**A Celebration of English Wine** Liz Sagues, 2018-03-26  
English wine has greatly changed in recent years. Royalty and heads of government drink it and pour it for foreign dignitaries, and it is sold to some thirty wine-drinking nations and even beats champagne in blind tasting challenges. Its main grape varieties are major international names, and its makers are skilled professionals. From a largely amateur instigated cottage industry, it has become an increasingly serious quality-led commercial proposition, one that regularly makes news at home and abroad. This book explains why and how that has come about, telling the story of winemaking in England from the Romans to the present era. Most of all, it celebrates the wine itself and the people who make it. Its pages take readers on a virtual tour of many of the UK's most significant vineyards, long established or comparatively new in the southern heartland of vine growing, on the western and northern fringes, or at points in between. The reader will meet men and women whose expertise, character, and belief have created wines of which all Britons can be truly proud. Foreword by Oz Clarke
