The Hand Of God Whaling In The Azores:

The Hand of God Trevor Raymond Laurence Housby, 1971 **Encyclopedia of Marine Mammals** William F. Perrin, Bernd Würsig, J.G.M. Thewissen, 2009-02-26 This thorough revision of the classic Encyclopedia of Marine Mammals brings this authoritative book right up to date Articles describe every species in detail based on the very latest taxonomy and a host of biological ecological and sociological aspects relating to marine mammals The latest information on the biology ecology anatomy behavior and interactions with man is provided by a cast of expert authors all presented in such detail and clarity to support both marine mammal specialists and the serious naturalist Fully referenced throughout and with a fresh selection of the best color photographs available the long awaited second edition remains at the forefront as the go to reference on marine mammals More than 20% NEW MATERIAL includes articles on Climate Change Pacific White sided Dolphins Sociobiology Habitat Use Feeding Morphology and more Over 260 articles on the individual species with topics ranging from anatomy and behavior to conservation exploitation and the impact of global climate change on marine mammals New color illustrations show every species and document topical articles FROM THE FIRST EDITION This book is so good a bargain full of riches packed with fascinating up to date information I recommend it unreservedly it to individuals students and researchers as well as libraries Richard M Laws MARINE MAMMALS SCIENCE establishes a solid and satisfying foundation for current study and future exploration Ronald J Shusterman SCIENCE *On the Edge of History* Joseph C. Abdo, 2005 During the 19th century the United States and Europe were on the brink of a transition that would lead to the modern world In the middle of the Atlantic the Dabney family from Boston had settled on the small island of Faial in the Azores and quickly became involved in the political literary intellectual and religious changes taking place at that time on both sides of the Atlantic This book provides a rare glimpse of life from the point of view of some well known historical figures as well as some anonymous insiders creating a picture of individuals and events in the 19th century from a fresh perspective In some instances it fills in unsuspected gaps or provides different interpretations of what occurred in the story of the 19th century This American family at the crossroads of the Atlantic had an importance that was hidden behind the mists of the Atlantic MotorBoating , 1971-12 The Great Sperm Whale Richard Ellis, 2011-04-06 Over the past several decades Richard Ellis has produced a remarkable body of work that has been called magnificent Washington Post Book World masterful Scientific American magical Men s Journal and a dazzling tour de force Christian Science Monitor Ellis s new book a fascinating tour through the world of the sperm whale will surely inspire more such praise for the author heralded by Publisher Weekly as America s foremost writer on marine research Written with Ellis s deep knowledge and trademark passion verve and wit and illustrated with a wide array of images including his own signature artwork his study covers the full spectrum of the sperm whale s existence from its prehistoric past to its current endangered existence Ellis as no one else can illuminates the iconic impact of *Physeter macrocephalus* big headed blower on our history environment and

culture with a substantial nod to Herman Melville and Moby Dick the great novel that put the sperm whale and whaling on the literary map Ranging far and wide Ellis covers the sperm whale s evolution ecology biology anatomy behavior social organization intelligence communications migrations diet and breeding He also devotes considerable space to the whale s hunting prowess including its clashes with the giant squid and to the history of the whaling industry that decimated its numbers during the last two centuries He even includes a story about a beached juvenile he helped rescue an event that provided scientists with one of their first opportunities to observe a sperm whale in the water and up close Offering a rich tapestry for anyone with an interest in the marvels of ocean life Ellis s book provides an indispensable guide to the life and times of one of the planet s most intelligent elusive and endangered species **The Grey Undercurrent** Felix

Schürmann,2023-04-03 By extending their voyages to all oceans from the 1760s onward whaling vessels from North America and Europe spanned a novel net of hunting grounds maritime routes supply posts and transport chains across the globe For obtaining provisions cutting firewood recruiting additional men and transshipping whale products these highly mobile hunters regularly frequented coastal places and islands along their routes which were largely determined by the migratory movements of their prey American style pelagic whaling thus constituted a significant though often overlooked factor in connecting people and places between distant world regions during the long nineteenth century Focusing on Africa this book investigates side effects resulting from stopovers by whalers for littoral societies on the economic social political and cultural level For this purpose it draws on eight local case studies four from Africa s west coast and four from its east coast In the overall picture the book shows a broad range of effects and side effects of different forms and strengths which it figures as a grey undercurrent of global history **Azores** Miguel Moniz,1999 This bibliography is a collection of primarily English language sources including abstracts for approximately 800 books journal articles and theses covering a wide variety of topics about the nine islands of the Azores Moniz an anthropologist who has taught at Brown University introduces

researchers to the islands history politics literature culture natural features and far flung migration patterns The entries are organized topically into sections such as oceanography and meteorology travelers accounts whaling religion cuisine and education Annotation copyrighted by Book News Inc Portland OR **The Complete Book of Sea Kayaking** Derek C. Hutchinson,2018-06-01 The most comprehensive guide for sea kayakers of all levels First published in 1976 The Complete Book of Sea Kayaking is a comprehensive guide for the beginner and an invaluable reference book for the experienced sea kayaker Originally penned by the late Derek C Hutchinson an international authority on sea kayaking it describes equipment basic and advanced techniques weather and navigation and is illustrated throughout by the author s own drawings and color photographs This new 40th anniversary edition has been completely updated in line with the latest sea kayaking
