**The Standard Form of Building Contract** John Parris,1982      **A Contractor's Guide to the JCT Standard Form of Building Contract (JCT 80)** Vincent Powell-Smith,1988      *The JCT 05 Standard Building Contract* Issaka E.

Ndekugri,Michael E. Rycroft,2009 This title helps clarify complex areas of the JCT 05 standard building contract making it an essential reference for professionals seeking to update their knowledge The book works through the contract issues thoroughly yet clearly using case law examples to demonstrate the latest amendments in regards to the Construction Act

**The JCT 05 Standard Building Contract** Issaka Ndekugri,Michael Rycroft,2012-05-23 The Joint Contracts Tribunal s JCT Standard Form of Building Contract one of the most common standard contracts used in the UK to procure building work is updated regularly to take account of changes in legislation and industry practice and relevant court decisions from litigation The JCT 05 Standard Building Contract Law and Administration is a second edition to the authors earlier award winning The JCT98 Building Contract Law and Administration and clarifies complex issues surrounding obligations and rights under the contract This makes it an essential reference for construction professionals employers contractors and lawyers new to construction seeking to update and consolidate their knowledge The book also provides the knowledge and understanding of the contract which are a fundamental part of the education of most students who go on to become managers and leaders in the construction industry It thoroughly works through the provisions of the contract in simple language using case law examples and relevant statute to demonstrate approaches to its interpretation      *Parris's Standard Form of Building Contract* David Chappell,2008-04-15 The Joint Contracts Tribunal Standard Form of Building Contract JCT 98 is now a well established and widely used form That is not to say however that it is always well understood It is a large complex contract with a number of particularly difficult provisions It is not surprising therefore that not much guidance has been published on the form This book first written by John Parris in 1982 and revised in 1985 was widely regarded as a valuable commentary on the Standard Form Unavailable for some years it has now been substantially updated and completely rewritten by David Chappell Major changes have occurred since the last edition including a raft of amendments to the contract itself much new legislation including the Housing Grants Construction and Regeneration Act 1996 and substantial new case law The book covers all these as well as the complex performance specified work provisions and the difficult problems of nomination The nominated sub contract conditions are referred to where appropriate and the book contains guidance on related matters such as warranties letters of intent and quantum meruit The book is not simply a re writing of the contract in simply terms It contains very valuable insights and much needed guidance on some of the lesser known implications of the current form The book will provide a valuable reference for clients professional advisers and contractors as well as for lawyers needing an introduction to the contract      **Understanding JCT Standard Building Contracts** David Chappell,1998 Understanding JCT Standard Building Contracts is a compact and accessible guide to the

three major forms of contract in the JCT series The Standard Form of Building Contract with Quantities 1980 JCT 1980 The Intermediate Form of Building Contract 1984 IFC 84 and The Agreement for Minor Building Works 1980 MW 80 This the fifth edition has been thoroughly revised incorporating the latest amendments to the Standard Form of Building Contract which also affect the two other contracts The author avoids legal jargon and has arranged the guide by topic to provide a practical reference tool for architects quantity surveyors and contractors and for students of those professions **JCT98 Building Contract: Law and Administration** Issaka Ndekugri, Michael Rycroft, 2014-02-04 The Joint Contracts Tribunal's Standard Form of Building Contract is the most common contract used in the UK to procure building work Understanding it is a core part of any construction student's degree and a vital part of the working life of professionals in the construction industry The JCT98 Building Contract works through the contract systematically explaining it in easy to follow language covering all contract issues thoroughly and illustrating with case law examples the current situation and latest amendments It is ideal reading for both the student of construction and the professional seeking to update their knowledge

**Construction Contracts** Will Hughes, Ronan Champion, John Murdoch, 2015-04-20 The fifth edition of this bestselling textbook has been thoroughly revised to provide the most up to date and comprehensive coverage of the legislation administration and management of construction contracts It now includes comparisons of working with JCT NEC3 and FIDIC contracts throughout Introducing this topic at the core of construction law and management this book provides students with a one stop reference on construction contracts Significant new material covers procurement tendering developments in dispute settlement commentary on all key legislation case law and contract amendments In line with new thinking in construction management research this authoritative guide is essential reading for every construction undergraduate and an extremely useful source of reference for practitioners Construction Contracts John Murdoch, Will Hughes, 2002-01-04 Although the legal principles involved in construction contracts and their management and administration are an aspect of general contract law the practical and commercial complexities of the construction industry have increasingly made this a specialist field Recognizing this Construction Contracts is a fully revised edition of the UK's leading textbook on the law governing this area Brought up to date with recent cases and developments in the law as it stands at July 2000 this new edition takes full account of the effects of the Housing Grants Construction and Regeneration Act 1996 the Arbitration Act 1996 the Contracts Rights of Third Parties Act 1999 and the changes in the legal system brought about by the Woolf reforms includes extended coverage of financial protection construction insurance and tendering controls as well as the Construction Design and Management Regulations has been revised to take account of changes to the common standard form contracts particularly the New Engineering Contract and the GC Works family of contracts Retaining the same basic approach as its successful predecessors this important text introduces the general principles that underlie contracts in construction illustrating them by reference to the most important standard forms currently in use *Construction Law* Julian

