

The background of the entire image is a halftone illustration. It depicts a man in a dark suit and white shirt, seen from the side, looking out over a city at night. In the foreground, there is a large, ornate fountain with water spraying upwards. The city lights are visible in the background, creating a bokeh effect. The overall tone is dark and atmospheric.

George P. Upton's *The Standard Operas: Their Plots, Their Music, and Their Composers* is a comprehensive guide to the world of opera providing detailed descriptions of the plots, musical scores, and composers behind some of the most beloved operas in history. Upton's literary style is informative and engaging, making this book accessible to both opera enthusiasts and newcomers to the genre. Written in the late 19th century, this book serves as a valuable resource for understanding the cultural significance of opera during that time period. Upton's meticulous research and passion for opera shine through in his detailed analyses of each opera's story and music. George P. Upton, a music critic and educator, drew from his extensive knowledge of opera to create this definitive guide. His expertise in music theory and history is evident in the way he dissects the composers' intentions and the development of opera as an art form. Upton's dedication to preserving the legacy of these timeless works is reflected in the thoroughness of his research and the depth of his insights. I highly recommend *The Standard Operas* to anyone interested in delving into the world of opera. Upton's book provides a comprehensive overview of the most famous operas, making it an essential read for opera lovers and scholars alike.
