

D I C T I O N A R Y

O F T H E

E N G L I S H L A N G U A G E.

A, The first letter of the European alphabet, has, in the English language, three different sounds, which may be termed the broad, open, and slender.

The broad sound, resembling that of the German *a*, is found in many of our monosyllables, as *all*, *well*, *male*, *fat*, in which *a* is pronounced as *aw* in *cow*, or *aw* in *law*. Many of these words were anciently written with *aw*, as *faul*, *maul*; which happens to be still retained in *faul*. This was probably the ancient sound of the Saxons, for it is almost uniformly preserved in the rustic pronunciation, and the Northern dialects, as *maaw* for *man*, *haawd* for *head*.

A open, not unlike the *a* of the Italians, is found in *father*, *rather*, and more obscurely in *fang*, *fast*, &c.

A slender or close, is the peculiar *a* of the English language, resembling the sound of the French *a* masculine, or dispirited *a* in *pair*, or perhaps a middle sound between them, or between the *a* and *e*; so that the Arabic *a* is said nearly to approach. Of this sound we have examples in the words, *glaw*, *fact*, *right*, and all those that terminate in *ation*; as *relation*, *nation*, *procreation*.

A is short, as, *glaw*, *glaw*; or long, as, *glaw*, *glaw*; it is marked long, generally, by an *e* final, *glaw*, or by an *i* added, as *glaw*. The short *a* is open, the long *a* close.

A, an article *se* before nouns of the singular number; *a* man, *a* tree; denoting the number *one*, as, *a* man is coming, that is, *no more than one*; or an indefinite indication, as, *a* man may come this way, that is, *any man*. This article has no plural signification. Before a word beginning with a vowel, it is written *an*, as, *an* oak, *an* egg, of which *a* is the contraction.

Voc. I.

2. **A**, taken materially, or for itself, is a noun; as, *a* great *a*, *a* little *a*.

3. **A** is placed before a participle, or participial noun; and is considered by Wallis as a contraction of *at*, when it is put before a word denoting some action not yet finished; as, *I am a walking*. It also seems to be anciently contracted from *at*, when placed before local names; as, *Thomas a Becket*. In other cases, it seems to signify *at*, like the French *a*.

at beating Chidee went. *Psalm.*
They go a begging to a huckster's door. *Dayton.*
May peace this summer by their parking him-taken!

Which we say every year
Find when we come a fishing here. *Warton.*
Now the men tell a rubbing of answers, which
a great while had been used. *Warton.*
He will keep the spurs a piece with his tooth.

Another tells a slaying a Potomac Nipe, and
indistinctly distinguishes the sound of it to be
monosyllabic. *Johnson on Monosyllables.*

4. **A** has a peculiar signification, denoting the proportion of one thing to another. Thus we say, 'The landlord hath a hundred a year; 'The ship's crew gained a thousand pounds a man.'

The river *low* passes through a wide open country, through all the month through *Barren*; which is a sign of two days, *Barren* one of twenty leagues a day. *Johnson on Barren.*

5. **A** is used in burlesque poetry, to lengthen out a syllable, without adding to the sense.

For cloven and merrymen to the loony,
And even the cranes in China. *Dayton.*

6. **A** is sometimes, in familiar writings, put by a barbarous corruption for *se*; as, *will a come*, for *will he come*.

7. **A**, in composition, seems to have sometimes the power of the French *a* in these phrases, *a down*, *a passage*, &c. and sometimes to be contracted from *at*; as, *apide*, *aplace*, *apier*, *apost*, *apostle*, *apostle*.

A B A

I fail to be a tower of the sea;
And with the flow of the world were now united. *Shakespeare's Measure.*

And now a breeze from that begins to blow,
The flocks fly their way, and each to row;
They hold their yards *a-way*, and all their sails
Let fall, to cover the wind, and catch the gales.

Dayton's Eyes and Allegory.
A little boat with trees a row,
And like its master, very low. *Page, ibid.*

8. **A** is sometimes redundant; as, *awful*, *awful*, *awful*; the same with *right*, *right*, *right*.

9. **A**, in abbreviations, stands for *artium*, or *arts*; as, *A. B.* bachelor of arts, *artium baccalaureus*; *A. M.* master of arts, *artium magister*; or, *ma*; as, *A. D.* *anno domini*.

AB, at the beginning of the names of places, generally shows that they have some relation to an abbey, as *Abingdon*, *Gibson*.

ABACK, *ad*. [from *back*.] Backwards. Obsolete.

But when they came where then they still did
Row.

They drew *aback*, or half with *back* confined. *Spenser's F. & H.*

ABDUCTOR, *a. f.* [Latin.] One who drives away or steals cattle in herds, or great numbers at once, in distinction from those that steal only a sheep or two. *Skinner.*

ABACUS, *a. f.* [Latin.]

1. A counting-table, anciently used in calculations.

2. [in architecture.] The uppermost member of a column, which serves as a sort of crowning both to the capital and column. *Dill.*

ABACK, *ad*. [of *abap*, Sax. behind.] From the fore-part of the ship, towards the stern. *Dill.*

ABANDANCE, *a. f.* [from the French *abandon*, to deposit, to bring down.] An act of reverence, a bow. *Johnson* is considered by *Skinner* as a corruption of *abapance*, but is now universally used.
