a means to further analyse slavery and the wider slave population A Stolen Life Peter Meyler,David Meyler,1999-11-15 Captured in Bundu now part of Senegal around 1744 Pierpoint escapes slavery finds freedom in Canada and is involved in the War of 1812 Murder at Montpelier Douglas Brent Chambers,2005 *African Seaports and Maritime Economics in Historical Perspective* Ayodeji Olukoju,Daniel Castillo Hidalgo,2020-07-14 This book updates African maritime economic history to analyse the influence of seaports and seaborne trade processes of urbanization and development and the impact of globalization on port evolution within the different regions of Africa It succeeds the seminal collection edited by Hoyle Hilling which was conceived during a phase of sustained economic growth on the African continent and builds on a similar trend where African economies have experienced processes of economic growth and the relative improvement of welfare conditions It provides valuable insights on port evolution and the way the maritime sector has impacted the hinterland and the regional economic structures of the affected countries including the several and varied agents involved in these activities African Seaports and Maritime Economics in Historical Perspective will be useful for economists historians and geographers interested in African and maritime issues as well as policy makers interested in path dependence and long term analysis