Bailey,2016-10-04 Now in its second edition Construction Law is the standard work of reference for busy construction law practitioners and it will support lawyers in their contentious and non contentious practices worldwide Published in three volumes it is the most comprehensive text on this subject and provides a unique and invaluable comparative multi jurisdictional approach This book has been described by Lord Justice Jackson as a tour de force and by His Honour Humphrey Lloyd QC as seminal and definitive This new edition builds on that strong foundation and has been fully updated to include extensive references to very latest case law as well as changes to statutes and regulations The laws of Hong Kong and Singapore are also now covered in detail in addition to those of England and Australia Practitioners as well as interested academics and post graduate students will all find this book to be an invaluable guide to the many facets of construction law

Building Contract Claims David Chappell,2011-07-22 Many building projects are the subject of claims the assertion of a right usually by the contractor to an extension of the contract period or an additional payment under the terms of the building contract Many of these claims are unsound or ill founded often because the basic principles are misunderstood This highly regarded book examines the legal basis of claims for extensions of time and additional payment and what can and cannot be claimed under the main forms of contract It includes chapters dealing with direct loss and expense liquidated damages extension of time concurrency problems acceleration time at large common law and contractual claims global claims and heads of claim and their substantiation With the publication of the fifth edition Building Contract Claims has been thoroughly revised to ensure it is fully up to date with the latest contracts court judgments and building practice Changes include Coverage of over 60 additional relevant court cases Coverage of the 2005 JCT contracts suite Coverage of changes to the NEC contract Coverage of additional contracts such as Constructing Excellence Measured Term Contract and the ACA PPC2000 contract together with the 2005 relevant JCT sub contracts Important changes to liquidated damages and to extensions of time and the giving of notices Appendix 1 has been substantially revised Like its predecessors the fifth edition of Building Contract Claims will be essential reading for architects contract administrators project managers and quantity surveyors as well as contractors contracts consultants and construction lawyers

**Building Contract Dictionary** David Chappell,Vincent Powell-Smith,Derek Marshall,Simon Cavender,2008-05-12 Building Contract Dictionary provides a succinct but authoritative reference to words phrases and terms encountered in and in connection with building contracts For the new edition all entries have been reconsidered and updated in light of case law and legislation and the book has been substantially enlarged since the last edition ten years ago There are now over 800 separate entries A wide range of contracts has been referenced including JCT 98 IFC 98 MW 98 WCD 98 PCC 98 MC 98 ACA 3 GC Works 1 1998 NEC NSC C DOM 1 DOM 2 as well as topics such as adjudication arbitration and the Civil Procedure Rules It will provide an invaluable reference for architects quantity surveyors project managers and contractors It will also find a ready readership among all construction lawyers This is an indispensable book which provides a succinct but authoritative reference to words phrases and terms

encountered in the construction industry many of the entries give a substantial commentary on a variety of matters you always wanted to know about but never got round to finding out

**The Architects' Journal**, 1995

**Construction Contracts** David Chappell, 2015-03-24 Construction professionals of all kinds frequently need legal advice that is straightforward as well as authoritative and legally rigorous Building on the success of two previous editions David Chappell returns to provide answers to 225 FAQs from his experience as Specialist Advisor to the RIBA With 50 new questions and thorough updates to address changes to the law and contracts this is an invaluable first port of call for any construction law problem Questions range in content from extensions of time liquidated damages and loss and or expense to issues of practical completion defects valuation certificates and payment architects instructions adjudication and fees Among the new questions are Is the contractor bound by its price even if there is an error How do terms about working in a spirit of trust affect other clauses Can architects lose their rights to certify under JCT 2011 contracts Every question included has been asked of David Chappell during his career and he uses his vast experience to provide clear easy to follow advice in this book Most were originally asked by architects but the answers will be of wide interest to everyone involved in construction

**Contract Documentation for Contractors** Vincent Powell-Smith, John H. M. Sims, Christopher Dancaster, 2008-04-30 The JCT standard forms of building contract require a thorough understanding of their procedural requirements as well as their legal implications They require both the contractor and the architect on behalf of the employer to send a wide range of notices and letters if each party is to protect its legitimate interests The main contract forms are also supported by complex sub contract documentation Therefore it is not surprising that when this book of specimen letters

notices and forms was first published it was widely welcomed by the construction industry The book provides examples of documentation likely to be required for a contract under the following JCT forms the Standard Form of Building Contract the Intermediate Form of Building Contract the Agreement for Minor Building Works the Standard Form of Building Contract With Contractor s Design It includes a commentary on the practical implications of the various documents and highlights the points to be watched The new edition takes into account the wide range of amendments to the latest editions of the standard forms following the Housing Grants Construction and Regeneration Act 1996 and in particular the new payment and adjudication provisions For the first time it features documentation for use with the JCT design and build form
